## 1. INTRODUCTION

---

The State of Tennessee, Department of Agriculture, hereinafter referred to as “the State,” has issued this Request for Proposals (RFP) to define minimum contract requirements; solicit responses; detail response requirements; and, outline the State’s process for evaluating responses and selecting a contractor to provide the needed goods or services.

Through this RFP, the State seeks to procure necessary goods or services at the most favorable, competitive prices and to give ALL qualified businesses, including those that are owned by minorities, women, Tennessee service-disabled veterans, and small business enterprises, an opportunity to do business with the state as contractors, subcontractors or suppliers.

### 1.1. Statement of Procurement Purpose

The State intends to secure a contract for laboratory analysis of engine fuels and heating fuels, reporting of results, and associated support to continue the Kerosene and Motor Fuels Quality Inspection Program pursuant to Public Chapter 397 of 1989, TCA § 47-18-1301. Under this program the State regulates the quality of engine fuels and heating fuels conveyed in the State of Tennessee. Gasoline, diesel fuel, kerosene, aviation gasoline, aviation turbine fuel, biodiesel, biodiesel blends, denatured fuel ethanol, and ethanol flex fuel are products representing the main focus of the State’s testing program. .

- 1.1.2. The total purchase amount incurred through fifty-four (54) months of the State’s current contract for similar services is \$4,054,686.25.

### 1.2. Scope of Service, Contract Period, & Required Terms and Conditions

The RFP Attachment 6.6., *Pro Forma* Contract details the State’s requirements:

- Scope of Services and Deliverables (Section A);
- Contract Period (Section B);
- Payment Terms (Section C);
- Standard Terms and Conditions (Section D); and,
- Special Terms and Conditions (Section E).

The *pro forma* contract substantially represents the contract document that the successful Respondent must sign.

### 1.3. Nondiscrimination

No person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of a Contract pursuant to this RFP or in the employment practices of the Contractor on the grounds of handicap or disability, age, race, creed, color, religion, sex, national origin, or any other classification protected by federal, Tennessee state constitutional, or statutory law. The Contractor pursuant to this RFP shall, upon request, show proof of such nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

### 1.4. RFP Communications

- 1.4.1. The State has assigned the following RFP identification number that must be referenced in all communications regarding this RFP:

**RFP # 32505-00218**

- 1.4.2. **Unauthorized contact about this RFP with employees or officials of the State of Tennessee except as detailed below may result in disqualification from consideration under this procurement process.**

- 1.4.2.1. Prospective Respondents must direct communications concerning this RFP to the following person designated as the Solicitation Coordinator:

Bob Melching  
 Tennessee Department of Agriculture  
 P.O Box 40627  
 Nashville, TN 37204  
 615-837-5312  
 Bob.Melching@tn.gov

Private Carrier Shipping Address:

Budget Office  
 Bruer Building  
 406 Hogan Road  
 Nashville, TN 37220

- 1.4.2.2. Notwithstanding the foregoing, Prospective Respondents may alternatively contact:

- a. staff of the Governor's Office of Diversity Business Enterprise for assistance available to minority-owned, woman-owned, Tennessee service-disabled veteran owned, and small businesses as well as general, public information relating to this RFP (visit <http://www.tn.gov/generalservices/article/godbe-general-contacts> for contact information); and
- b. the following individual designated by the State to coordinate compliance with the nondiscrimination requirements of the State of Tennessee, Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, and associated federal regulations:

Tom Womack  
 Tennessee Department of Agriculture  
 P.O. Box 40627  
 Nashville, TN 37204  
 615-837-5103  
 Tom.Womack@tn.gov

- 1.4.3. Only the State's official, written responses and communications with Respondents are binding with regard to this RFP. Oral communications between a State official and one or more Respondents are unofficial and non-binding.
- 1.4.4. Potential Respondents must ensure that the State receives all written questions and comments, including questions and requests for clarification, no later than the Written Questions & Comments Deadline detailed in the RFP Section 2, Schedule of Events.
- 1.4.5. Respondents must assume the risk of the method of dispatching any communication or response to the State. The State assumes no responsibility for delays or delivery failures resulting from the Respondent's method of dispatch. Actual or digital "postmarking" of a communication or response to the State by a specified deadline is not a substitute for the State's actual receipt of a communication or response.
- 1.4.6. The State will convey all official responses and communications related to this RFP to the prospective Respondents from whom the State has received a Notice of Intent to Respond (refer to RFP Section 1.8).

- 1.4.7. The State reserves the right to determine, at its sole discretion, the method of conveying official, written responses and communications related to this RFP. Such written communications may be transmitted by mail, hand-delivery, facsimile, electronic mail, Internet posting, or any other means deemed reasonable by the State. For internet posting, please refer to the following website: <http://tn.gov/generalservices/article/request-for-proposals-rfp-opportunities>.
- 1.4.8. The State reserves the right to determine, at its sole discretion, the appropriateness and adequacy of responses to written comments, questions, and requests related to this RFP. The State's official, written responses will constitute an amendment of this RFP.
- 1.4.9. Any data or factual information provided by the State (in this RFP, an RFP amendment or any other communication relating to this RFP) is for informational purposes only. The State will make reasonable efforts to ensure the accuracy of such data or information, however it is the Respondent's obligation to independently verify any data or information provided by the State. The State expressly disclaims the accuracy or adequacy of any information or data that it provides to prospective Respondents.

**1.5. Assistance to Respondents With a Handicap or Disability**

Prospective Respondents with a handicap or disability may receive accommodation relating to the communication of this RFP and participating in the RFP process. Prospective Respondents may contact the Solicitation Coordinator to request such reasonable accommodation no later than the Disability Accommodation Request Deadline detailed in the RFP Section 2, Schedule of Events.

**1.6. Respondent Required Review & Waiver of Objections**

- 1.6.1. Each prospective Respondent must carefully review this RFP, including but not limited to, attachments, the RFP Attachment 6.6., *Pro Forma* Contract, and any amendments, for questions, comments, defects, objections, or any other matter requiring clarification or correction (collectively called "questions and comments").
- 1.6.2. Any prospective Respondent having questions and comments concerning this RFP must provide them in writing to the State no later than the Written Questions & Comments Deadline detailed in the RFP Section 2, Schedule of Events.
- 1.6.3. Protests based on any objection to the RFP shall be considered waived and invalid if the objection has not been brought to the attention of the State, in writing, by the Written Questions & Comments Deadline.

**1.7. Pre-Response Conference**

A Pre-response Conference will be held at the time and date detailed in the RFP Section 2, Schedule of Events. Pre-response Conference attendance is not mandatory, and prospective Respondents may be limited to a maximum number of attendees depending upon overall attendance and space limitations.

The conference will be held at:

Tennessee Department of Agriculture  
Porter Building Conference Room 1  
436 Hogan Road  
Nashville, TN 37220  
Telephone: 888-241-5397 / 615-532-2222

The purpose of the conference is to discuss the RFP scope of goods or services. The State will entertain questions, however prospective Respondents must understand that the State's oral response to any question at the Pre-response Conference shall be unofficial and non-binding. Prospective Respondents

must submit all questions, comments, or other concerns regarding the RFP in writing prior to the Written Questions & Comments Deadline date detailed in the RFP Section 2, Schedule of Events. The State will send the official response to these questions and comments to prospective Respondents from whom the State has received a Notice of Intent to respond as indicated in RFP Section 1.8 and on the date detailed in the RFP Section 2, Schedule of Events.

#### 1.8. **Notice of Intent to Respond**

Before the Notice of Intent to Respond Deadline detailed in the RFP Section 2, Schedule of Events, prospective Respondents should submit to the Solicitation Coordinator a Notice of Intent to Respond (in the form of a simple e-mail or other written communication). Such notice should include the following information:

- the business or individual's name (as appropriate)
- a contact person's name and title
- the contact person's mailing address, telephone number, facsimile number, and e-mail address

**A Notice of Intent to Respond creates no obligation and is not a prerequisite for submitting a response, however, it is necessary to ensure receipt of any RFP amendments or other notices and communications relating to this RFP.**

#### 1.9. **Response Deadline**

A Respondent must ensure that the State receives a response no later than the response Deadline time and date detailed in the RFP Section 2, Schedule of Events. A response must respond, as required, to this RFP (including its attachments) as may be amended. The State will not accept late responses, and a Respondent's failure to submit a response before the deadline will result in disqualification of the response. It is the responsibility of the Respondent to ascertain any additional security requirements with respect to packaging and delivery to the State of Tennessee. Respondents should be mindful of any potential delays due to security screening procedures, weather, or other filing delays whether foreseeable or unforeseeable.

## 2. RFP SCHEDULE OF EVENTS

2.2. **The State reserves the right, at its sole discretion, to adjust the RFP Schedule of Events as it deems necessary.** Any adjustment of the Schedule of Events shall constitute an RFP amendment, and the State will communicate such to prospective Respondents from whom the State has received a Notice of Intent to Respond (refer to section 1.8).

### 3. RESPONSE REQUIREMENTS

---

#### 3.1. Response Form

A response to this RFP must consist of two parts, a Technical Response and a Cost Proposal.

- 3.1.1. **Technical Response.** RFP Attachment 6.2., Technical Response & Evaluation Guide provides the specific requirements for submitting a response. This guide includes mandatory requirement items, general qualifications and experience items, and technical qualifications, experience, and approach items all of which must be addressed with a written response and, in some instances, additional documentation.

**NOTICE: A technical response must not include any pricing or cost information. If any pricing or cost information amounts of any type (even pricing relating to other projects) is included in any part of the technical response, the state may deem the response to be non-responsive and reject it.**

- 3.1.1.1. A Respondent must use the RFP Attachment 6.2., Technical Response & Evaluation Guide to organize, reference, and draft the Technical Response by duplicating the attachment, adding appropriate page numbers as required, and using the guide as a table of contents covering the Technical Response.
- 3.1.1.2. A response should be economically prepared, with emphasis on completeness and clarity. A response, as well as any reference material presented, must be written in English and must be written on standard 8 ½" x 11" pages (although oversized exhibits are permissible) and use a 12 point font for text. All response pages must be numbered.
- 3.1.1.3. All information and documentation included in a Technical Response should respond to or address a specific requirement detailed in the RFP Attachment 6.2., Technical Response & Evaluation Guide. All information must be incorporated into a response to a specific requirement and clearly referenced. Any information not meeting these criteria will be deemed extraneous and will not contribute to evaluations.
- 3.1.1.4. The State may determine a response to be non-responsive and reject it if:
- a. the Respondent fails to organize and properly reference the Technical Response as required by this RFP and the RFP Attachment 6.2., Technical Response & Evaluation Guide; or
  - b. the Technical Response document does not appropriately respond to, address, or meet all of the requirements and response items detailed in the RFP Attachment 6.2., Technical Response & Evaluation Guide.
- 3.1.2. **Cost Proposal.** A Cost Proposal must be recorded on an exact duplicate of the RFP Attachment 6.3., Cost Proposal & Scoring Guide.

