Disasters:**Declaration Number**

No Disasters Found

Narratives**Disaster Damage:**

On February 5-6, 2008, several counties in Tennessee were struck by severe storms, tornadoes, straight-line winds, and flooding. These counties included Benton, Fayette, Fentress, Hardin, Haywood, Hickman, Houston, Lewis, Macon, Madison, McNairy, Montgomery, Perry, Shelby, Sumner, Trousdale and Williamson Counties. Several people were killed across these counties. Homes and businesses were severely damaged and/or destroyed and many were left without power and other sustainable living needs during the following days, weeks and months. As a result, the President of the United States declared a major disaster under Title IV of the Stafford Disaster Relief Act (42 U.S.C. 5121 et seq.). The HUD guidance for funding was published February 13, 2009 in the Federal Register as Docket Number FR-5256-N-01.

Recovery Needs:**SHORT AND LONG TERM RECOVERY NEEDS**

(1) Short Term Actions -The State of Tennessee short term disaster recovery needs were addressed through a mechanism coordinated through the Tennessee Emergency Management Agency (TEMA). TEMA assisted the local jurisdictions that were responsible for first response to the emergency by coordinating with FEMA to supplement the efforts of the local teams through the establishment of Joint Field Offices. For Individual and Public Assistance, TEMA and other state agencies coordinated teams that included staffs from various state and federal agencies that assist citizens, businesses, local governments and other entities impacted by the disasters to provide immediate assistance with their short term needs.

For the February 5-6, 2008 disaster, the amounts of short term assistance totaled \$9,300,000.

- i \$3,147,185 was approved through FEMA's Individuals and Households Program for housing assistance, including rental assistance and repairs to homes for eligible application. Of that, \$2,129,181 was for housing assistance and \$928,004 was to help applicants recover other essential disaster-related needs.

- i \$6,249,500 in loans to homeowners, renters and businesses was approved by the U.S. Small Business Administration (SBA).

- i 3,038 residents visited Disaster Recovery Centers operated jointly by FEMA and the State of Tennessee

- i 2,289 home inspections were completed

- i Of the 18 counties declared for individual assistance, 4,313 Tennesseans have registered.

Details are available at www.fema.gov/news/newsrelease.fema?id=43037

(2) Long Term Recovery Needs --In addition to the areas's short term needs which were generally addressed as outlined above, the affected jurisdictions also have long term recovery needs in the areas of unmet housing, infrastructure and economic revitalization needs which can be partially solved and leveraged through an emphasis on the CDBG activities outlined in the February 13, 2009 Notice. Based on the Notice and information received through eligible local governments planning documents and TEMA, the Department's Action Plan contains an emphasis on eligible CDBG activities that "support the repair, rehabilitation, and reconstruction of affordable rental housing stock" sufficient to meet the prorated threshold requirement of at least \$10,176,967. As outlined below in Section I, applicants are encouraged to include eligible activities in their applications that addresses the federal requirement to support affordable rental housing. In addition, other eligible activities may be undertaken that assist in the alleviation of unmet infrastructure and economic revitalization needs.

Progress Toward National Objective Targets

National Objective	Target	Actual
Low/Mod	\$46,258,945.00	\$83,516,968.37

Overall Progress Narrative:

During the first quarter of 2013, Tennessee continued to make progress in addressing the needs of the communities affected by the 2008 disaster and in drawing down funds.

Of the 35 round 1 awards, 10 of them are completely finished and closed-out. The remaining grants are all in the construction phase and are expected to close out by the end of the first quarter of 2014.

Of the 50 round 2 awards announced in 2012, 45 are under fully executed contracts, have completely approved Environmental Review Records and can begin construction. The remaining awards will be under contract in the next quarter.

Seven awards totaling \$10.2M were approved by ECD and the Governor's office to meet the rental housing requirement. Those awards will be announced on April 1, 2013. Contracts will be issued in the next quarter and the awardees will begin completion of the Environmental Review Records.

With the announcement of the rental housing assistance awards, \$89,191,740 of Tennessee's allocation has been fully obligated.

Activity Description:

Installation of new influent pump/primary treatment system including new influent pumps, screen, grit removal, and influent flow monitor; relocation of electrical components above top-of-berm elevation of wastewater treatment plant; and the installation of an emergency power generator for continued plant operations in the event of a power outage.

Location Description:

Construction will occur in the City of Camden.

City of Camden sewer system customers were randomly surveyed through surveys mailed to them and door-to-door surveys.

Activity Progress Narrative:

The project is still in design phase. The project now consists of a combination of CDBG and SRF Loan Funds. More extensive repairs and renovations are required to completely upgrade the WWTP facility and meet more stringent NPDES requirements.

