Clinic Dental Process Module

These visits are initiated via referral or follow-up by the dentist. The patient will be seen by the dentist to be evaluated. The visit will be documented on the Dental Record CR-1889. If a procedure is warranted (i.e. extraction or filling) they will be placed on the waiting list for it to be done at the site or a consult will be completed to have it done off site. If the work is done at the site, the inmate will return at a later date to have it completed. The following may be needed for any dental visit.

- **Required forms for all visits**
  - **Dental Record CR-1889**
- **Potential Forms for some visits**
  - **Physician Order**
  - **Consult Request form**
  - **DME Form CR-3428**
  - **Withdraw Form CR-2727**
- **A way for X-ray to be uploaded or attached if indicated**

Dental patients with urgent/emergent needs to be seen within 48 hours or referral (i.e. bleeding, signs and symptoms of infection…)

Dental patients with routine needs shall be seen within 6 weeks of referral.
