Any records containing the source of body parts for transplantation or any information concerning persons donating body parts for transplantation shall be treated as confidential and shall not be open for inspection by members of the public.

(2)(A) All investigative records of the Tennessee bureau of investigation, the office of inspector general, all criminal investigative files of the department of agriculture and the department of environment and conservation, all criminal investigative files of the motor vehicle enforcement division of the department of safety relating to stolen vehicles or parts, and all files of the handgun carry permit and driver license issuance divisions of the department of safety relating to bogus handgun carry permits and bogus driver licenses issued to undercover law enforcement agents shall be treated as confidential and shall not be open to inspection by members of the public. The information contained in such records shall be disclosed to the public only in compliance with a subpoena or an order of a court of record; provided, however, that such investigative records of the Tennessee bureau of investigation shall be open to inspection by elected members of the general assembly if such inspection is directed by a duly adopted resolution of either house or of a standing or joint committee of either house. Records shall not be available to any member of the executive branch except to the governor and to those directly involved in the investigation in the specified agencies.

(B) The records of the departments of agriculture and environment and conservation referenced in subdivision (a)(2)(A) shall cease to be confidential when the investigation is closed by the department or when the court in which a criminal prosecution is brought has entered an order concluding all proceedings and the opportunity for direct appeal has been exhausted; provided, however, that any identifying information about a confidential informant or undercover law enforcement agent shall remain confidential.

(C) The Tennessee bureau of investigation, upon written request by an authorized person of a state governmental agency, is authorized to furnish and disclose to the requesting agency the criminal history, records and data from its files, and the files of the federal government and other states to which it may have access, for the limited purpose of determining whether a license or permit should be issued to any person, corporation, partnership or other entity, to engage in an authorized activity affecting the rights, property or interests of the public or segments thereof.

(3) The records, documents and papers in the possession of the military department which involve the security of the United States and/or the state of Tennessee, including, but not restricted to, national guard personnel records, staff studies and investigations, shall be treated as confidential and shall not be open for inspection by members of the public.

(C) Notwithstanding the provisions of subdivision (a)(4)(A) to the contrary, unless otherwise prohibited by FERPA, an institution of post-secondary education shall disclose the final results of any disciplinary proceeding conducted by such institution against a student who is an alleged perpetrator of any crime of violence, as that term is defined in [18 U.S.C. § 16](#), or a nonforcible sex offense, if the institution determines as a result of that disciplinary proceeding that the student committed a violation of the institution's rules or policies with respect to such crime or offense.

(D) For the purpose of this section, the final results of any disciplinary proceeding:

(i) Shall include only the name of the student, the violation committed, and any sanction imposed by the institution on that student;

(ii) May include the name of any other student, such as a victim or witness, only with the written consent of that other student; and

(iii) Shall only apply to disciplinary hearings in which the final results were reached on or after October 7, 1998.

(E) Notwithstanding the provisions of subdivision (a)(4)(A) to the contrary, unless otherwise prohibited by FERPA, an educational institution shall disclose information provided to the institution under former § 40-39-106, concerning registered sex offenders who are required to register under former § 40-39-103.

(F) Notwithstanding the provisions of subdivision (a)(4)(A) to the contrary, unless otherwise prohibited by FERPA, an institution of higher education shall disclose to a parent or legal guardian of a student information regarding any violation of any federal, state, or local law, or of any rule or policy of the institution, governing the use or possession of alcohol, a

controlled substance or a controlled substance analogue, regardless of whether that information is contained in the student's education records, if:

(i) The student is under twenty-one (21) years of age;

(ii) The institution determines that the student has committed a disciplinary violation with respect to such use or possession; and

(iii) The final determination that the student committed such a disciplinary violation was reached on or after October 7, 1998.

(G) Notwithstanding subdivision (a)(4)(A), § 37-5-107 or § 37-1-612, the institution shall release records to the parent or guardian of a victim or alleged victim of child abuse or child sexual abuse pursuant to § 37-1-403(i)(3) or § 37-1-605(d)(2). (B) Books, records and other materials made confidential by this subsection (a) which are in the possession of the office of the attorney general and reporter shall be open to inspection by the elected members of the general assembly, if such

inspection is directed by a duly adopted resolution of either house or of a standing or joint committee of either house and is required for the conduct of legislative business.