Activity Description:

Various construction for public facilities. Also includes all inspection, engineering and contingency fees.

Location Description:

Fentress County, TN.

Activity Progress Narrative:

April 30, 2015 is ECD contract completion date, but the contractor believes he will be finished by April 2013. Construction has continued with no issues. The punch-list inspection was held during this quarter and the items were minor. One item is to spread out the dirt around the building and plant grass. It was too wet to finish this task and final inspection will probably not be scheduled until the grass is planted.

Activity Description:

Purchase of various emergency, rescue, and fire protection equipment for the prevention and aid in disaster situations. The current rescue unit vehicles failed to function in that they were not equipped to travel through storm debris and high water and to make quick turns and movements to avoid dangerous situations.

Location Description:

Town of Eastview, TN.

Activity Progress Narrative:

Fire truck is on order, expecting early summer delivery. Radio tower bids were high. The original plans was to use funding from 2012 grant to make up the difference. However, it has since been determined that a small specification change will lower the tower price. A re-bid of the tower will be occurring soon.

Activity Progress Narrative:

For the storm shelter, a time extension to April 19, 2013 was requested due to wet weather delay. The siren system failed to function as designed on January 31, 2013. Troubleshooting and programming has been performed by the siren contractor. Construction is now underway on the storm shelter. The contractor has been cited for incorrect payrolls and additional payment is due to two employees. Documentation for this has been submitted to ECD along with receiving of supplemental payroll information from the contractor being reviewed for compliance.

Fayette County	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

Demolition of a detention center to construct a new public facility with a storm resistant basement to serve residents of Somerville and surrounding Fayette County.

Location Description:

Construction will occur in Fayette County. Somerville utility customers were randomly surveyed door-to-door to meet the required response rate of 24%; a 24.1% survey rate was obtained.

Activity Progress Narrative:

Fayette County must submit additional information to SHPO requesting the demolition of an existing facility (former County Jail) in order to construct the new Community/EMA facility on this site. Information was provided to Mayor Taylor and A2H requesting the needed documentation to be submitted to Joe Garrison for consideration. The only alternative is to find another site and per Mayor Taylor the County does not own a suitable alternative site. Working on ERR.

Match Contributed	\$0.00	\$0.00

Activity Description:

Funds will be used to build an ambulance bay, communication towers and a staging area for emergency response.

Location Description:

Construction will occur in Macon County.

The 911 service list was used to randomly survey households to determine the number of low and moderate income people that would be served by the project.

Activity Progress Narrative:

Delays have occurred in completing the ERR due SHPO requesting additional maps, information and photos on the communication towers. SHPO finally sent their response stating that 2 of the communication tower sites "WILL ADVERSELY AFFECT properties that are eligible for listing in the National Register of Historic Places." They met with Joe Garrison on 3/28/13. After they informed that there are already cellular towers existing near the sites, he stated he needed more maps and photos of the existing towers. Those were sent and he subsequently cleared the sites. They are still waiting on his comments on the Emergency Operations Center staging area. Upon receipt of SHPO comments on the staging area, they will be ready to publish the ERR notice. Due to delays in clearing the construction related activities, ECD management allowed them to complete a categorically excluded ERR on the non-construction related activities. They are still working on the ERR for construction related activities.

Activity Description:

The county will build a new public emergency response complex.

Location Description:

The county will build a new public emergency response complex. Residents were randomly surveyed to determine the number of low and moderate income to be served.

Activity Progress Narrative:

Representatives from different law enforcement agencies met to discuss the dispatch center needs, emergency management needs, the total number of console stations and square footage needs. Results from a previous study were also reviewed by the appropriate staff to determine future dispatch console station needs. From there the County could not proceed with the environmental until a site survey was completed. A site survey was completed for the property. Based on the survey, two locations were selected for geotechnical drilling, a north site and a south site. Geotechnical drilling was completed in February 2013. Geotechnical results and a recommendation were received by the County on 2/19/13. The County decided to move forward with the north site based on the results/recommendations from the architect. Architectural design has been taking place for the last 2 months. Since the grant award, the County has been working towards the environmental stage. The County is in the process of getting maps, pictures, and an updated preliminary engineering report (the PER for the application is outdated as the budget was \$8 million and it was a different site).

Activity Description:

Funds will be used for the construction of a fire hall.

Location Description:

Constuction will occur in the City of Williston.

Volunteer firefighters went to every 4th house in the service area. If no one was home, then they went to the next house to determine the number of low and moderate income people that would be served by the project.

Activity Progress Narrative:

Funds released 2/16/13. Project is still in design phase.
