

Tennessee Department of Transportation
Technician Certification Agreement

I, the undersigned, acknowledge and accept that there are certain moral and ethical responsibilities as a certified technician. I acknowledge that the Tennessee Department of Transportation (TDOT) has the right to, and will, revoke any certifications I possess for improper use of such certifications. I acknowledge that my certification may be revoked for, but not limited to:

- ◆ Improperly performing sampling, testing, or inspection of materials or workmanship to assure the acceptance or quality of such material or workmanship,
- ◆ Improperly reporting or falsifying quality control, acceptance, or assurance testing data,
- ◆ Deliberately and intentionally reporting data that was not obtained by testing,
- ◆ Accepting materials or products that are obviously of poor workmanship and non-compliant with the TDOT Specifications.

I agree to perform my responsibilities in a professional, honorable, and ethical manner, and, in not doing so, will be just cause to have any certifications revoked.
