DECLARATION FOR MENTAL HEALTH TREATMENT

The DMHT in Tennessee

What Is a DMHT?

For those of us with mental illness, our commitment to recovery includes making a plan for keeping well. Many of us use the Wellness Recovery Action Plan (WRAP®) by Mary Ellen Copeland to list what we need to stay well, to identify our triggers, and to create a crisis plan. But there are times when, despite our commitment to recovery, we get worse. Perhaps something big happens in our lives and it's just more than we can cope with. Sometimes our symptoms get the better of us.

Tennessee has created a legal document that can help. It's called a Declaration for Mental Health Treatment (DMHT). And when we find ourselves in a crisis, it can give us peace of mind. The DMHT is a legal document where we can write down our wishes in case of a mental health crisis. We can write down mental health treatments and medications that are okay with us and any that are not okay with us. We can write down what it looks like when we are in a mental health crisis and need help. Some people like to write down which hospitals they prefer and which mental health agencies they prefer, too.

Here's how to fill out your DMHT:

- 1. Read the entire DMHT form first.
- **2.** Some sections of the DMHT form ask you to choose at least one option. In those sections, you will have to pick one of the options.
- 3. When you write down your wishes on the form, be as specific as you can.
- **4.** There is a place at the bottom of each page where you need to put your initials and the date.
- **5.** When you are ready to sign, get two adults to be your witnesses.
- **6.** Pick two people who already know you. You cannot pick anyone who works for a mental health facility. That's against the rules for the DMHT because the people who wrote the DMHT rules want to make sure you aren't pressured to write down anything you don't want to.
- 7. Before you sign in front of the witnesses that you picked, tell them about what you wrote in your DMHT.
- **8.** Be sure to talk with the friends and family members of your choice about what you wrote in your DMHT so they can be there for you in the way you want.

Important Legal Information

The Tennessee Department of Mental Health and Substance Abuse Services developed this form based on Tennessee Code Annotated, Title 33, Chapter 6, Part 10.

Tennessee Code Annotated, Title 33, Chapter 6, Part 10, gives the right to individuals, 16 years of age and older, to be involved in decisions about their mental health treatment. The law also recognizes that, at times, some individuals are unable to make treatment decisions. A "Declaration for Mental Health Treatment" allows people receiving services to plan ahead; it may also assist service providers in giving appropriate treatment.

This "Declaration for Mental Health Treatment" form describes what a service participant wants to occur when receiving mental health treatment. It describes mental health services that a service participant might consider, the conditions under which a declaration may be acted upon, and directions on how a service participant can revoke/cancel a declaration.

For example, completion of a "Declaration for Mental Health Treatment" form allows a service participant to state:

- Conditions or symptoms that might cause the declaration to be acted upon;
- Medications you are willing to take and medications you are not willing to take;
- Specific instructions for or against electroconvulsive or other convulsive treatment;
- Mental health facilities and mental health providers which you prefer;
- Treatments or actions which you will allow or those which you refuse to permit; and
- Any other matter pertaining to your mental health treatment which you wish to make known.

You must sign the form in front of two (2) competent adult witnesses (18 years or older) who know you. You must discuss the contents of this form with the witnesses prior to them signing it. It is important to note that restrictions exist on who may witness the declaration. The following parties may <u>not</u> act as witnesses:

- o The service participant's mental health service provider;
- o An employee of the service participant's mental health service provider;
- o The operator of a mental health facility; or
- o An employee of a mental health facility.

This declaration may include consent to, or refusal to, permit mental health treatment and other instructions and information for mental health service providers.

My Affirmation

I am sixteen (16) years of age or older. I am capable of making informed mental health treatment decisions. I make this "Declaration for Mental Health Treatment" to be followed if I become unable to make informed mental health treatment decisions. The determination that I am unable to make an informed decision about my mental health treatment must be made by (1) a court in a conservatorship or guardianship preceding, or (2) two examining physicians, or (3) a physician with expertise in psychiatry and a doctoral level psychologist with health service provider designation.

I know that I may cancel this DMHT, in whole or in part, at any time, by word or in writing, when I am able to make informed treatment decisions.