However, an employee of the department of correction or of the department of children's services shall be allowed to inspect such investigative records and reports if the records or reports form the basis of an adverse action against the employee. An employee of the department of correction shall also be allowed to inspect such investigative records of the internal affairs division of the department of correction, or relevant portion thereof, prior to a due process hearing at which disciplinary action is considered or issued unless the commissioner of correction specifically denies in writing the employee's request to examine such records prior to the hearing. The release of reports and records shall be in accordance with the Tennessee Rules of Civil Procedure. The court or administrative judge having jurisdiction over the proceedings shall issue appropriate protective orders, when necessary, to ensure that the information is disclosed only to appropriate persons. (E) Nothing in this section shall be construed as limiting the ability of a patient or client, or such person's survivor, to discover under the Rules of Civil Procedure or to admit in evidence under the Rules of Evidence any memoranda, work notes or products, case files and communications which are privileged by this section and which are relevant to a health care liability action or any other action by a patient against a mental health professional arising out of the professional relationship. (14) All riot, escape and emergency transport plans which are incorporated in a policy and procedures manual of county jails and workhouses or prisons operated by the department of correction or under private contract shall be treated as confidential and shall not be open for inspection by members of the public.

(15)(A) As used in this subdivision (a)(15), unless the context otherwise requires:

(i) "Identifying information" means the home and work addresses and telephone numbers, social security number, and any other information that could reasonably be used to locate the whereabouts of an individual;

(iii) "Utility service provider" means any entity, whether public or private, that provides electricity, natural gas, water, or telephone service to customers on a subscription basis, whether or not regulated by the Tennessee regulatory authority.

(B) If the procedure set out in this subdivision (a)(15) is followed, identifying information compiled and maintained by a utility service provider concerning a person who has obtained a valid protection document shall be treated as confidential and not open for inspection by the public.

(C) For subdivision (a)(15)(B) to be applicable, a copy of the protection document must be presented during regular business hours by the person to whom it was granted to the records custodian of the utility service provider whose records such person seeks to make confidential, and such person must request that all identifying information about such person be maintained as confidential.

(D) The protection document must at the time of presentation be in full force and effect. The records custodian may assume that a protection document is in full force and effect if it is on the proper form and if on its face it has not expired.

(E) Upon being presented with a valid protection document, the records custodian shall accept receipt of it and maintain it in a separate file containing in alphabetical order all protection documents presented to such records custodian pursuant to this subdivision (a)(15). Nothing in this subdivision (a)(15) shall be construed as prohibiting a records custodian from maintaining an electronic file of such protection documents provided the records custodian retains the original document presented.

(F) Identifying information concerning a person that is maintained as confidential pursuant to this subdivision (a)(15) shall remain confidential until the person who requested such confidentiality notifies in person the records custodian of the appropriate utility service provider that there is no longer a need for such information to remain confidential. A records custodian receiving such notification shall remove the protection document concerning such person from the file maintained pursuant to subdivision (a)(15)(E), and the identifying information about such person shall be treated in the same manner as the identifying information concerning any other customer of the utility. Before removing the protection document and releasing any identifying information, the records custodian of the utility service provider shall require that the person requesting release of the identifying information maintained as confidential produce sufficient identification to satisfy such custodian that that person is the same person as the person to whom the document was originally granted.

(G) After July 1, 1999, if information is requested from a utility service provider about a person other than the requestor and such request is for information that is in whole or in part identifying information, the records custodian of the utility service provider shall check the separate file containing all protection documents that have been presented to such utility. If the person about whom information is being requested has presented a valid protection document to the records custodian in accordance with the procedure set out in this subdivision (a)(15), and has requested that identifying information about such person be maintained as confidential, the records custodian shall redact or refuse to disclose to the requestor any identifying information about such person.

(H) Nothing in this subdivision (a)(15) shall prevent the district attorney general and counsel for the defendant from providing to each other in a pending criminal case, where the constitutional rights of the defendant require it, information which otherwise would be held confidential under this subdivision (a)(15).

