Hardship License

The listings below are contractors who met the criteria to obtain a license prior to the next regularly scheduled board meeting, which is where it would be an undue hardship on the owner or be in the best interest of the public's safety and welfare. See T.C.A. § 62-6-111(k)(3) and Rule 0680-1-.02(2)-.14(3). Contractors must complete the application process, in its entirety, to be considered and provide a written request describing the hardship from the owner (*not the contractor*). The hardship letter must include: details of the hardship; reason the application process must be rushed; the need to use this particular contractor and not a contractor who already has a license; describe the project and location; and the bid date. Any hardship request which identifies potential license law violations, such as bidding or contracting for a project prior to obtaining a license, cannot be approved by the Director and the contractor would need to meet with the Board at the next scheduled meeting. A hardship request form may be obtained from the Board's "Forms and Download" website or at the following direct link:

<http://tn.gov/commerce/boards/contractors/documents/HardshipRequestForm.pdf>

Pursuant, T.C.A. § 62-6-109, Public Chapter 191, any applicant meeting the hardship criteria and approved by the Director, their license information must be posted on the website and ratified at the Board's next scheduled meeting. Therefore, if it is brought to the Board's attention of a license violation or a discrepancy in the application, the contractor's hardship approval by the Director may be voided and unapproved by the Board for license issuance. Should the contractor be approved, a letter will be issued confirming approval and a license certificate will be mailed after the regular scheduled Board meeting.

Public Notice
List of Contractor Hardship License Requests
November 17, 2009 – Board Meeting Agenda

Notice: *The above listed contractor(s) have been granted a license prior to the next board meeting. License certificates are not issued until after the full Board votes to ratify the Director's approval. The license status for new license applications will be identified as "Applicant in Process" until after the meeting, and later changed to "Active" upon issuance, with the expiration date of the license to be the last day of the month of issuance of the board meeting, for two years. License revisions will retain their current license expiration date.*

Should a hardship receive approval prior to the Board meeting and it comes to our attention of a license violation, such as offering to engage in contracting without a license, a citation may be issued by the Director, hardship approval will be void and he Board may reject or deny issuance of the license; hold for six (6) months; or assess civil penalties, in accordance of T.C.A. § 62-6-120.

License details with the classification and monetary limit are available on the website at: <http://licsrch.state.tn.us/>
