L&WFD	Workplace Regulation and Compliance	Training grant	Operate a Mine Safety and Health Administration state grant	Yes	No				Focus is on training for coal, metal and nonmetal miners/mines located across Tennessee, not just rural.
L&WFD	Workplace Safety	Safey and Health in the Workplace	Provide consultative assistance to employers to help them provide a safe and healthful workplace	Yes	No				Available to employers with less than 250 employees on site or 500 corporate wide
L&WFD	Unemployment Insurance	Workforce Assistance	Provides unemployed workers with temporary monetary support	No	No			Maximum benefit of \$275 per week for a maximum of 26 weeks	Unemployed worker should be unemployed through no fault of their own, be able and available to work, and complete work search requirements
TDH	Community Health	Primary Prevention Initiatives	initiate / support local projects to prevent obesity, physical inactivity, tobacco use, substance abuse, infant mortality, teen pregnancy, suicide, injuries)	yes	Grant	N/A	N/A	varies	prevention projects selected, planned and supported by local public health departments
TDH	Chronic Disease Prevention / management	Project Diabetes	training and coordination support for diabetes prevention and self-management programs	yes	Grant				health departments and other providers
TDH	Tobacco Prevention	Tobacco Settlement	community-level planning, implementation and evaluation	yes	Grant	\$5M year / 3 years		95 varies	led by community coalition, local health department engaged
TDH	Disparities Elimination	Engagement of minorities and communities with disparities	support for outreach / engagement of communities with disparities	yes	Grant	\$800,000	varies	\$250-\$5000	local health departments, community and faith-based organizations
TDH	Rural Health	Small Hospital Improvement Project	funding and technical assistance for quality improvement in small rural hospitals	yes	Grant	\$200,000		24 \$9,000	small rural hospitals
TDH	Rural Health	Safety Net	support medical and dental services for uninsured	yes	Grant	\$12,000,000	N/A	varies	non-profit and public entities, patient eligibility
TDH	Rural Health	Loan Repayment Program	financial support to assist with repayment of professional education loans	yes	Grant	\$630,000	varies	up to \$60,000 dependent on certification, level of funding and applicants	primary care providers (physicians, advanced nurse practitioners, physician assistants, dentists) in underserved communities
TDH	Rural Health	FLEX	quality improvement for providers serving Medicare populations	yes	Grant	N/A	N/A	N/A	providers serving Medicare patients

TDEC - Office of Energy Policy	k-12 Energy Education	Energy Education Camps for k-12 Educators	OEP Energy Education Camps for Educators consist of four-day training sessions and are offered free of charge. The camps provide information and resources needed to teach the science of energy and energy conservation in the classroom, while helping students to become leaders in their schools and communities. Camp activities address Tennessee science curriculum standards. In addition, participants receive a stipend of \$200 each to purchase materials for classrooms or after-school programs.	Yes	Grant	\$59,800	100	\$598.00	K-12 educator in Tennessee
TDEC - Office of Energy Policy	k-12 Energy Education	National Energy Education Development Project (NEED)	The mission of the NEED Project is to promote an energy conscious and educated society by creating effective networks of students, educators, businesses, government, and community leaders to design and deliver objective, multi-sided energy education programs. TDEC OEP is the State sponsor of the NEED program in TN.	Yes	Grant	\$13,350	9	\$1,483.00	Applicants must submit a NEED project and win at the State level. OEP provides partial sponsorship for one (1) teacher and two (2) students from three (3) winning schools in Tennessee to attend the NEED Youth Awards Conference in Washington, D.C. Costs include lodging, meals, ground transportation, and airfare.