(16)(A) As used in this subdivision (a)(16), unless the context otherwise requires:

(i) “Governmental entity” means the state of Tennessee and any county, municipality, city or other political subdivision of the state of Tennessee;

(f) A court order protecting the confidentiality of certain information issued upon the request of a district attorney general to a victim or witness in a criminal case, whether pending or completed; and

(g) An affidavit from the director of a rape crisis center or domestic violence shelter certifying that an individual is a victim in need of protection; provided, that such affidavit is on a standardized form to be developed and distributed to such centers and shelters by the Tennessee task force against domestic violence.

(B) If the procedure set out in this subdivision (a)(16) is followed, identifying information compiled and maintained by a governmental entity concerning a person who has obtained a valid protection document may be treated as confidential and may not be open for inspection by the public.

(C) For subdivision (a)(16)(B) to be applicable, a copy of the protection document must be presented during regular business hours by the person to whom it was granted to the records custodian of the governmental entity whose records such person

seeks to make confidential, and such person must request that all identifying information about such person be maintained as confidential.

(D) The protection document presented must at the time of presentation be in full force and effect. The records custodian may assume that a protection document is in full force and effect if it is on the proper form and if on its face it has not expired.

(E) Upon being presented with a valid protection document, the record custodian may accept receipt of it. If the records custodian does not accept receipt of such document, the records custodian shall explain to the person presenting the document why receipt cannot be accepted and that the identifying information concerning such person will not be maintained as confidential. If the records custodian does accept receipt of the protection document, such records custodian shall maintain it in a separate file containing in alphabetical order all protection documents presented to such custodian pursuant to this subdivision (a)(16). Nothing in this subdivision (a)(16) shall be construed as prohibiting a records custodian from maintaining an electronic file of such protection documents; provided, that the custodian retains the original document presented.

(F) Identifying information concerning a person that is maintained as confidential pursuant to this subdivision (a)(16) shall remain confidential until the person requesting such confidentiality notifies in person the appropriate records custodian of the governmental entity that there is no longer a need for such information to remain confidential. A records custodian receiving such notification shall remove the protection document concerning such person from the file maintained pursuant to subdivision (a)(16)(E), and the identifying information about such person shall be treated in the same manner as identifying information maintained by the governmental entity about other persons. Before removing the protection document and releasing any identifying information, the records custodian of the governmental entity shall require that the person requesting release of the identifying information maintained as confidential produce sufficient identification to satisfy such records custodian that that person is the same person as the person to whom the document was originally granted.

(G)(i) After July 1, 1999, if:

(a) Information is requested from a governmental entity about a person other than the person making the request;

(b) Such request is for information that is in whole or in part identifying information; and

(c) The records custodian of the governmental entity to whom the request was made accepts receipt of protection documents and maintains identifying information as confidential;

(ii) then such records custodian shall check the separate file containing all protection documents that have been presented to such entity. If the person about whom information is being requested has presented a valid protection document to the records custodian in accordance with the procedure set out in this subdivision (a)(16), and has requested that identifying information about such person be maintained as confidential, the records custodian shall redact or refuse to disclose to the requestor any identifying information about such person.

(H) Nothing in this subdivision (a)(16) shall prevent the district attorney general and counsel for the defendant from providing to each other in a pending criminal case, where the constitutional rights of the defendant require it, information which otherwise may be held confidential under this subdivision (a)(16).

(I) In an order of protection case, any document required for filing, other than the forms promulgated by the supreme court pursuant to § 36-3-604(b), shall be treated as confidential and kept under seal except that the clerk may transmit any such document to the Tennessee bureau of investigation, 911 service or emergency response agency or other law enforcement agency.

(17) The telephone number, address and any other information which could be used to locate the whereabouts of a domestic violence shelter, family safety center or rape crisis center may be treated as confidential by a governmental entity, and shall be treated as confidential by a utility service provider as defined in subdivision (a)(15) upon the director of the shelter, family safety center or crisis center giving written notice to the records custodian of the appropriate entity or utility that such shelter, family safety center or crisis center desires that such identifying information be maintained as confidential. The records of family safety centers shall be treated as confidential in the same manner as the records of domestic violence shelters pursuant to § 36-3-623.

