INFORMATION

Wheelchair-bound Hunters Waterfowl Blind

Old Hickory WMA and Cheatham Lake WMA each have one blind reserved for wheelchair-bound hunters. **Wheelchair-bound hunters are defined as persons who are totally and permanently confined to a wheelchair as certified by a physician. A physician's letter of verification must accompany the application.** Persons interested in reserving one of those blinds for a portion of the upcoming duck season must obtain a "Use Permit" from the Agency by submitting the attached application as instructed below. A hand-held drawing will be conducted on October 25, 2024 to determine successful applicants. Persons who have been issued a permit for a waterfowl blind on any management area are not eligible to participate. Hunters selected will have full authority to occupy and hunt from the blind during the days of the hunt period assigned. Hunters selected must be accompanied by a minimum of one hunting assistant (age 16 or older), but no more than three hunting assistants. Hunters must have appropriate statewide licenses and WMA permit and must abide by all the rules and regulations that apply to hunting on the WMA.

These blinds were constructed by the Tennessee Wildlife Resources Agency to provide wheelchair-bound hunters ease in accessibility and hunting. TWRA will not provide boats for retrieving waterfowl.

HOW TO APPLY

1. Only one (1) application may be submitted per person. No fee is required to apply.
2. Submit attached "Application" with information requested to the Nashville Region II Office either by mail or hand delivered no later than noon C.D.T. October 25, 2024.
3. On the application, select the hunting period by priority. Example: If your first hunting period preference is Nov. 30 - Dec. 1, mark a #1 in the space adjacent to that period. Mark a #2 in the space adjacent to your second preference, etc. Applicants may select all nine hunting periods, marking the priority hunts from #1 to #9. Nine should be your lowest priority.
