Mr. Jason Locke

Enhanced communication with American Sex Offender Registries

The Canadian National Sex Offender Registry was created following the enactment of Federal legislation in 2004 *(The Sex Offender Information Registration Act or SOIRA)*. As the name implies, this is a national program and all convicted sex offenders across the country, must adhere to the same regulations and obligations.

Under *SOIRA*, those persons convicted of sexual crimes in the United States of America could travel to Canada, free of any obligations to register. Recent legislated amendments now place an obligation on those offenders convicted of sexual crimes equivalent to those listed in the Canadian Criminal Code, to report their information to authorities within seven days of arrival in Canada. The Canadian NSOR can now seek to have American and other foreign sex offenders registered if they enter the country.

This is to therefore kindly request that American Sex Offender Registries notify their Canadian counterparts when aware that one of their Registrants is moving or traveling to Canada. If the destination Province or Territory is known, please notify the appropriate NSOR centre as per the attached document.

Your cooperation will greatly enhance our ability to monitor sex offenders coming into Canada.

Yours truly,

Sgt. Constance Bruer
Acting Officer in Charge
NSOR - HQ