**NOTICE: If a Respondent fails to submit a cost proposal exactly as required, the State may deem the response to be non-responsive and reject it.**

- 3.1.2.1. A Respondent must only record the proposed cost exactly as required by the RFP Attachment 6.3., Cost Proposal & Scoring Guide and must NOT record any other rates, amounts, or information.

- 3.1.2.2. The proposed cost shall incorporate ALL costs for services under the contract for the total contract period, including any renewals or extensions.
- 3.1.2.3. A Respondent must sign and date the Cost Proposal.
- 3.1.2.4. A Respondent must submit the Cost Proposal to the State in a sealed package separate from the Technical Response (as detailed in RFP Sections 3.2.3., *et seq.*).

### 3.2. Response Delivery

- 3.2.1. A Respondent must ensure that both the original Technical Response and Cost Proposal documents meet all form and content requirements, including all required signatures, as detailed within this RFP.
- 3.2.2. A Respondent must submit original Technical Response and Cost Proposal documents and copies as specified below.
  - 3.2.2.1. One (1) original Technical Response paper document labeled:
 

**“RFP # 32505-00218 TECHNICAL RESPONSE ORIGINAL”**

and four (4) digital copies of the Technical Response each in the form of one (1) digital document in “PDF” format properly recorded on its own otherwise blank, standard CD-R recordable disc or USB flash drive labeled:

**“RFP # 32505-00218 TECHNICAL RESPONSE COPY”**

The digital copies should not include copies of sealed customer references, however any other discrepancy between the paper Technical Response document and any digital copies may result in the State rejecting the proposal as non-responsive.
  - 3.2.2.2. One (1) original Cost Proposal paper document labeled:
 

**“RFP # 32505-00218 COST PROPOSAL ORIGINAL”**

and one (1) copy in the form of a digital document in “PDF/XLS” format properly recorded on separate, blank, standard CD-R recordable disc or USB flash drive labeled:

**“RFP # 32505-00218 COST PROPOSAL COPY”**

In the event of a discrepancy between the original Cost Proposal document and the digital copy, the original, signed document will take precedence.
- 3.2.3. A Respondent must separate, seal, package, and label the documents and copies for delivery as follows:
  - 3.2.3.1. The Technical Response original document and digital copies must be placed in a sealed package that is clearly labeled:
 

**“DO NOT OPEN... RFP # 32505-00218 TECHNICAL RESPONSE FROM [RESPONDENT LEGAL ENTITY NAME]”**
  - 3.2.3.2. The Cost Proposal original document and digital copy must be placed in a separate, sealed package that is clearly labeled:

**“DO NOT OPEN... RFP # 32505-00218 COST PROPOSAL FROM [RESPONDENT LEGAL ENTITY NAME]”**

- 3.2.3.3. The separately, sealed Technical Response and Cost Proposal components may be enclosed in a larger package for mailing or delivery, provided that the outermost package is clearly labeled:

**“RFP # 32505-00218 SEALED TECHNICAL RESPONSE & SEALED COST PROPOSAL FROM [RESPONDENT LEGAL ENTITY NAME]”**

- 3.2.4. A Respondent must ensure that the State receives a response no later than the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events at the following address:

Bob Melching  
Tennessee Department of Agriculture  
Budget Office  
Bruer Building  
406 Hogan Road  
Nashville, TN 37220

**3.3. Response & Respondent Prohibitions**

- 3.3.1. A response must not include alternate contract terms and conditions. If a response contains such terms and conditions, the State, at its sole discretion, may determine the response to be a non-responsive counteroffer and reject it.
- 3.3.2. A response must not restrict the rights of the State or otherwise qualify either the offer to deliver goods or provide services as required by this RFP or the Cost Proposal. If a response restricts the rights of the State or otherwise qualifies either the offer to deliver goods or provide services as required by this RFP or the Cost Proposal, the State, at its sole discretion, may determine the response to be a non-responsive counteroffer and reject it.
- 3.3.3. A response must not propose alternative goods or services (*i.e.*, offer services different from those requested and required by this RFP) unless expressly requested in this RFP. The State may consider a response of alternative goods or services to be non-responsive and reject it.
- 3.3.4. A Cost Proposal must be prepared and arrived at independently and must not involve any collusion between Respondents. The State will reject any Cost Proposal that involves collusion, consultation, communication, or agreement between Respondents. Regardless of the time of detection, the State will consider any such actions to be grounds for response rejection or contract termination.
- 3.3.5. A Respondent must not provide, for consideration in this RFP process or subsequent contract negotiations, any information that the Respondent knew or should have known was materially incorrect. If the State determines that a Respondent has provided such incorrect information, the State will deem the Response non-responsive and reject it.
- 3.3.6. A Respondent must not submit more than one Technical Response and one Cost Proposal in response to this RFP, except as expressly requested by the State in this RFP. If a Respondent submits more than one Technical Response or more than one Cost Proposal, the State will deem all of the responses non-responsive and reject them.
- 3.3.7. A Respondent must not submit a response as a prime contractor while also permitting one or more other Respondents to offer the Respondent as a subcontractor in their own responses. Such may result in the disqualification of all Respondents knowingly involved. This restriction does not, however, prohibit different Respondents from offering the same subcontractor as a part

of their responses (provided that the subcontractor does not also submit a response as a prime contractor).

3.3.8. The State shall not consider a response from an individual who is, or within the past six (6) months has been, a State employee. For purposes of this RFP:

3.3.8.1. An individual shall be deemed a State employee until such time as all compensation for salary, termination pay, and annual leave has been paid;

3.3.8.2. A contract with or a response from a company, corporation, or any other contracting entity in which a controlling interest is held by any State employee shall be considered to be a contract with or proposal from the employee; and

3.3.8.3. A contract with or a response from a company, corporation, or any other contracting entity that employs an individual who is, or within the past six (6) months has been, a State employee shall not be considered a contract with or a proposal from the employee and shall not constitute a prohibited conflict of interest.

#### 3.4. **Response Errors & Revisions**

A Respondent is responsible for any and all response errors or omissions. A Respondent will not be allowed to alter or revise response documents after the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events unless such is formally requested, in writing, by the State.

#### 3.5. **Response Withdrawal**

A Respondent may withdraw a submitted response at any time before the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events by submitting a written request signed by an authorized Respondent representative. After withdrawing a response, a Respondent may submit another response at any time before the Response Deadline. After the Response Deadline, a Respondent may only withdraw all or a portion of a response where the enforcement of the response would impose an unconscionable hardship on the Respondent.

#### 3.6. **Additional Services**

If a response offers goods or services in addition to those required by and described in this RFP, the State, at its sole discretion, may add such services to the contract awarded as a result of this RFP. Notwithstanding the foregoing, a Respondent must not propose any additional cost amounts or rates for additional goods or services. Regardless of any additional services offered in a response, the Respondent's Cost Proposal must only record the proposed cost as required in this RFP and must not record any other rates, amounts, or information.

**NOTICE: If a Respondent fails to submit a Cost Proposal exactly as required, the State may deem the response non-responsive and reject it.**

#### 3.7. **Response Preparation Costs**

The State will not pay any costs associated with the preparation, submittal, or presentation of any response.

## 4. GENERAL CONTRACTING INFORMATION & REQUIREMENTS

---

### 4.1. RFP Amendment

The State at its sole discretion may amend this RFP, in writing, at any time prior to contract award. However, prior to any such amendment, the State will consider whether it would negatively impact the ability of potential Respondents to meet the response deadline and revise the RFP Schedule of Events if deemed appropriate. If an RFP amendment is issued, the State will convey it to potential Respondents who submitted a Notice of Intent to Respond (refer to RFP Section 1.8). A response must address the final RFP (including its attachments) as amended.

### 4.2. RFP Cancellation

The State reserves the right, at its sole discretion, to cancel the RFP or to cancel and reissue this RFP in accordance with applicable laws and regulations.

### 4.3. State Right of Rejection

4.3.1. Subject to applicable laws and regulations, the State reserves the right to reject, at its sole discretion, any and all responses.

4.3.2. The State may deem as non-responsive and reject any response that does not comply with all terms, conditions, and performance requirements of this RFP. Notwithstanding the foregoing, the State reserves the right to waive, at its sole discretion, minor variances from full compliance with this RFP. If the State waives variances in a response, such waiver shall not modify the RFP requirements or excuse the Respondent from full compliance, and the State may hold any resulting Contractor to strict compliance with this RFP.

### 4.4. Assignment & Subcontracting

4.4.1. The Contractor may not subcontract, transfer, or assign any portion of the Contract awarded as a result of this RFP without prior approval of the State. The State reserves the right to refuse approval, at its sole discretion, of any subcontract, transfer, or assignment.

4.4.2. If a Respondent intends to use subcontractors, the response to this RFP must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFP Attachment 6.2., Section B, General Qualifications & Experience Item B.14.).

4.4.3. Subcontractors identified within a response to this RFP will be deemed as approved by the State unless the State expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.

4.4.4. After contract award, a Contractor may only substitute an approved subcontractor at the discretion of the State and with the State's prior, written approval.

4.4.5. Notwithstanding any State approval relating to subcontracts, the Respondent who is awarded a contract pursuant to this RFP will be the prime contractor and will be responsible for all work under the Contract.

### 4.5. Right to Refuse Personnel or Subcontractors

The State reserves the right to refuse, at its sole discretion and notwithstanding any prior approval, any personnel of the prime contractor or a subcontractor providing goods or services in the performance of a contract resulting from this RFP. The State will document in writing the reason(s) for any rejection of personnel.

#### 4.6. Insurance

From time-to-time, the State may require the awarded Contractor to provide a Certificate of Insurance issued by an insurance company licensed or authorized to provide insurance in the State of Tennessee. Each Certificate of Insurance shall indicate current insurance coverages meeting minimum requirements as may be specified by this RFP. A failure to provide a current, Certificate of Insurance will be considered a material breach and grounds for contract termination.

#### 4.7. Professional Licensure and Department of Revenue Registration

- 4.7.1. All persons, agencies, firms, or other entities that provide legal or financial opinions, which a Respondent provides for consideration and evaluation by the State as a part of a response to this RFP, shall be properly licensed to render such opinions.
- 4.7.2. Before the Contract resulting from this RFP is signed, the apparent successful Respondent (and Respondent employees and subcontractors, as applicable) must hold all necessary or appropriate business or professional licenses to provide the goods or services as required by the contract. The State may require any Respondent to submit evidence of proper licensure.
- 4.7.3. Before the Contract resulting from this RFP is signed, the apparent successful Respondent must be registered with the Tennessee Department of Revenue for the collection of Tennessee sales and use tax. The State shall not award a contract unless the Respondent provides proof of such registration or provides documentation from the Department of Revenue that the Contractor is exempt from this registration requirement. The foregoing is a mandatory requirement of an award of a contract pursuant to this solicitation. For purposes of this registration requirement, the Department of Revenue may be contacted at: TN.Revenue@tn.gov.