(18) Computer programs, software, software manuals, and other types of information manufactured or marketed by persons or entities under legal right and sold, licensed, or donated to Tennessee state boards, agencies, political subdivisions, or higher education institutions shall not be open to public inspection; provided, that computer programs, software, software manuals, and other types of information produced by state or higher education employees at state expense shall be available for inspection as part of an audit or legislative review process.

(19) The credit card numbers of persons doing business with the state or political subdivision thereof and any related personal identification numbers (PIN) or authorization codes are confidential and shall not be open for inspection by members of the public, whether this information is received by the state or political subdivision thereof through electronic means or paper transactions.

(C) Information made confidential by this subsection (a) shall be redacted wherever possible and nothing in this subsection (a) shall be used to limit or deny access to otherwise public information because a file, document, or data file contains confidential information. For purposes of this section only, it shall be presumed that redaction of such information is possible. The entity requesting the records shall pay all reasonable costs associated with redaction of materials.

(D) Nothing in this subsection (a) shall be construed to limit access to these records by law enforcement agencies, courts, or other governmental agencies performing official functions.

(E) Nothing in this subsection (a) shall be construed to limit access to information made confidential under this subsection (a), when the consumer expressly authorizes the release of such information.

(21)(A) The following records shall be treated as confidential and shall not be open for public inspection:

(22) The following records shall be treated as confidential and shall not be open for public inspection:

(b) Any record designated “confidential” shall be so treated by agencies in the maintenance, storage and disposition of such confidential records. These records shall be destroyed in such a manner that they cannot be read, interpreted or reconstructed. The destruction shall be in accordance with an approved records disposition authorization from the public records commission.

(c) Notwithstanding any law to the contrary, any confidential public record in existence more than seventy (70) years shall be open for public inspection by any person unless disclosure of the record is specifically prohibited or restricted by federal law or unless the record is a record of services for a person for mental illness or intellectual and developmental disabilities. This section does not apply to a record concerning an adoption or a record maintained by the office of vital records or by the Tennessee bureau of investigation. In all other circumstances, the officer shall be notified prior to disclosure of the personal information and shall be given a reasonable opportunity to be heard and oppose the release of the information. (h)(1) Notwithstanding any other law to the contrary, those parts of the record identifying an individual or entity as a person or entity who or that has been or may in the future be directly involved in the process of executing a sentence of death shall be treated as confidential and shall not be open to public inspection. Such payments shall be made in accordance with a memorandum of understanding between the commissioner of correction and the commissioner of finance and administration in a manner that will protect the public identity of the recipients; provided, that, if a contractor is employed to participate in or prepare for the execution of a sentence of death, the amount of the special payment made to such contractor pursuant to the contract shall be reported by the commissioner of correction to the comptroller of the treasury and such amount shall be a public record.

(2) Information made confidential by this subsection (h) shall be redacted wherever possible and nothing in this subsection (h) shall be used to limit or deny access to otherwise public information because a file, a document, or data file contains confidential information.

(C) Information that could be used to disrupt, interfere with, or gain unauthorized access to electronic information or government property.

(2) Information made confidential by this subsection (i) shall be redacted wherever possible and nothing in this subsection (i) shall be used to limit or deny access to otherwise public information because a file, document, or data file contains confidential information.

(3) Documents concerning the cost of protecting government property or electronic information, and the identity of vendors providing goods and services used to protect government property or electronic information shall not be confidential.

(j)(1) Notwithstanding any other law to the contrary, identifying information compiled and maintained by the department of correction and the board of parole concerning any person shall be confidential when the person has been notified or requested that notification be provided to the person regarding the status of criminal proceedings or of a convicted felon incarcerated in a department of correction institution, county jail or workhouse or under state supervised probation or parole pursuant to § 40-28-505, § 40-38-103, § 40-38-110, § 40-38-111, § 41-21-240 or § 41-21-242.

(2) For purposes of subdivision (j)(1), "identifying information" means the name, home and work addresses, telephone numbers and social security number of the person being notified or requesting that notification be provided.

(k) The following information regarding victims who apply for compensation under the Criminal Injuries Compensation Act, compiled in title 29, chapter 13, shall be treated as confidential and shall not be open for inspection by members of the public:

(1) Residential information, including the street address, city, state and zip code;

(2) Home telephone and personal cell phone numbers;

(3) Social security number; and

(4) The criminal offense from which the victim is receiving compensation.

