

DATE: November 20, 2008**SUBJECT:** Improving Teacher Quality Grant Program Awards, 2008-09**ACTION RECOMMENDED:** Approval

BACKGROUND INFORMATION: Operating as Title II of the No Child Left Behind Act, the Improving Teacher Quality Grant Program is a federally funded program which provides grants to public and private higher education institutions and non-profit organizations. Administered in Tennessee by the Tennessee Higher Education Commission, these grants are designed to conduct training for K-12 teachers, paraprofessionals and principals. Eligible subject areas include Mathematics, Science, English/Language Arts, Social Studies, Foreign Languages (including English as a Second Language) and related Arts. The Commission adopted a State plan and created an Advisory Committee to review grant proposals and make funding recommendations to the Commission. This year's Advisory Committee is listed on Attachment A.

The attached materials present the projects and funding levels recommended by the Advisory Committee. The recommended projects reflect those that provide maximum effectiveness in involvement of instructional effort for public and private K-12 schools in Tennessee.

As a method of soliciting proposals in direct alignment with Tennessee's K-12 needs, the Request for Proposals included special categories that could be integrated into a project's goals and objectives. This initiative highlights strategies for professional development. Another feature in this year's review process was a two-tiered competition which included the General Competition and a Capacity Building Competition. The Capacity Building Competition was included to encourage more sustained and time intensive professional development. It differed from the General Competition in three major ways: institutions could request up to \$150,000 over a 18 month period, the participants would receive at least 6 hours of graduate credit, and school administrator participation was mandatory. The General Competition was the same as in previous years with institutions being able to request up to \$75,000 over a 12-month period.

Thirty-nine proposals were submitted; of those, the Advisory Committee recommended funding for 14 projects totaling \$1,060,897.

SUPPORTING DOCUMENTATION INCLUDED: A list of recommended institutions and funding levels is provided in Attachment B. The General Competition projects will be funded for the period January 1, 2009 to December 31, 2009 and the Capacity Building projects will be funded January 1, 2009 to

June 30, 2010. The grant review process is described on Attachment C to this agenda item.

OTHER SUPPORTING DOCUMENTS AVAILABLE: All grant proposals are available for review at the Commission office.

**ATTACHMENT B
RECOMMENDED PROJECTS FOR 2008-09**

PUBLIC FOUR-YEAR INSTITUTIONS

<u>Austin Peay State University</u> "Physics First in TENNESSEE (PFIT)" Dr. Sheila Farrell Pirkle	\$74, 927
<u>Middle Tennessee State University</u> "MATHEMATICAL LITERACY: Reading, Writing, Listening, and Speaking Mathematics" Dr. Jeremy Winters	\$60,000
<u>Tennessee Technological University</u> "Planting Inquiry-Based Lesson in High School Biology Students" Dr. Christy Carter	\$74, 928
<u>Tennessee Technological University</u> "Inspiring the (2009-10) TN Mathematics Standards in Grades 9-12: Focus on Mathematical Processes" Dr. Holly Anthony	\$73,372
<u>The University of Memphis</u> "Building Effective Inclusive Practices in Reading, Mathematics, and Writing: Professional Development and Mentoring Support" Dr. Sandra Cooley Nichols	\$150,000
<u>University of Tennessee at Chattanooga</u> "Science Teachers Achieving Real Success in the Classroom" Mr. Thomas L. Patty	\$74,536
<u>University of Tennessee at Chattanooga</u> "Reading Non-Fiction, Reading the World: Preparing Middle and High School Students for Academic Success and Informed Citizenship" Dr. Lauren S. Ingraham	\$72,253
<u>University of Tennessee at Chattanooga</u> "Mathematical Processes and Problem Solving" Dr. Deborah A. McAllister	\$74, 760
<u>University of Tennessee at Chattanooga</u> "PLAN of ACTION for High School Mathematics Teachers" Ms. Tracy Hughes	\$74,679
<u>University of Tennessee at Chattanooga</u> "Mapping A Curriculum to EXPLORE In Middle School Mathematics" Dr. Meg Kiessling	\$62,709

University of Tennessee at Knoxville \$75,000
“Evidence-Based Language and Literacy Interventions for the Deaf and Language Delayed”
Dr. Kimberly Wolbers

University of Tennessee at Knoxville \$62,512
“Pathways to School Readiness: Developing a Model for Communities to Practice among Pre-Kindergarten Teachers Serving Low Income Families, Including English Language Learners”
Dr. Reggie Curran

PRIVATE FOUR YEAR INSTITUTIONS

Lipscomb University \$56,221
“Physics and Physical Science In and Through the Curriculum”
Dr. Ben Hutchinson

Memphis College of Art \$75,000
“Provide Authentic Instructional Development Experience in Art”
Dr. Catherine T. Wilson

Attachment C

Proposal Review Process

On August 12, 2008, a memo from Dr. Rhoda and the Request for Proposals (RFP) for the Improving Teacher Quality Grants was distributed to college and university chancellors, presidents, deans, and faculty. A contact at each of the 41 teacher preparation institutions was sent the RFP. The RFP included the background of ITQ grants, a list of funding priorities as determined by THEC, a description of eligible partners (including a list of high-need school districts), competition guidelines, the grant timeline, and all appropriate forms to be completed for proposals. Completed grant proposals were due to THEC on October 6, 2008 by 4:30 p.m. central.

THEC staff notified project directors upon receipt of proposals and distributed the grant proposals to advisory committee members. The advisory committee received all grant proposals by October 9, 2008. The advisory committee met on November 6, 2008 to make recommendations for awards. The committee was divided into four teams for each subject area, English, Special Education, Science, and Mathematics. The teams met separately to discuss the grants related to their content area. Each grant proposal was assigned a lead discussant who gave an overview of the proposal and moderated the team's discussion. Each team chose their top proposals for funding and brought them before the entire committee. The committee was given an overview of the proposals chosen for funding. The committee could pose questions about the grant proposal, make recommendations or amendments, and discuss the level of funding the proposal should receive. Once each team presented the proposals recommended for funding, the committee voted on funding levels for each of the proposals and stated any required conditions for funding.