#### 4.8. Disclosure of Response Contents

- 4.8.1. All materials submitted to the State in response to this RFP shall become the property of the State of Tennessee. Selection or rejection of a response does not affect this right. By submitting a response, a Respondent acknowledges and accepts that the full response contents and associated documents will become open to public inspection in accordance with the laws of the State of Tennessee.
- 4.8.2. The State will hold all response information, including both technical and cost information, in confidence during the evaluation process. Notwithstanding the foregoing, a list of actual Respondents submitting timely responses may be available to the public, upon request, after technical responses are opened.
- 4.8.3. Upon completion of response evaluations, indicated by public release of a Notice of Intent to Award, the responses and associated materials will be open for review by the public in accordance with *Tennessee Code Annotated*, Section 10-7-504(a)(7).

#### 4.9. Contract Approval and Contract Payments

- 4.9.1. After contract award, the Contractor who is awarded the contract must submit appropriate documentation with the Department of Finance and Administration, Division of Accounts.
- 4.9.2. This RFP and its contractor selection processes do not obligate the State and do not create rights, interests, or claims of entitlement in either the Respondent with the apparent best-evaluated response or any other Respondent. State obligations pursuant to a contract award shall commence only after the contract is signed by the State agency head and the Contractor and after the Contract is approved by all other state officials as required by applicable laws and regulations.

- 4.9.3. No payment will be obligated or made until the relevant Contract is approved as required by applicable statutes and rules of the State of Tennessee.
- 4.9.3.1. The State shall not be liable for payment of any type associated with the Contract resulting from this RFP (or any amendment thereof) or responsible for any goods delivered or services rendered by the Contractor, even goods delivered or services rendered in good faith and even if the Contractor is orally directed to proceed with the delivery of goods or the rendering of services, if it occurs before the Contract start date or after the Contract end date.
- 4.9.3.2. All payments relating to this procurement will be made in accordance with the Payment Terms and Conditions of the Contract resulting from this RFP (refer to RFP Attachment 6.6., *Pro Forma Contract*, Section C).
- 4.9.3.3. If any provision of the Contract provides direct funding or reimbursement for the competitive purchase of goods or services as a component of contract performance or otherwise provides for the reimbursement of specified, actual costs, the State will employ all reasonable means and will require all such documentation that it deems necessary to ensure that such purchases were competitive and costs were reasonable, necessary, and actual. The Contractor shall provide reasonable assistance and access related to such review. Further, the State shall not remit, as funding or reimbursement pursuant to such provisions, any amounts that it determines do not represent reasonable, necessary, and actual costs.

#### 4.10. **Contractor Performance**

The Contractor who is awarded a contract will be responsible for the delivery of all acceptable goods or the satisfactory completion of all services set out in this RFP (including attachments) as may be amended. All goods or services are subject to inspection and evaluation by the State. The State will employ all reasonable means to ensure that goods delivered or services rendered are in compliance with the Contract, and the Contractor must cooperate with such efforts.

#### 4.11. **Contract Amendment**

After contract award, the State may request the Contractor to deliver additional goods or perform additional services within the general scope of the contract and this RFP, but beyond the specified scope of service, and for which the Contractor may be compensated. In such instances, the State will provide the Contractor a written description of the additional goods or services. The Contractor must respond to the State with a time schedule for delivering the additional goods or accomplishing the additional services based on the compensable units included in the Contractor's response to this RFP. If the State and the Contractor reach an agreement regarding the goods or services and associated compensation, such agreement must be effected by means of a contract amendment. Further, any such amendment requiring additional goods or services must be signed by both the State agency head and the Contractor and must be approved by other state officials as required by applicable statutes, rules, policies and procedures of the State of Tennessee. The Contractor must not provide additional goods or render additional services until the State has issued a written contract amendment with all required approvals.

#### 4.12. **Severability**

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of the State and Respondents will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.

#### 4.13. **Next Ranked Respondent**

The State reserves the right to initiate negotiations with the next ranked Respondent should the State cease doing business with any Respondent selected via this RFP process.

## 5. EVALUATION & CONTRACT AWARD

---

### 5.1. Evaluation Categories & Maximum Points

The State will consider qualifications, experience, technical approach, and cost in the evaluation of responses and award points in each of the categories detailed below (up to the maximum evaluation points indicated) to each response deemed by the State to be responsive.

EVALUATION CATEGORY	MAXIMUM POINTS POSSIBLE
<b>General Qualifications &amp; Experience</b> (refer to RFP Attachment 6.2., Section B)	<b>25</b>
<b>Technical Qualifications, Experience &amp; Approach</b> (refer to RFP Attachment 6.2., Section C)	<b>40</b>
<b>Cost Proposal</b> (refer to RFP Attachment 6.3.)	<b>35</b>

### 5.2. Evaluation Process

The evaluation process is designed to award the contract resulting from this RFP not necessarily to the Respondent offering the lowest cost, but rather to the Respondent deemed by the State to be responsive and responsible who offers the best combination of attributes based upon the evaluation criteria. ("Responsive Respondent" is defined as a Respondent that has submitted a response that conforms in all material respects to the RFP. "Responsible Respondent" is defined as a Respondent that has the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.)

5.2.1. **Technical Response Evaluation.** The Solicitation Coordinator and the Proposal Evaluation Team (consisting of three (3) or more State employees) will use the RFP Attachment 6.2., Technical Response & Evaluation Guide to manage the Technical Response Evaluation and maintain evaluation records.

5.2.1.1. The State reserves the right, at its sole discretion, to request Respondent clarification of a Technical Response or to conduct clarification discussions with any or all Respondents. Any such clarification or discussion will be limited to specific sections of the response identified by the State. The subject Respondent must put any resulting clarification in writing as may be required and in accordance with any deadline imposed by the State.

5.2.1.2. The Solicitation Coordinator will review each Technical Response to determine compliance with RFP Attachment 6.2., Technical Response & Evaluation Guide, Section A— Mandatory Requirements. If the Solicitation Coordinator determines that a response failed to meet one or more of the mandatory requirements, the Proposal Evaluation Team will review the response and document the team's determination of whether:

- a. the response adequately meets RFP requirements for further evaluation;
- b. the State will request clarifications or corrections for consideration prior to further evaluation; or,

c. the State will determine the response to be non-responsive to the RFP and reject it.

- 5.2.1.3. Proposal Evaluation Team members will independently evaluate each Technical Response (that is responsive to the RFP) against the evaluation criteria in this RFP, and will score each in accordance with the RFP Attachment 6.2., Technical Response & Evaluation Guide.
- 5.2.1.4. For each response evaluated, the Solicitation Coordinator will calculate the average of the Proposal Evaluation Team member scores for RFP Attachment 6.2., Technical Response & Evaluation Guide, and record each average as the response score for the respective Technical Response section.
- 5.2.1.5. Before Cost Proposals are opened, the Proposal Evaluation Team will review the Technical Response Evaluation record and any other available information pertinent to whether or not each Respondent is responsive and responsible. If the Proposal Evaluation Team identifies any Respondent that does not to meet the responsive and responsible thresholds such that the team would not recommend the Respondent for Cost Proposal Evaluation and potential contract award, the team members will fully document the determination.
- 5.2.2. **Cost Proposal Evaluation.** The Solicitation Coordinator will open for evaluation the Cost Proposal of each Respondent deemed by the State to be responsive and responsible and calculate and record each Cost Proposal score in accordance with the RFP Attachment 6.3., Cost Proposal & Scoring Guide.
- 5.2.3. **Total Response Score.** The Solicitation Coordinator will calculate the sum of the Technical Response section scores and the Cost Proposal score and record the resulting number as the total score for the subject Response (refer to RFP Attachment 6.5., Score Summary Matrix).

### 5.3. Contract Award Process

- 5.3.1 The Solicitation Coordinator will submit the Proposal Evaluation Team determinations and scores to the head of the procuring agency for consideration along with any other relevant information that might be available and pertinent to contract award.
- 5.3.2. The procuring agency head will determine the apparent best-evaluated Response. To effect a contract award to a Respondent other than the one receiving the highest evaluation process score, the head of the procuring agency must provide written justification and obtain the written approval of the Chief Procurement Officer and the Comptroller of the Treasury.
- 5.3.3. The State will issue a Notice of Intent to Award identifying the apparent best-evaluated response and make the RFP files available for public inspection at the time and date specified in the RFP Section 2, Schedule of Events.

**NOTICE: The Notice of Intent to Award shall not create rights, interests, or claims of entitlement in either the apparent best-evaluated Respondent or any other Respondent.**

- 5.3.4. The Respondent identified as offering the apparent best-evaluated response must sign a contract drawn by the State pursuant to this RFP. The contract shall be substantially the same as the RFP Attachment 6.6., *Pro Forma* Contract. The Respondent must sign the contract by the Contractor Signature Deadline detailed in the RFP Section 2, Schedule of Events. If the Respondent fails to provide the signed contract by this deadline, the State may determine that the Respondent is non-responsive to this RFP and reject the response.
- 5.3.5. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited negotiation prior to contract signing and, as a result, revise the *pro forma* contract terms and conditions or performance requirements in the State's best interests, PROVIDED THAT such revision of terms

and conditions or performance requirements shall NOT materially affect the basis of response evaluations or negatively impact the competitive nature of the RFP and contractor selection process.

- 5.3.6. If the State determines that a response is non-responsive and rejects it after opening Cost Proposals, the Solicitation Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated response.

### RFP # 32505-00218 STATEMENT OF CERTIFICATIONS AND ASSURANCES

The Respondent must sign and complete the Statement of Certifications and Assurances below as required, and it must be included in the Technical Response (as required by RFP Attachment 6.2., Technical Response & Evaluation Guide, Section A, Item A.1.).

