See the A-7 for the contacts to consult in each category. Consultants should be asked to evaluate the significance of the effects of the proposal on the character, features and resources of the project area. Enter relevant base data and verifiable source documentation from the consultant that supports the finding. Then enter the appropriate impact code from the following list to make a determination of impact. **IMPACT CODES:** (1) - No impact anticipated; (2) - Potentially beneficial; (3) - Potentially adverse; (4) - Requires mitigation; (5) - Requires project modification. Note names, dates of contacts, telephone numbers. Notate conditions or mitigation measures required by use of (4) coding and listing in 'Source of Documentation.'
