Each vendor can bid on any of the facilities listed which pertain to their service area. All line items are set up by facility and each facility has three lines associated to them. All lines must be bid on per facility in order to be considered. These line items encompass per case pricing for 12oz soda (all flavors), 20oz soda (all flavors), and 20oz water. Each facility will be utilizing a minimum of one item associated to their location, but are under no obligation to use all three. The lowest overall pricing meeting specifications, combining all facility pricing, will decide the brand who wins this contract. If multiple distributors of that brand with the overall lowest pricing meeting specifications bid on one location, then the lowest of those distributors pricing will be utilized as the winning bid for that facility. The items used at each facility are determined by the Warden of each facility and are also incorporated into the chart below listing required flavors.