TDEC - Office of Energy Policy	Stimulating Energy Investments in Hard-To-Reach Public Sectors.	2013 U.S. DOE State Energy Program (SEP) Competitive Award	To provide education, outreach and technical assistance to – and serve as technical assistance provider for – at least 10 local governments and 8 public housing authorities (PHA) to drive demand for energy improvements investment of \$20 million in Tennessee with the goal of achieving annual savings of \$3 million for participating entities.	Yes	N/A	n/a	n/a	No cost technical assistance	Public school districts, local governments (counties and municipalities), and public housing authorities in the State of Tennessee
TDEC - Office of Energy Policy	Energy Efficiency	Pathway Lending Energy Efficiency Loan Program (EELP)	EELP launched in the fall of 2010 with the purpose of establishing a low-interest revolving loan fund to assist commercial and industrial businesses in implementing energy efficiency and renewable energy improvements, which, in turn, reduce operating costs, improve productivity, and make Tennessee businesses more competitive. The State of Tennessee currently funds \$14 million of this approximately \$33 million revolving loan fund. TVA is also a contributor. Pathway Lending operates and manages the program.	No	Loan	A total of \$24,019,639 was available at the end of 2014. Loans closed in 2014 totaled \$2,846,289, and \$2,669,600 revolved through principal payoffs in 2014. As of the October 2015 update: outstanding loans totaled \$8,861,158; loans in closing totaled \$791,000; funds undrawn totaled \$2,439,069; and applications in underwriting totaled \$125,000.	n/a	varies	Loans are available to all commercial, including for profit and not-for-profit, and industrial facilities in Tennessee. EELP's current interest rates on its Energy Efficiency and Renewable Energy loans to 2% for 5-year terms or 5% for 10-year terms. TDEC secured a recent amendment to the appropriations language which will allow the program to be expanded to include local governments and quasi-governmental entities. Pathway Lending and OEP staff are meeting with the Comptroller's Office on 10.16.15 to discuss the expansion. If approved, we hope to launch the expansion in early 2016. Eligible projects for the EELP include: efficient equipment upgrades; lighting; HVAC/mechanical upgrades; building retrofits, including cool roofs; renewable energy projects; co-generation.

TDEC - Office of External Affairs	Small Business	Small Business Environmental Assistance Program	Program provides assistance to small businesses for environmental questions across the different regulatory divisions within TDEC. This includes permitting assistance, identification and understanding of rules that affect the business, and assistance with paperwork or practices required to comply with environmental rules. Program also provides a point of contact for small businesses to ask any environmental question or what permits and rules affect them when considering starting a new business.	No	N/A				Business employs 100 or fewer employees and is not considered a major source (Title V source) of air pollution. Alternatively, business does not have a full time employee dedicated to environmental issues.
TDEC - Parks & Conservation	Land Acquisition	Heritage Conservation Trust Fund	The Tennessee Heritage Conservation Fund Act was signed into law on September 15, 2005. The Fund was established to avoid the bureaucracy of state government by providing more flexibility than the State Land Acquisition Fund. The Act created a mechanism for the state to work with public and private partners for the conservation and protection of priority lands by authorizing the Fund to accept private donations and contributions. The Act also authorized the Fund to establish a 501(c)(3) to assist in raising private donations for land conservation.	Yes	Grant	\$ 1,600,000.00			Applications are accepted from educational, governmental, non-profit land and water conservation organizations and municipal and county governments to assist the State of Tennessee in acquiring land for preservation and conservation purposes
TDEC - Office of Sustainable Practices	County/City Government	Energy Conservation and Renewable Energy Projects	Funding provided statewide to eligible entities to support energy conservation and renewable energy projects.	Yes	Grant	\$4,000,000 to \$5,000,000	varies	\$250,000	50% or greater match required- can be in-kind for city/county governments, entities created out of statute like authorities
TDEC - Office of Sustainable Practices	County/City Government	Unwanted Pharmaceuticals Take-Back Program	TDEC provides a complimentary bin for unwanted pharmaceutical collection to local Sheriff/Police Dept.	No	N/A				all requests considered while supplies last Must offer secure location and properly dispose of drugs.
