List of Formal Actions (Revoked and Suspended Licenses)

This list contains only formal hearing actions by the Board with license revocations, suspensions, civil penalties and relinquishments. To review disciplinary action of all “closed” cases, other than this list of formal action, you may do so by going to the Division of Regulatory Board’s “Disciplinary Actions” located on the web at: <http://tn.gov/commerce/boards/archive.html> This listing does not provide a complaint history of licensees; only formal disciplinary action, and you would need to contact the board office to check for the complaint history of a licensee, as well as those unlicensed.

Note: Disciplinary action on complaints is not listed on the “Disciplinary Actions” report until the complaint case is “closed”. If you do not find a contractor on this list, it does not mean a complaint has not been received. To check the complaint history of a contractor, or any other professions regulated by our Board (*home improvement contractor, limited licensed plumber (LLP), limited licensed electrician (LLE), or a prelicensed course provider*), you may contact our Board office by the following means: Telephone at 800-544-7693; fax a written request to (615) 532-2868; or email staff at the directory listed on the website at: <http://tn.gov/commerce/boards/contractors/> Specific details of “open” complaint cases cannot be released, as they are not public information until the investigation is “closed”. Complaint cases are not “closed” until the Board affords a contractor due process pursuant to the Uniform Administrative Procedures Act. This requires a formal hearing before an Administrative Judge, and if found guilty, the contractor is responsible for hearing costs, attorney fees and/or civil penalties assessed by the Board. If the respondent (contractor) fails to make payment of these penalties, it may be turned over to a collection agency (T.C.A. § 62-6-118, 120, and 125). The contractor may waive their right to a hearing and settle the case with a “Consent Order” and the case may then be closed without a hearing.

You may also check on a contractor by reviewing the list of “Problem Contractors” compiled by the Division of Consumer Affairs, and available on their website at: <http://tennessee.gov/consumer/> Problem contractors on this list are those who failed to respond to mediation with CHAMP - Contractor/Homeowner Accountability Mediation Program.

Please see our website for consumer tips and laws concerning the requirement of a license. The following is a list of formal actions of revoked, fined, relinquished and suspended licenses in alphabetical order:
