

If my class was to have to bury a time capsule
here is a few things i wold have put in it.
I wold put a penny in it to symbolise freedom
and what are money looks like.
Then the next item i wold have put in it
wold be a outfit of mine to show how
we dress to show how are life
evolved around how we were
and the last thing I wold have put in it
wold be a Bible to show religion
evolved around how we act'
thank you for hearing to how
I wold do a seton thinking
to explain how I wold de samtnings
and to show my alfabetik
abilate in this writing prompt.

G-5**Score Point: 2**

This response reflects flawed proficiency in expository writing skills. The writer identifies three items to be placed in a time capsule and provides specific reasons for these choices (to symbolize freedom; what our money looks like; how we dressed; to show religion evolved around how we act). Although the response is organized, there are serious errors in mechanics and very little development.