**The Respondent does, hereby, expressly affirm, declare, confirm, certify, and assure ALL of the following:**

1. The Respondent will comply with all of the provisions and requirements of the RFP.
2. The Respondent will provide all services as defined in the Scope of Services of the RFP Attachment 6.6., *Pro Forma Contract* for the total contract period.
3. The Respondent, except as otherwise provided in this RFP, accepts and agrees to all terms and conditions set out in the RFP Attachment 6.6., *Pro Forma Contract*.
4. The Respondent acknowledges and agrees that a contract resulting from the RFP shall incorporate, by reference, all proposal responses as a part of the contract.
5. The Respondent will comply with:
  - (a) the laws of the State of Tennessee;
  - (b) Title VI of the federal Civil Rights Act of 1964;
  - (c) Title IX of the federal Education Amendments Act of 1972;
  - (d) the Equal Employment Opportunity Act and the regulations issued there under by the federal government; and,
  - (e) the Americans with Disabilities Act of 1990 and the regulations issued there under by the federal government.
6. To the knowledge of the undersigned, the information detailed within the response submitted to this RFP is accurate.
7. The response submitted to this RFP was independently prepared, without collusion, under penalty of perjury.
8. No amount shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Respondent in connection with this RFP or any resulting contract.
9. Both the Technical Response and the Cost Proposal submitted in response to this RFP shall remain valid for at least 120 days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract pursuant to the RFP.
10. The Respondent affirms the following statement, as required by the Iran Divestment Act Tenn. Code Ann. § 12-12-111: "By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each Respondent is not on the list created pursuant to §12-12-106." For reference purposes, the list is currently available online at: <http://www.tn.gov/generalservices/article/Public-Information-library>.

**By signing this Statement of Certifications and Assurances, below, the signatory also certifies legal authority to bind the proposing entity to the provisions of this RFP and any contract awarded pursuant to it. If the signatory is not the Respondent (if an individual) or the Respondent's company *President* or *Chief Executive Officer*, this document must attach evidence showing the individual's authority to bind the Respondent.**

## TECHNICAL RESPONSE &amp; EVALUATION GUIDE

**SECTION C: TECHNICAL QUALIFICATIONS, EXPERIENCE & APPROACH.** The Respondent must address all items (below) and provide, in sequence, the information and documentation as required (referenced with the associated item references). The Respondent must also detail the response page number for each item in the appropriate space below.

A Proposal Evaluation Team, made up of three or more State employees, will independently evaluate and score the response to each item. Each evaluator will use the following whole number, raw point scale for scoring each item:

**0 = little value      1 = poor      2 = fair      3 = satisfactory      4 = good      5 = excellent**

The Solicitation Coordinator will multiply the Item Score by the associated Evaluation Factor (indicating the relative emphasis of the item in the overall evaluation). The resulting product will be the item's Raw Weighted Score for purposes of calculating the section score as indicated.

**COST PROPOSAL & SCORING GUIDE**

**NOTICE: THIS COST PROPOSAL MUST BE COMPLETED EXACTLY AS REQUIRED**

**COST PROPOSAL SCHEDULE**— The Cost Proposal, detailed below, shall indicate the proposed price for goods or services defined in the Scope of Services of the RFP Attachment 6.6., *Pro Forma* Contract and for the entire contract period. The Cost Proposal shall remain valid for at least one hundred twenty (120) days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract resulting from this RFP. All monetary amounts shall be in U.S. currency and limited to two (2) places to the right of the decimal point.

A maximum TOTAL Slate Price per fuel sample is requested. This is the maximum charge per sample for any combination of routine test descriptions and associated support noted in the Pro Forma Contract. The maximum charge does not need to be an arithmetic sum of the individual test description costs. Although the sum of the individual test descriptions may exceed the TOTAL Slate cost of the fuel when all tests are performed, the State shall not pay, nor shall the Contractor charge, more than the TOTAL Slate cost for each sample as set forth in the contract.

The Maximum Total Slate Price Per Sample for routine tests shall be used to calculate the score for the cost proposal.

On very limited occasions, the State may request that a sample only be tested for a certain parameter(s) when the full battery of normal tests is deemed to be unnecessary. Therefore, the State requests that prices be proposed, as a supplement to the table below, for individual tests. With this pricing structure, the State understands that the TOTAL SLATE cost when all routine tests are conducted may be less than the sum of the cost of the individual tests for each product specified. In cases where the State requests individual tests on a sample, the Contractor shall charge the State either the sum of the individual tests or the maximum TOTAL Slate allowed under the contract for the product, whichever is the less. See the Pro Forma Contract Section A.3 for detailed testing requirements that cover the slate for each product.

Proposals should also include a percentage discount for any tests required by the State not included in the standard battery of tests listed in the Pro Forma Contract.

**NOTICE:** The Evaluation Factor associated with each cost item is for evaluation purposes only. The evaluation factors do NOT and should NOT be construed as any type of volume guarantee or minimum purchase quantity. The evaluation factors shall NOT create rights, interests, or claims of entitlement in the Respondent.

Notwithstanding the cost items herein, pursuant to the second paragraph of the *Pro Forma* Contract section C.1. (refer to RFP Attachment 6.6.), "The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract."

This Cost Proposal must be signed, in the space below, by an individual empowered to bind the Respondent to the provisions of this RFP and any contract awarded pursuant to it. If said individual is not the *President* or *Chief Executive Officer*, this document must attach evidence showing the individual's authority to legally bind the Respondent.

**REFERENCE QUESTIONNAIRE**

**The standard reference questionnaire provided on the following pages of this attachment MUST be completed by all individuals offering a reference for the Respondent.**

The Respondent will be solely responsible for obtaining completed reference questionnaires as required (refer to RFP Attachment 6.2., Technical Response & Evaluation Guide, Section B, Item B.17.), and for enclosing the sealed reference envelopes within the Respondent's Technical Response.

**RFP # 32505-00218 REFERENCE QUESTIONNAIRE**

**REFERENCE SUBJECT:** RESPONDENT NAME (completed by Respondent before reference is requested)

The “reference subject” specified above, intends to submit a response to the State of Tennessee in response to the Request for Proposals (RFP) indicated. As a part of such response, the reference subject must include a number of completed and sealed reference questionnaires (using this form).

Each individual responding to this reference questionnaire is asked to follow these instructions:

- complete this questionnaire (either using the form provided or an exact duplicate of this document);
- sign and date the completed questionnaire;
- seal the completed, signed, and dated questionnaire in a new standard #10 envelope;
- sign in ink across the sealed portion of the envelope; and
- return the sealed envelope containing the completed questionnaire directly to the reference subject.

**(1) What is the name of the individual, company, organization, or entity responding to this reference questionnaire?**

**(2) Please provide the following information about the individual completing this reference questionnaire on behalf of the above-named individual, company, organization, or entity.**

<b>NAME:</b>	
<b>TITLE:</b>	
<b>TELEPHONE #</b>	
<b>E-MAIL ADDRESS:</b>	

**(3) What goods or services does/did the reference subject provide to your company or organization?**

**(4) What is the level of your overall satisfaction with the reference subject as a vendor of the goods or services described above?**

*Please respond by circling the appropriate number on the scale below.*

## RFP # 32505-00218 REFERENCE QUESTIONNAIRE — PAGE 2

If you circled 3 or less above, what could the reference subject have done to improve that rating?

- (5) If the goods or services that the reference subject provided to your company or organization are completed, were the goods or services provided in compliance with the terms of the contract, on time, and within budget? If not, please explain.
- (6) If the reference subject is still providing goods or services to your company or organization, are these goods or services being provided in compliance with the terms of the contract, on time, and within budget? If not, please explain.
- (7) How satisfied are you with the reference subject's ability to perform based on your expectations and according to the contractual arrangements?
- (8) In what areas of goods or service delivery does/did the reference subject excel?
- (9) In what areas of goods or service delivery does/did the reference subject fall short?
- (10) What is the level of your satisfaction with the reference subject's project management structures, processes, and personnel?

*Please respond by circling the appropriate number on the scale below.*

What, if any, comments do you have regarding the score selected above?

(11) **Considering the staff assigned by the reference subject to deliver the goods or services described in response to question 3 above, how satisfied are you with the technical abilities, professionalism, and interpersonal skills of the individuals assigned?**

*Please respond by circling the appropriate number on the scale below.*

**What, if any, comments do you have regarding the score selected above?**

(12) **Would you contract again with the reference subject for the same or similar goods or services?**

*Please respond by circling the appropriate number on the scale below.*

**RFP # 32505-00218 PRO FORMA CONTRACT**

The *Pro Forma* Contract detailed in following pages of this exhibit contains some “blanks” (signified by descriptions in capital letters) that will be completed with appropriate information in the final contract resulting from the RFP.

**CONTRACT  
BETWEEN THE STATE OF TENNESSEE,  
Department of Agriculture  
AND  
CONTRACTOR NAME**

This Contract, by and between the State of Tennessee, Department of Agriculture ("State") and Contractor Legal Entity Name ("Contractor"), is for the provision of LABORATORY TESTING OF ENGINE AND HEATING FUELS, REPORTING OF RESULTS, AND RELATED SUPPORT SERVICES, as further defined in the "SCOPE." State and Contractor may be referred to individually as a "Party" or collectively as the "Parties" to this Contract.

The Contractor is a/an Individual, For-Profit Corporation, Non-Profit Corporation, Special Purpose Corporation Or Association, Partnership, Joint Venture, Or Limited Liability Company.  
Contractor Place of Incorporation or Organization: Location  
Contractor Edison Registration ID # Number

**A. SCOPE:**

- A.1. The Contractor shall provide all goods or services and deliverables as required, described, and detailed below and shall meet all service and delivery timelines as specified by this Contract.
- A.2. Laboratory Analysis – Volume of Samples

The Contractor shall provide laboratory quality analysis for approximately eight thousand, two hundred fifty (8250) petroleum product samples per year throughout the duration of the contract period.

The product types and number of each to be submitted annually is approximately:

Gasoline/Gasoline Oxygenate Blends	5595
Diesel (Biodiesel < 6%)	1675
Diesel (Biodiesel > 6-20%)	150
Kerosene/Fuel Oils	400
Aviation Gasoline	50
Aviation Turbine Fuel	50
Biodiesel Blending Stock	100
Denatured Fuel Ethanol	100
Ethanol Flex Fuel (Ethanol Fuel Blends)	120
Liquefied Petroleum Gas	10

It shall be noted that the quantities stated above are an approximation.

- A.3. Laboratory Analysis – Routine Testing Scope Requirements

The following summarizes the requirements of the routine analytical scope of tests that shall be performed on each product sample submitted by the State unless otherwise requested, with exceptions as noted. The Contractor shall adhere to the most recently published edition of each test method, unless otherwise specified by the State.

- a. The requirements for laboratory analysis of gasoline and gasoline oxygenate blends shall be as follows:

<u>Gasoline and Gasoline Oxygenate Blends</u>	<u>Test Method</u>
Research Octane Number	ASTM D2699
Motor Octane Number	ASTM D2700
Antiknock Index	R+M/2
Phase Separation/Workmanship	ASTM D4814

Distillation (all points)	ASTM D86
Oxygenated Compounds (Individual vol% and total mass % oxygen)	ASTM D4815
Vapor Pressure	ASTM D5191
Vapor – Liquid Ratio Temperature	ASTM D5188
Drivability Index	ASTM D4814
Relative Density (Report as Required for Other Tests)	ASTM D1298 or D4052

b. The requirements for the laboratory analysis of diesel fuel shall be as follows:

<u>Diesel (Biodiesel &lt; 6 %)</u>	<u>Test Method</u>
Distillation (all points)	ASTM D86
Flash Point	ASTM D93
Sulfur	ASTM D5453
Cetane Number*	ASTM D613 or D6890 or D7170
Cetane Index	ASTM D4737
Water & Sediment	ASTM D2709
Relative Density (Report as Required for Other Tests)	ASTM D1298 or ASTM D4052
Biodiesel (FAME) Content	ASTM D7371
Cold Temperature Operability**	ASTM D2500 & ASTM D4539
Lubricity***	ASTM D6079
Haze Rating	ASTM D4176
Water, KF Titration****	ASTM D6304 or E1064
Particle Counts*****	ASTM D7596

\*Cetane number shall be reported on samples where the Cetane Index calculation is less than or equal to 43 and on any sample certified or otherwise required to meet a minimum cetane number above 40. If D6890 or D7170 is used to perform this test, and a sample test result does not conform to the specification, D613 must be performed to validate the final result.

\*\*Cold temperature operability shall be performed on twenty percent (20%) of the samples collected Oct – March when biodiesel is detected through test method D7371. ASTM D2500 shall be performed first. If ASTM D2500 fails to meet state standards, D4539 shall be performed. In addition, D4539 shall be performed on twenty percent (40%) of the samples selected for cold temperature verification.

\*\*\*Lubricity shall be performed on fifteen percent (15%) of the diesel samples submitted. The State will provide direction on the samples to be tested.

\*\*\*\*Water by KF Titration shall be performed on 15% of the diesel samples submitted. The State will provide direction on the samples to be tested.

\*\*\*\*\*Particle Counts shall be performed on 10% of the diesel samples submitted. The State will provide direction on the samples to be tested.

c. The requirements for laboratory analysis of kerosene and fuel oils shall be as follows:

<u>Kerosene / Fuel Oils</u>	<u>Test Method</u>
Distillation (all points)	ASTM D86
Sulfur	ASTM D5453
Flash Point	ASTM D56
Water & Sediment	ASTM D2709
Saybolt Color (Kerosene Only)	ASTM D156
Relative Density (Report as Required for Other Tests)	ASTM D1298 or ASTM D4052

- d. The requirements for laboratory analysis of aviation turbine fuel shall be as follows:

<u>Aviation Turbine Fuel</u>	<u>Test Method</u>
Distillation (all points)	ASTM D86
	(Group 4 with the cooler set to the Group 3 temperature)
Flash Point	ASTM D56
Freeze Point	ASTM D2386 or D5972
Density	ASTM D1298 or
	ASTM D4052
Thermal Stability	ASTM D3241
	Annex A2 or A3
Existent Gum	ASTM D381
FAME Content	D7797

- e. The requirements for laboratory analysis of aviation gasoline shall be as follows:

<u>Aviation Gasoline</u>	<u>Test Method</u>
Knock Value, lean mixture (MON & ALN reported)	ASTM D2700
Distillation (all points)	ASTM D86
Vapor Pressure	ASTM D5191
Water Reaction	ASTM D1094
Density	ASTM D1298 or
	ASTM D4052
Oxidation Stability	ASTM D873

- f. The requirements for laboratory analysis of liquefied petroleum gas shall be as follows:

<u>LPG</u>	<u>Test Method</u>
Compositional Analysis	ASTM D2163
Sulfur	ASTM D2784
	or
	ASTM D6667
Relative Density (calculated from D 2163 data)	ASTM D2598
Vapor Pressure (calculated from D 2163 data)	ASTM D2598
Moisture Content	ASTM D2713

- g. The requirements for laboratory analysis of biodiesel blending stock shall be as follows:

<u>Biodiesel Blending Stock</u>	<u>Test Method</u>
Metals (Ca, Mg, Na, K)	EN 14538
Flash Point	ASTM D93
Methanol Content*	EN 14110
Water & Sediment	ASTM D2709
Kinematic viscosity	ASTM D445
Sulfated Ash	ASTM D874
Sulfur	ASTM D5453
Cu Strip Corrosion	ASTM D130
Cetane No.**	ASTM D613 or
	D6890 or D7170
Carbon Residue	ASTM D4530
Acid No.	ASTM D664
Cold Soak Filterability	ASTM D7501
Total & Free Glycerin (Also report Mono, Di, & Tri Glycerides)	ASTM D6584
Phosphorus Content	ASTM D4951
Distillation Temperature (all points)	ASTM D1160
Oxidation Stability	EN 15751
Cloud Point	ASTM D2500

Relative Density (Report as Required for Other Tests)                      ASTM D1298 /  
ASTM D4052

\* Methanol Content will be reported on samples with flash points above 93 °C and below 130 °C.

\*\* If D6890 or D7170 is used to perform this test, and a sample test result does not conform to the specification, D613 must be reported to validate the final result.

- h. The requirements for laboratory analysis of biodiesel blends shall be as follows:

<u>Diesel Fuel (Biodiesel 6-20%)</u>	<u>Test Method</u>
Distillation (all points)	ASTM D86
Flash Point	ASTM D93
Sulfur	ASTM D5453
Cetane Number*	ASTM D613 or D6890 or D7170
Cetane Index	ASTM D4737
Water & Sediment	ASTM D2709
Relative Density (Report as Required for Other Tests)	ASTM D1298 or ASTM D4052
Biodiesel (FAME) Content	ASTM D7371
Cold Temperature Operability**	ASTM D2500 and ASTM D4539
Acid No.	ASTM D664
Oxidation Stability	EN 15751
Water, KF Titration	ASTM D6304 or E1064
Particle Counts	ASTM D7596

\* Cetane number shall ONLY be reported on samples where the Cetane Index calculation is less than or equal to 43 and on any sample certified or otherwise required to meet a minimum cetane number above 40. If D6890 or D7170 is used to perform this test, and a sample test result does not conform to the specification, then D613 must be performed to validate the final result.

\*\*Cold temperature operability shall be performed on samples collected Oct – March. Both D2500 and D4539 tests shall be reported.

- i. The requirements for laboratory analysis of ethanol flex fuel shall be as follows:

<u>Ethanol Flex Fuel</u>	<u>Test Method</u>
Ethanol & Methanol Content	ASTM D5501
Vapor Pressure	ASTM D5191
Acidity	ASTM D1613
Gum, Washed & Unwashed	ASTM D381
pH <sub>e</sub>	ASMT D6423
Inorganic Chloride	ASTM D7328 / ASTM D7319
Water	ASTM E203 or ASTM E1064
Relative Density (Report as Required for Other Tests)	ASTM D1298 or ASTM D4052

- j. The requirements for laboratory analysis of denatured fuel ethanol shall be as follows:

<u>Denatured Fuel Ethanol</u>	<u>Test Method</u>
Ethanol & Methanol Content	ASTM D5501
Gum, Washed & Unwashed	ASTM D381

Water	ASTM E203 or ASTM E1064
Inorganic Chloride & Sulfate	ASTM D7328 or ASTM D7319
Copper	ASTM D1688*
Acidity	ASTM D1613**
pH <sub>e</sub>	ASMT D6423
Relative Density (Report as Required for Other Tests)	ASTM D1298 or ASTM D4052

#### A.4. Hand Blending of Samples in the Laboratory

The Contractor shall make hand blends of samples, as necessary, to simulate the final product that is being verified by laboratory testing. Hand blending of gasoline and gasoline blendstocks with denatured fuel ethanol, biodiesel with diesel fuel, or base fuels with other fuel extenders shall be performed using the procedures contained within ASTM D7717.

#### A.5. Laboratory Facilities and Performance

The Contractor shall accurately perform all testing at a laboratory facility agreed upon in writing by the State. At any time during the contract period, the State may request the Contractor to obtain current inspection data that provides confirmation that the facility is in compliance with any and all regulatory safety and health requirements and provide such inspection data to the State, provided that the information is not requested more than once annually.

As of the effective date of this contract and upon request of the State, the laboratory must have and provide evidence to the State that the laboratory is currently accredited to the most current ISO/IEC 17025 standards. The accreditation body of the laboratory must be a full member of the International Laboratory Accreditation Cooperation (ILAC) and a signatory to the ILAC Mutual Recognition Arrangement (MRA). At a minimum, the scope of accreditation must cover the following tests:

Vapor Pressure, ASTM D5191  
 Vapor-Liquid Ratio, ASTM D5188  
 Density, Relative Density, and API Gravity, ASTM D4052  
 Distillation, ASTM D86  
 Sulfur, ASTM D5453  
 Sulfur, ASTM D4294  
 Oxygenates, ASTM D4815  
 Flash Point, ASTM D93  
 Research Octane Number, ASTM D2699  
 Motor Octane Number, ASTM D2700  
 Anti-knock Index, ASTM D4814 X1.4

All Non-Conformances detected on any test procedure within the scope of this contract shall be reported to the State. The Non-Conformance will include Root Cause Analysis and Corrective Actions.

The laboratory must provide objective evidence that the quality control procedures for any test methods being performed under this contract that are not covered under the ISO/IEC 17025 scope of accreditation are being performed under a quality management system which incorporates management and technical requirements of ISO/IEC 17025:2005 that is documented in a Quality Manual and associated procedures that include: calibration and maintenance of equipment; analyses are performed using validated and verified test procedures; Documentation of sample traceability; documentation of analytical results and analysts performing work; analysts that are trained and authorized to perform technical procedures; and periodic audits. The system must also include (a) a documented process that defines the activities necessary to take corrective action when non-conforming work occurs; including root

cause analysis and recording of investigations into root cause; (b) a document control procedure that assures documents issued to personnel are current, suitable, and reviewed and approved by authorized personnel prior to release. The procedure must also assure that obsolete documents are removed from use; (c) documented record keeping process that assures that records of original observations and data collection are maintained and sufficient to establish traceability of test results to sample handling and storage, to sample analysis including data collection, to equipment calibration and maintenance, and to the review of test results prior to release; (d) a documented process to assure that reference materials and reference cultures used are fit for purpose, are not outdated, and are traceable to a lot number or other unique identifier; (e) a documented process to assure that the laboratory participates in relevant and available proficiency testing activities.

A.6. Shipping of Samples to Third Party Laboratory

The Contractor shall be responsible for shipping, from time to time as requested by the State, samples identified by the State to a mutually agreeable third party laboratory as a means of performance verification.