(l)(1) All applications, certificates, records, reports, legal documents and petitions made or information received pursuant to title 37 that directly or indirectly identifies a child or family receiving services from the department of children's services or that identifies the person who made a report of harm pursuant to § 37-1-403 or § 37-1-605 shall be confidential and shall not be open for public inspection, except as provided by §§ 37-1-131, 37-1-409, 37-1-612, 37-5-107 and 49-6-3051.

(2) The information made confidential pursuant to subdivision (l)(1) includes information contained in applications, certifications, records, reports, legal documents and petitions in the possession of not only the department of children's services but any state or local agency, including, but not limited to, law enforcement and the department of education.

(B) Security plans, including security-related contingency planning and emergency response plans;

(C) Assessments of security vulnerability;

(D) Information and records that would identify those areas of structural or operational vulnerability that would permit unlawful disruption to, or interference with, the services provided by a governmental entity; and

(E) Surveillance recordings, whether recorded to audio or visual format, or both, except segments of the recordings may be made public when they include an act or incident involving public safety or security or possible criminal activity. In addition, if the recordings are relevant to a civil action or criminal prosecution, then the recordings may be released in compliance with a subpoena or an order of a court of record in accordance with the Tennessee rules of civil or criminal procedure. The court or administrative judge having jurisdiction over the proceedings shall issue appropriate protective orders, when necessary, to ensure that the information is disclosed only to appropriate persons. Release of any segment or segments of the recordings shall not be construed as waiving the confidentiality of the remaining segments of the audio or visual tape.

(2) Information made confidential by this subsection (m) shall be redacted wherever possible and nothing in this subsection (m) shall be used to limit or deny access to otherwise public information because a file or document contains confidential information.

(n)(1) Notwithstanding any law to the contrary, the following documents submitted to the state in response to a request for proposal or other procurement method shall remain confidential after completion of the evaluation period:

(A) Discount, rebate, pricing or other financial arrangements at the individual drug level between pharmaceutical manufacturers, pharmaceutical wholesalers/distributors, and pharmacy benefits managers, as defined in § 56-7-3102, that a proposer:

(i) Submits to the state in response to a request for proposals or other procurement methods for pharmacy-related benefits or services;

(ii) Explicitly marks as confidential and proprietary.

(2)(A) Information made confidential by subdivision (n)(1) shall be redacted wherever possible; and nothing contained in this subsection (n) shall be used to limit or deny access to otherwise public information because a file, document, or data file contains confidential information. The confidentiality established by subdivision (n)(1)(B) is applicable only to information submitted to the state after completion of the evaluation period; and provision of the notice of intended award of the contract and such information shall only be used to validate the accuracy of the apparent contract awardee's proposal and shall not be used to alter the scope of the information required by the state's procurement document requesting proposals. Any report produced by the state, or on the state's behalf, utilizing the information made confidential by subdivision (n)(1)(B) shall not be considered confidential hereunder so long as such report is disclosed in an aggregate or summary format without disclosing discount, rebate, pricing or other financial arrangements at the individual provider level.

(B) The comptroller of the treasury, for the purpose of conducting audits or program evaluations, shall have access to the discount, rebate, pricing and descriptions of other financial arrangements cited in this subsection (n) as submitted in a procurement or as a report to the contractor; provided, however, that no official, employee or agent of the state of Tennessee may release or provide for the release, in any form, of information subject to confidential custody under this subsection (n).

(o)(1) Except as provided in subdivisions (o)(2)-(4), the following information and records are confidential, not open or available for public inspection and shall not be released in any manner:

(2) Any information or other records regarding an applicant or permit holder may be released to a law enforcement agency for the purpose of conducting an investigation or prosecution, or for determining the validity of a handgun carry permit, or to a child support enforcement agency for purposes of child support enforcement, but shall not be publicly disclosed except as evidence in a criminal or child support enforcement proceeding.

(3) Any person or entity may request the department of safety to search its handgun permit holder database to determine if a named person has a Tennessee handgun carry permit, as of the date of the request, if the person or entity presents with the request a judgment of conviction, criminal history report, order of protection, or other official government document or record that indicates the named person is not eligible to possess a handgun carry permit under the requirements of [§ 39-17-1351](#).
