NOTICE OF RECEIPT OF A PERMIT APPLICATION  
FOR A SOLID WASTE DISPOSAL FACILITY

Tipton County Government has applied to the Tennessee Department of Environment and Conservation (TDEC) Division of Solid Waste Management (DSWM) for a solid waste disposal facility permit modification to construct and operate a lateral expansion of the existing Class III Landfill, DML 84-0084. The facility is located in Tipton County, at 8279 Highway 51 South, Brighton, Tennessee (latitude 35°28'20.45" N/longitude 89°45'23" W). The waste materials to be accepted are classified as farming wastes, landscaping and land clearing wastes, demolition/construction waste, shredded automotive tires, and/or certain wastes having similar characteristics and approved in writing by the Department.

Under State law, the applicant must obtain a modification of the existing permit before constructing or operating the proposed facility expansion. DSWM has received a Part I Permit Application indicating Tipton County's desire to obtain the required major permit modification.

A complete permit application consists of both a Part I and a Part II, as described in Regulations Governing Solid Waste Processing and Disposal Facilities in Tennessee, Rule 1200-1-7-.02(2)(c). Upon receipt of a complete Part I and Part II application, DSWM will do an in-depth review to determine if the application meets the technical standards of the Regulations described in Rule Chapter 1200-1-7-.04(9), Solid Waste Processing and Disposal. Once the technical review is completed, DSWM will make a tentative decision to either grant or to deny the permit and will issue a public notice of such decision. This second notice will provide the public at least 45 days to submit written comments on the proposed action and to request a public hearing (a public hearing may be announced in this second notice if there is already significant public interest). If there is a significant degree of public interest found following the publication of this second notice, a public hearing will be scheduled, and a public notice issued at least 15 days before the hearing. After considering all comments received, the DSWM Director shall issue a final permit decision and a response to comments.