A.7. State Owned Equipment

The State shall provide the Contractor with a Low Temperature Flow Test unit that complies with ASTM D4539. The unit shall only be used for samples as authorized by the State. The Contractor shall use this test equipment to meet the LTFT Cold Flow testing requirements. The State shall be responsible for the cost of replacement parts and maintenance that must be performed by the equipment manufacturer. The Contractor shall be responsible for proper operation, routine maintenance of the unit and provide standard consumables necessary for continuous operation of the equipment.

A.8. Laboratory Inspection and Audits

The State shall be granted access to the Contractor's laboratory facility during normal business hours in order to inspect, audit, or otherwise confirm that the laboratory is operating under satisfactory standards and adequately performing the duties of this contract. The Contractor shall invite the State to participate and observe in any and all laboratory audits and submit to the State the results of any audits (internal and external) conducted on the laboratory during the term of this contract.

A.9. Laboratory Operation Hours

The Contractor shall maintain functional laboratory hours necessary to comply with the requirements of this contract. In addition, in order to ensure availability of information to the State, the Contractor shall designate an individual that shall be the primary contact between the State and the Contractor's laboratory. This individual shall be the laboratory or administrative manager for the Contractor's laboratory. The Contractor's primary contact shall routinely be available for consultation on matters directly related to this contract between the hours of 8:00 am and 4:30pm (local time) each Monday through Friday, excluding holidays.

A.10. Proficiency Test Program Participation

The Contractor shall maintain an active status in at least one (1) regional exchange group recognized and accepted by the engine fuels industry and where Research Octane Number and Motor Octane Number are contained in the test parameters. Additionally, the contractor shall participate in the following ASTM Interlaboratory Crosscheck Programs: Reformulated Gasoline; No. 2 Diesel; Biodiesel; Fuel Ethanol. The Contractor shall provide the State with all results of exchange samples within seven (7) days after the Contractor receives the statistical data from the exchange group statistician for each sample tested. This includes the raw data received from the exchange group in addition to any summary data compiled by the Contractor. In the event that the Contractor's data is deemed an outlier, a nonconformance report including root cause analysis and corrective actions shall be provided to the State within fourteen (14) days of the

Contractor's receipt of the exchange data. The report must be conclusive and clearly state in narrative formation the corrective measures being taken by the Contractor.

#### A.11. Delivery of Samples to Contractor

The State shall deliver sample sets to the Contractor laboratory if the laboratory is operating within the Metropolitan Nashville area. Samples will be delivered directly to the local laboratory a minimum of two (2) days per week and up to (5) days per week, unless holidays or unusual circumstances prevent the normal delivery of samples. The laboratory must maintain flexible hours that will ensure a laboratory representative is on duty and available to receive the samples. The samples will be inspected and logged into the laboratory at the time of delivery for purposes of chain of custody documentation.

If the Contractor performs services outside the Nashville Metropolitan area, the Contractor shall be responsible for all sample shipping details, including packing samples and associated paperwork. The State will provide sample sets a minimum of two (2) days per week and up to four (4) days per week for pick-up at Ellington Agricultural Center or other mutually agreeable sites at mutually agreeable times, unless holidays or unusual circumstances prevent the normal delivery of samples. The Contractor shall be responsible for ensuring that the chain of custody is preserved on all shipped samples, whether to a contractor's laboratory or to an approved subcontractor and that they are shipped in a timely manner that will allow the Contractor to meet the turnaround requirements of A.12.

#### A.12. Reporting of Results

The Contractor shall report to the State the accurate analytical results for each sample submitted by the State within four business days after the sample has been released to the Contractor. A sample shall be considered released to the Contractor after delivery to the laboratory operating in the Nashville Metropolitan area or delivered to any Contractor representative designated to coordinate shipment of samples to a laboratory outside the Nashville Metropolitan area. The Contractor is responsible for all data entry directly into the State's computer system.

The Contractor shall be responsible for evaluating the test results obtained on each sample against product specifications adopted as state standards. The State shall be contacted by either telephone or e-mail immediately upon the determination that a sample test parameter has failed any state standard. Each result shall indicate the compliance status of each specification parameter in a format dictated by the data management software supplied by the State. Any parameter result reported that will result in a non-compliant sample will be tested a minimum of two (2) times for the parameter in question before the results are reported to the State. When a test method allows for more than one procedure, the procedure generally considered the most precise and reliable must be used to confirm that a sample is out of specification. If there is more than one procedure and the Contractor is unsure which procedure to follow, the Contractor must seek guidance from the State.

#### A.13. Sampling Materials

The Contractor shall supply all equipment needed to perform sampling of engine fuel and heating fuel products for each of approximately twenty-five (25) State inspectors. Minimum equipment shall include sample containers appropriate for sampling from fuel dispensing nozzles, bottles for sampling from terminal shore tanks or other appropriate sampling points, bottle catchers as needed, aluminum bottle carriers, rope, caps, inner seals, sample tags with attachment ties, sample integrity seals, pencil thieves (aka pencil bombs) and any other equipment and supplies mandatory for proper sampling and chain of custody preservation. All equipment and supplies

must meet ASTM D4057, ASTM D5842, and when applicable, United States Environmental Protection Agency specifications. The contractor shall be responsible for the proper disposition of any disposable items, such as cans or bottles, after the value of such items are depleted. Sampling equipment that can affect the sample results must be cleaned by a process approved by the State if the equipment is to be used more than once. All reusable sampling equipment becomes property of the State upon termination of this contract.

A.14. Retention of Samples and Sample Retain Disposition

All sample residuals shall be retained for a minimum of fourteen (14) days after the final data is reported to the State. Any samples that fail to comply with State specifications on any test shall be retained until authorization for disposal is granted by the State.

After the sample retention period expires, the Contractor shall: (1) Be responsible for proper disposal of the fuel as waste material with a monthly summary of disposition to accompany each invoice. (2) Convey the fuel as reprocessing feedstock and monthly subtract the revenue received from such conveyance from the invoice submitted to the State for services rendered. A monthly summary shall accompany each invoice. The State will direct the laboratory as to which of the above options shall be exercised at any time during the contract period.

No employee of the Contractor may use any portion of the samples for their personal use. However, the Contractor may use the fuel for warm-up and maintenance verification of test equipment, e.g. octane engines.

Upon termination of this agreement, all samples then being retained shall be delivered to such locations as the State may direct, FOB Contractors facility. In the absence of such direction, the Contractor shall dispose of all such samples, regardless of any prior retention policies or instructions.

A.15. Witnesses

The Contractor shall make competent, responsible personnel available as necessary to serve as witnesses in connection with legal enforcement action. The Contractor shall provide all witnesses necessary to testify to proper custody transfer and testing. When deemed necessary by the State, the witness shall possess the education, knowledge, and experience necessary to qualify as an "Expert Witness".

A.16. Workshop

The Contractor shall provide one (1) workshop for approximately twenty-five (25) employees of the Tennessee Department of Agriculture. The workshop shall include, as a minimum, topics covering 1) sampling of fuel products covered under this contract, 2) hazardous materials handling that is applicable to the job of inspector and transporter of limited quantity samples, and 3) general safety practices. The contractor shall provide each State participant with a manual that covers the content of the presentation. The workshop shall be conducted at the Ellington Agricultural Center, Nashville, Tennessee or other agreed upon locations at dates and times mutually agreeable between the State and the Contractor. Each participant shall be provided with documentation of workshop participation.

A.17. Non-Routine Testing

The Contractor shall provide non-routine testing on samples submitted for a discount of \_\_\_\_ from the most current published catalog prices of the organization. Revised catalog prices must be provided to the state by July 1, or at every interval where prices are amended, whichever occurs first, throughout the duration of this contract

A.18. Warranty. Contractor represents and warrants that the term of the warranty ("Warranty Period") shall be the greater of the Term of this Contract or any other warranty general offered by

Contractor, its suppliers, or manufacturers to customers of its goods or services. The goods or services provided under this Contract shall conform to the terms and conditions of this Contract throughout the Warranty Period. Any nonconformance of the goods or services to the terms and conditions of this Contract shall constitute a "Defect" and shall be considered "Defective." If Contractor receives notice of a Defect during the Warranty Period, then Contractor shall correct the Defect, at no additional charge.

Contractor represents and warrants that the State is authorized to possess and use all equipment, materials, software, and deliverables provided under this Contract.

Contractor represents and warrants that all goods or services provided under this Contract shall be provided in a timely and professional manner, by qualified and skilled individuals, and in conformity with standards generally accepted in Contractor's industry.

If Contractor fails to provide the goods or services as warranted, then Contractor will re-provide the goods or services at no additional charge. If Contractor is unable or unwilling to re-provide the goods or services as warranted, then the State shall be entitled to recover the fees paid to Contractor for the Defective goods or services. Any exercise of the State's rights under this Section shall not prejudice the State's rights to seek any other remedies available under this Contract or applicable law.

- A.19. Inspection and Acceptance. The State shall have the right to inspect all goods or services provided by Contractor under this Contract. If, upon inspection, the State determines that the goods or services are Defective, the State shall notify Contractor, and Contractor shall re-deliver the goods or provide the services at no additional cost to the State. If after a period of thirty (30) days following delivery of goods or performance of services the State does not provide a notice of any Defects, the goods or services shall be deemed to have been accepted by the State.

**B. TERM OF CONTRACT:**

This Contract shall be effective on July 1, 2017 ("Effective Date") and extend for a period of sixty (60) months after the Effective Date ("Term"). The State shall have no obligation for goods or services provided by the Contractor prior to the Effective Date.

**C. PAYMENT TERMS AND CONDITIONS:**

- C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed Written Dollar Amount (\$Number) ("Maximum Liability"). This Contract does not grant the Contractor any exclusive rights. The State does not guarantee that it will buy any minimum quantity of goods or services under this Contract. Subject to the terms and conditions of this Contract, the Contractor will only be paid for goods or services provided under this Contract after a purchase order is issued to Contractor by the State or as otherwise specified by this Contract.
- C.2. Compensation Firm. The payment methodology in Section C.3. of this Contract shall constitute the entire compensation due the Contractor for all goods or services provided under this Contract regardless of the difficulty, materials or equipment required. The payment methodology includes all applicable taxes, fees, overhead, and all other direct and indirect costs incurred or to be incurred by the Contractor.
- C.3. Payment Methodology. The Contractor shall be compensated based on the payment methodology for goods or services authorized by the State in a total amount as set forth in Section C.1.
- a. The Contractor's compensation shall be contingent upon the satisfactory provision of goods or services as set forth in Section A.
  - b. The Contractor shall be compensated based upon the following payment methodology:

- C.4. Travel Compensation. The Contractor shall not be compensated or reimbursed for travel time, travel expenses, meals, or lodging.
- C.5. Invoice Requirements. The Contractor shall invoice the State only for goods delivered and accepted by the State or services satisfactorily provided at the amounts stipulated in Section C.3., above. Contractor shall submit invoices and necessary supporting documentation, no more frequently than once a month, and no later than thirty (30) days after goods or services have been provided to the following address:

Tennessee Department of Agriculture  
Consumer & Industry Services Division  
ATTN: Rachel L. Sullivan  
P.O. Box 40627  
Nashville, TN 37204  
Rachel.L.Sullivan@tn.gov

- a. Each invoice, on Contractor's letterhead, shall clearly and accurately detail all of the following information (calculations must be extended and totaled correctly):
- (1) Invoice number (assigned by the Contractor);
  - (2) Invoice date;
  - (3) Contract number (assigned by the State);
  - (4) Customer account name: Tennessee Department of Agriculture, Consumer & Industry Services Division;
  - (5) Customer account number (assigned by the Contractor to the above-referenced Customer);
  - (6) Contractor name;
  - (7) Contractor Tennessee Edison registration ID number;
  - (8) Contractor contact for invoice questions (name, phone, or email);
  - (9) Contractor remittance address;
  - (10) Description of delivered goods or services provided and invoiced, including identifying information as applicable;
  - (11) Number of delivered or completed units, increments, hours, or days as applicable, of each good or service invoiced;
  - (12) Applicable payment methodology (as stipulated in Section C.3.) of each good or service invoiced;
  - (13) Amount due for each compensable unit of good or service; and
  - (14) Total amount due for the invoice period.
- b. Contractor's invoices shall:
- (1) Only include charges for goods delivered or services provided as described in Section A and in accordance with payment terms and conditions set forth in Section C;
  - (2) Only be submitted for goods delivered or services completed and shall not include any charge for future goods to be delivered or services to be performed;

- (3) Not include Contractor's taxes, which includes without limitation Contractor's sales and use tax, excise taxes, franchise taxes, real or personal property taxes, or income taxes; and
    - (4) Include shipping or delivery charges only as authorized in this Contract.
  - c. The timeframe for payment (or any discounts) begins only when the State is in receipt of an invoice that meets the minimum requirements of this Section C.5.
- C.6. Payment of Invoice. A payment by the State shall not prejudice the State's right to object to or question any payment, invoice, or other matter. A payment by the State shall not be construed as acceptance of goods delivered, any part of the services provided, or as approval of any amount invoiced.
- C.7. Invoice Reductions. The Contractor's invoice shall be subject to reduction for amounts included in any invoice or payment that is determined by the State, on the basis of audits conducted in accordance with the terms of this Contract, to not constitute proper compensation for goods delivered or services provided.
- C.8. Deductions. The State reserves the right to deduct from amounts, which are or shall become due and payable to the Contractor under this or any contract between the Contractor and the State of Tennessee, any amounts that are or shall become due and payable to the State of Tennessee by the Contractor.
- C.9. Prerequisite Documentation. The Contractor shall not invoice the State under this Contract until the State has received the following, properly completed documentation.
- a. The Contractor shall complete, sign, and present to the State the "Authorization Agreement for Automatic Deposit Form" provided by the State. By doing so, the Contractor acknowledges and agrees that, once this form is received by the State, payments to the Contractor, under this or any other contract the Contractor has with the State of Tennessee, may be made by ACH; and
  - b. The Contractor shall complete, sign, and return to the State the State-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the Contractor's Federal Employer Identification Number or Social Security Number referenced in the Contractor's Edison registration information.
- D. MANDATORY TERMS AND CONDITIONS:**
- D.1. Required Approvals. The State is not bound by this Contract until it is duly approved by the Parties and all appropriate State officials in accordance with applicable Tennessee laws and regulations. Depending upon the specifics of this Contract, this may include approvals by the Commissioner of Finance and Administration, the Commissioner of Human Resources, the Comptroller of the Treasury, and the Chief Procurement Officer. Approvals shall be evidenced by a signature or electronic approval.
- D.2. Communications and Contacts. All instructions, notices, consents, demands, or other communications required or contemplated by this Contract shall be in writing and shall be made by certified, first class mail, return receipt requested and postage prepaid, by overnight courier service with an asset tracking system, or by email or facsimile transmission with recipient confirmation. All communications, regardless of method of transmission, shall be addressed to the respective Party at the appropriate mailing address, facsimile number, or email address as stated below or any other address provided in writing by a Party.

All instructions, notices, consents, demands, or other communications shall be considered effective upon receipt or recipient confirmation as may be required.

- D.3. Modification and Amendment. This Contract may be modified only by a written amendment signed by all Parties and approved by all applicable State officials.
- D.4. Subject to Funds Availability. The Contract is subject to the appropriation and availability of State or federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate this Contract upon written notice to the Contractor. The State's exercise of its right to terminate this Contract shall not constitute a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. If the State terminates this Contract due to lack of funds availability, the Contractor shall be entitled to compensation for all conforming goods requested and accepted by the State and for all satisfactory and authorized services completed as of the termination date. Should the State exercise its right to terminate this Contract due to unavailability of funds, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages of any description or amount.
- D.5. Termination for Convenience. The State may terminate this Contract for convenience without cause and for any reason. The State shall give the Contractor at least thirty (30) days written notice before the termination date. The Contractor shall be entitled to compensation for all conforming goods delivered and accepted by the State or for satisfactory, authorized services completed as of the termination date. In no event shall the State be liable to the Contractor for compensation for any goods neither requested nor accepted by the State or for any services neither requested by the State nor satisfactorily performed by the Contractor. In no event shall the State's exercise of its right to terminate this Contract for convenience relieve the Contractor of any liability to the State for any damages or claims arising under this Contract.
- D.6. Termination for Cause. If the Contractor fails to properly perform its obligations under this Contract in a timely or proper manner, or if the Contractor materially violates any terms of this Contract ("Breach Condition"), the State shall have the right to immediately terminate the Contract and withhold payments in excess of compensation for completed services or provided goods. Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any Breach Condition and the State may seek other remedies allowed at law or in equity for breach of this Contract.
- D.7. Assignment and Subcontracting. The Contractor shall not assign this Contract or enter into a subcontract for any of the goods or services provided under this Contract without the prior written approval of the State. Notwithstanding any use of the approved subcontractors, the Contractor shall be the prime contractor and responsible for compliance with all terms and conditions of this Contract. The State reserves the right to request additional information or impose additional

terms and conditions before approving an assignment of this Contract in whole or in part or the use of subcontractors in fulfilling the Contractor's obligations under this Contract.

- D.8. Conflicts of Interest. The Contractor warrants that no part of the Contractor's compensation shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Contractor in connection with any work contemplated or performed under this Contract.

The Contractor acknowledges, understands, and agrees that this Contract shall be null and void if the Contractor is, or within the past six (6) months has been, an employee of the State of Tennessee or if the Contractor is an entity in which a controlling interest is held by an individual who is, or within the past six (6) months has been, an employee of the State of Tennessee.

- D.9. Nondiscrimination. The Contractor hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the Contractor on the grounds of handicap or disability, age, race, creed, color, religion, sex, national origin, or any other classification protected by federal or state law. The Contractor shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

- D.10. Prohibition of Illegal Immigrants. The requirements of Tenn. Code Ann. § 12-3-309 addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.

- a. The Contractor agrees that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document at Attachment 1, semi-annually during the Term. If the Contractor is a party to more than one contract with the State, the Contractor may submit one attestation that applies to all contracts with the State. All Contractor attestations shall be maintained by the Contractor and made available to State officials upon request.
- b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the Term, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work under this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work under this Contract. Attestations obtained from subcontractors shall be maintained by the Contractor and made available to State officials upon request.
- c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Contractor's records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
- d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Tenn. Code Ann. § 12-3-309 for acts or omissions occurring after its effective date.
- e. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not: (i) a United States citizen; (ii) a Lawful Permanent Resident; (iii) a person whose physical presence in the United States is authorized; (iv) allowed by the federal Department of Homeland Security and who, under federal immigration laws or regulations, is authorized to be employed in the U.S.; or (v) is otherwise authorized to provide services under the Contract.

- D.11. Records. The Contractor shall maintain documentation for all charges under this Contract. The books, records, and documents of the Contractor, for work performed or money received under this Contract, shall be maintained for a period of five (5) full years from the date of the final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the State, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.
- D.12. Monitoring. The Contractor's activities conducted and records maintained pursuant to this Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.
- D.13. Progress Reports. The Contractor shall submit brief, periodic, progress reports to the State as requested.
- D.14. Strict Performance. Failure by any Party to this Contract to require, in any one or more cases, the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the Parties.
- D.15. Independent Contractor. The Parties shall not act as employees, partners, joint venturers, or associates of one another. The Parties are independent contracting entities. Nothing in this Contract shall be construed to create an employer/employee relationship or to allow either Party to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one Party are not employees or agents of the other Party.
- D.16. Patient Protection and Affordable Care Act. The Contractor agrees that it will be responsible for compliance with the Patient Protection and Affordable Care Act ("PPACA") with respect to itself and its employees, including any obligation to report health insurance coverage, provide health insurance coverage, or pay any financial assessment, tax, or penalty for not providing health insurance. The Contractor shall indemnify the State and hold it harmless for any costs to the State arising from Contractor's failure to fulfill its PPACA responsibilities for itself or its employees.
- D.17. Limitation of State's Liability. The State shall have no liability except as specifically provided in this Contract. In no event will the State be liable to the Contractor or any other party for any lost revenues, lost profits, loss of business, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Contract or otherwise. The State's total liability under this Contract (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability. This limitation of liability is cumulative and not per incident.
- D.18. Limitation of Contractor's Liability. In accordance with Tenn. Code Ann. § 12-3-701, the Contractor's liability for all claims arising under this Contract shall be limited to an amount equal to two (2) times the Maximum Liability amount detailed in Section C.1. and as may be amended, PROVIDED THAT in no event shall this Section limit the liability of the Contractor for: (i) intellectual property or any Contractor indemnity obligations for infringement for third-party intellectual property rights; (ii) any claims covered by any specific provision in the Contract providing for liquidated damages; or (iii) any claims for intentional torts, criminal acts, fraudulent conduct, or acts or omissions that result in personal injuries or death.
- D.19. Hold Harmless. The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims, liabilities, losses, and causes of action which may arise, accrue, or result to any person, firm, corporation, or other entity which may be injured or damaged as a result of acts, omissions, or negligence on

the part of the Contractor, its employees, or any person acting for or on its or their behalf relating to this Contract. The Contractor further agrees it shall be liable for the reasonable cost of attorneys for the State to enforce the terms of this Contract.

In the event of any suit or claim, the Parties shall give each other immediate notice and provide all necessary assistance to respond. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

- D.20. Insurance. Contractor shall provide the State a certificate of insurance ("COI") evidencing the coverages and amounts specified below. The COI shall be provided ten (10) business days prior to the Effective Date and again upon renewal or replacement of coverages required by this Contract. If insurance expires during the Term, the State must receive a new COI at least thirty (30) calendar days prior to the insurance's expiration date. If the Contractor loses insurance coverage, does not renew coverage, or for any reason becomes uninsured during the Term, the Contractor shall notify the State immediately.

The COI shall be on a form approved by the Tennessee Department of Commerce and Insurance ("TDCI") and signed by an authorized representative of the insurer. The COI shall list each insurer's national association of insurance commissioners (also known as NAIC) number and list the State of Tennessee, Risk Manager, 312 Rosa L. Parks Ave., 3<sup>rd</sup> floor Central Procurement Office, Nashville, TN 37243 in the certificate holder section. At any time, the State may require the Contractor to provide a valid COI detailing coverage description; insurance company; policy number; exceptions; exclusions; policy effective date; policy expiration date; limits of liability; and the name and address of insured. The Contractor's failure to maintain or submit evidence of insurance coverage is considered a material breach of this Contract.

If the Contractor desires to self-insure, then a COI will not be required to prove coverage. In place of the COI, the Contractor must provide a certificate of self-insurance or a letter on the Contractor's letterhead detailing its coverage, liability policy amounts, and proof of funds to reasonably cover such expenses. Compliance with Tenn. Code Ann. § 50-6-405 and the rules of the TDCI is required for the Contractor to self-insure workers' compensation.

All insurance companies must be: (a) acceptable to the State; (b) authorized by the TDCI to transact business in the State of Tennessee; and (c) rated A- VII or better by A. M. Best. The Contractor shall provide the State evidence that all subcontractors maintain the required insurance or that the subcontractors are included under the Contractor's policy.

The Contractor agrees to name the State as an additional insured on any insurance policies with the exception of workers' compensation (employer liability) and professional liability (errors and omissions) ("Professional Liability") insurance. Also, all policies shall contain an endorsement for a waiver of subrogation in favor of the State.

The deductible and any premiums are the Contractor's sole responsibility. Any deductible over fifty thousand dollars (\$50,000) must be approved by the State. The Contractor agrees that the insurance requirements specified in this Section do not reduce any liability the Contractor has assumed under this Contract including any indemnification or hold harmless requirements.

The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

All coverage required shall be on a primary basis and noncontributory with any other insurance coverage or self-insurance carried by the State. The State reserves the right to amend or require additional endorsements, types of coverage, and higher or lower limits of coverage depending on the nature of the work. Purchases or contracts involving any hazardous activity or equipment, tenant, concessionaire and lease agreements, alcohol sales, cyber-liability risks, environmental risks, special motorized equipment, or property may require customized insurance requirements (e.g. umbrella liability insurance) in addition to the general requirements listed below.

To achieve the required coverage levels, a combination of a specific policy written with an umbrella policy covering liabilities above stated limits is acceptable (For example: If appropriate limits are two million dollars (\$2,000,000) per occurrence and two million dollars (\$2,000,000) aggregate, acceptable coverage would include a specific policy covering one million dollars (\$1,000,000) per occurrence and one million dollars (\$1,000,000) aggregate written with an umbrella policy for one million dollars (\$1,000,000) per occurrence and one million dollars (\$1,000,000) aggregate. If the deficient underlying policy is for coverage area without aggregate limits (generally Automobile Liability and Employers' Liability Accident), Contractor shall provide a copy of the umbrella insurance policy documents to ensure that no aggregate limit applies to the umbrella policy for that coverage area as well.

a. Commercial General Liability

- 1) The Contractor shall maintain commercial general liability insurance, which shall be written on an Insurance Services Office, Inc. (also known as ISO) occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from property damage, premises/operations, independent contractors, contractual liability, completed operations/products, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).
- 2) The Contractor shall maintain bodily injury/property damage with a combined single limit not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate for bodily injury and property damage, including products and completed operations coverage with an aggregate limit of at least two million dollars (\$2,000,000).

b. Workers' Compensation and Employer Liability Insurance

- 1) For Contractors statutorily required to carry workers' compensation and employer liability insurance, the Contractor shall maintain:
  - i. Workers' compensation and employer liability insurance in the amounts required by appropriate state statutes.
- 2) If the Contractor certifies that it is exempt from the requirements of Tenn. Code Ann. §§ 50-6-101 – 103, then the Contractor shall furnish written proof of such exemption for one or more of the following reasons:
  - i. The Contractor employs fewer than five (5) employees;
  - ii. The Contractor is a sole proprietor;
  - iii. The Contractor is in the construction business or trades with no employees;
  - iv. The Contractor is in the coal mining industry with no employees;
  - v. The Contractor is a state or local government; or

- vi. The Contractor self-insures its workers' compensation and is in compliance with the TDCI rules and Tenn. Code Ann. § 50-6-405.

c. Automobile Liability Insurance

- 1) The Contractor shall maintain automobile liability insurance which shall cover liability arising out of any automobile (including owned, leased, hired, and non-owned automobiles).
- 2) The Contractor shall maintain bodily injury/property damage with a limit not less than one million dollars (\$1,000,000) per occurrence or combined single limit.

d. Professional Liability Insurance

- 1) Professional liability insurance shall be written on an occurrence basis. This coverage may be written on a claims-made basis but must include an extended reporting period or "tail coverage" of at least two (2) years after the Term;
- 2) Any professional liability insurance policy shall have a limit not less than one million dollars (\$1,000,000) per claim and two million dollars (\$2,000,000) in the aggregate; and
- 3) If the Contract involves the provision of services by medical professionals, a policy limit not less than two million (\$2,000,000) per claim and three million dollars (\$3,000,000) in the aggregate for medical malpractice insurance.

e. Site Specific Pollution Liability and Contractor's Pollution Liability Insurance

- 1) The Contractor shall maintain site specific pollution liability and separate contractor's pollution liability insurance with limits on both policies of not less than one million dollars (\$1,000,000) per occurrence or combined single limit; or
- 2) A Lab-Owner insurance package providing coverage for losses ordinarily covered by both site specific pollution liability and contractor's pollution liability insurance of not less than two million dollars (\$2,000,000) per occurrence or combined single limit may be used in the alternative; and
- 3) Site specific pollution liability and contractor's pollution liability insurance shall be written on an occurrence basis. This coverage may be written on a claims-made basis but must include an extended reporting period or "tail coverage" of at least two (2) years after the Term.

D.21. HIPAA Compliance. The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), Health Information Technology for Economic and Clinical Health ("HITECH") Act and any other relevant laws and regulations regarding privacy (collectively the "Privacy Rules"). The obligations set forth in this Section shall survive the termination of this Contract.

- a. Contractor warrants to the State that it is familiar with the requirements of the Privacy Rules, and will comply with all applicable requirements in the course of this Contract.

- b. Contractor warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of the Contract so that both parties will be in compliance with the Privacy Rules.
  - c. The State and the Contractor will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and Contractor in compliance with the Privacy Rules. This provision shall not apply if information received or delivered by the parties under this Contract is NOT “protected health information” as defined by the Privacy Rules, or if the Privacy Rules permit the parties to receive or deliver the information without entering into a business associate agreement or signing another document.
  - d. The Contractor will indemnify the State and hold it harmless for any violation by the Contractor or its subcontractors of the Privacy Rules. This includes the costs of responding to a breach of protected health information, the costs of responding to a government enforcement action related to the breach, and any fines, penalties, or damages paid by the State because of the violation.
- D.22. Tennessee Consolidated Retirement System. Subject to statutory exceptions contained in Tenn. Code Ann. §§ 8-36-801, *et seq.*, the law governing the Tennessee Consolidated Retirement System (“TCRS”), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established under Tenn. Code Ann. §§ 8-35-101, *et seq.*, accepts State employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of “employee/employer” and not that of an independent contractor, the Contractor, if a retired member of TCRS, may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the Term.
- D.23. Tennessee Department of Revenue Registration. The Contractor shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Contract.
- D.24. Debarment and Suspension. The Contractor certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:
- a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;
  - b. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
  - c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and
  - d. have not within a three (3) year period preceding this Contract had one or more public transactions (federal, state, or local) terminated for cause or default.

The Contractor shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its

principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

- D.25. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the Party except to the extent that the non-performing Party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing Party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either Party from its obligations under this Contract. Except as set forth in this Section, any failure or delay by a Party in the performance of its obligations under this Contract arising from a Force Majeure Event is not a default under this Contract or grounds for termination. The non-performing Party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the Party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Contractor's representatives, suppliers, subcontractors, customers or business apart from this Contract is not a Force Majeure Event under this Contract. Contractor will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Contractor's performance longer than forty-eight (48) hours, the State may, upon notice to Contractor: (a) cease payment of the fees until Contractor resumes performance of the affected obligations; or (b) immediately terminate this Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Contractor will not increase its charges under this Contract or charge the State any fees other than those provided for in this Contract as the result of a Force Majeure Event.
- D.26. State and Federal Compliance. The Contractor shall comply with all applicable state and federal laws and regulations in the performance of this Contract.
- D.27. Governing Law. This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee. The Tennessee Claims Commission or the state or federal courts in Tennessee shall be the venue for all claims, disputes, or disagreements arising under this Contract. The Contractor acknowledges and agrees that any rights, claims, or remedies against the State of Tennessee or its employees arising under this Contract shall be subject to and limited to those rights and remedies available under Tenn. Code Ann. §§ 9-8-101 - 407.
- D.28. Entire Agreement. This Contract is complete and contains the entire understanding between the Parties relating to its subject matter, including all the terms and conditions of the Parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the Parties, whether written or oral.
- D.29. Severability. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions of this Contract shall not be affected and shall remain in full force and effect. The terms and conditions of this Contract are severable.
- D.30. Headings. Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.
- D.31. Incorporation of Additional Documents. Each of the following documents is included as a part of this Contract by reference. In the event of a discrepancy or ambiguity regarding the Contractor's duties, responsibilities, and performance under this Contract, these items shall govern in order of precedence below:
- a. any amendment to this Contract, with the latter in time controlling over any earlier amendments;
  - b. this Contract with any attachments or exhibits (excluding the items listed at subsections c. through f., below), which includes Attachment 1;

- c. any clarifications of or addenda to the Contractor's proposal seeking this Contract;
- d. the State solicitation, as may be amended, requesting responses in competition for this Contract;
- e. any technical specifications provided to proposers during the procurement process to award this Contract; and
- f. the Contractor's response seeking this Contract.

D.32. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101 et.seq., addressing contracting with persons as defined at T.C.A. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Contract. The Contractor certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

**E. SPECIAL TERMS AND CONDITIONS:**

E.1. Conflicting Terms and Conditions. Should any of these special terms and conditions conflict with any other terms and conditions of this Contract, the special terms and conditions shall be subordinate to the Contract's other terms and conditions.