TDEC - Office of Sustainable Practices	Industry	TN Green Star Partnership	Voluntary Recognition Program for industry committed to sustainability	Yes	N/A		no max		Must have EMS or ISO 14001 certification and be in regulatory compliance
TDEC - Office of Sustainable Practices	Water and Wastewater Treatment Outreach	Energy Efficiency	Complimentary assessments for evaluating systems for optimal energy efficiency	Yes	N/A				all requests considered while program is available City/County Government facility
TDEC - Office of Sustainable Practices	Radon Outreach	Indoor Air Quality	TDEC offers outreach and assistance through exhibit booths, presentations, and complimentary test kit dissemination	Yes	N/A				all requests considered while program is available Public/Private entities
TDEC - Recreational Education Services	Cities and Counties	Recreation Grants	Local Parks and Recreation Fund grants (LWCF)	No	Grant	3.5 million	unknown	250K	meet the application process

TDEC - Recreational Education Services	Cities and Counties and State agencies	Trail program development	Recreation Trail Program( RTP)	No	Grant	1.2 million	unknown	200K	meet the application process
TDEC - Recreational Education Services	Cities and Counties and State Parks	Outdoor recreation grants	Land and Water Conservation Fund (LWCF)	No	Grant	800K	unknown	not determined	meet the application process
TDEC - Recreational Education Services	City and Counties	Hiring a professional Park Director for the local government	Tennessee Recreation Initiative Program (TRIP)	No	Grant	75K	3	25K	meet the application process
TDEC - Division of Remediation	Local Governments	provide funding for better local government and public understanding of issues involving Department of Energy Operations on the Oak Ridge Reservation.	promote local government involvement and public awareness in the continued Department of Energy operations on the Oak Ridge Reservation, including, but not limited to the environmental restoration process	Yes	Grant	\$ 167,911.00	1	\$ 167,911.00	Participation restricted to local governments affected by Department of Energy operations on the Oak Ridge Reservation
TDEC - Division of Remediation	Brownfields	Technical Assistance	Staff available throughout the state to provide communities and local government technical assistance for EPA Brownfields grant applications	Yes	N/A				Communities/local governments with real or perceived brownfields that need to be assessed and cleaned up for redevelopment
TDEC - Division of Remediation	Brownfields	Outreach	Staff available to provide communities and local government presentations or one-on- one meetings to explain what EPA Brownfields grants are available and how to apply	Yes	N/A				Communities/local governments with real or perceived brownfields that need to be assessed and cleaned up for redevelopment
TDEC - Division of Remediation	Redevelopment	Voluntary Cleanup, Oversight and Assistance Program	Work with willing and able participants to investigate and, when necessary, cleanup impaired properties--Division can provide technical review and assistance and when applicable, liability protection	Yes	N/A				Individuals or businesses who are willing and financially able to address potential contamination at a site
TDEC-Division of Solid Waste Management	Waste Reduction	Waste Reduction Grant	The Waste Reduction Grants program enables local governments and non-profit recycling organizations working with local governments to purchase equipment and facilities to promote waste reduction.	No	Grant	Varies based on year	Varies based on solicitation	Varies based on solicitation	Projects must be designed to reduce the amount of waste going to the landfill. For local governments, and non-profits.
TDEC-Division of Solid Waste Management	Increase Access to Recycling Options	Recycling Equipment Grant	The Recycling Equipment Grants program enables local governments and non-profit recycling organizations working with local governments to purchase key pieces of recycling equipment.	No	Grant	\$200,000	8-12 but varies based on project proposals	Up to \$25,000	Project must be for key pieces of recycling equipment. Facilities improvements are ineligible. Some equipment may be ineligible. For local governments, and non-profits.
TDEC-Division of Solid Waste Management	Infrastructure Development	Compost Grants	Grants to establish compost facilities and provide compost equipment for existing composting facilities.	No	Grant	Special	Special	Special	Projects must be designed to increase composting and meet certain minimal requirements.

TDEC-Division of Solid Waste Management	Infrastructure Development	Used Oil Grants	Assists in the establishment of DYI Used Oil Collection points across the state.	No	Grant	\$500,000	No Max	\$50,100	Tennessee municipalities, counties and counties having a metropolitan form of government to establish and operate used oil collection centers at publicly owned facilities or other suitable public or private locations are eligible for funding consideration.
TDEC-Division of Solid Waste Management	Clean up Grants	Tire Site Cleanup Grant	The waste tire cleanup grant is a grant designed to assist local governments in the cleanup of unpermitted waste tire sites. Eligibility for this grant is determined by priority as established by the eight Environmental Field Offices. Each grant cycle, two sites from each field office are invited to compete for funds to assist in the cleanup of these un-permitted waste tire sites. Lien on property is required equal to cleanup costs.	No	Grant	Funds Available	No Max	Funds Available	Eligibility determined by eight Environmental Field Offices.
TDEC-Division of Solid Waste Management	Remediation of Old Closed Landfills	Old Closed Landfill Grant	The grant may be used for the investigation and corrective action at Class I landfills determined by the Department to be causing contamination of ground water and harm to health or the environment.	No	Grant	Special	Special	Special	Tennessee counties or municipalities are eligible for this grant offering, if: <ul style="list-style-type: none"> <li>• they operated a Class I landfill permitted by the Department that is now closed; and,</li> <li>• the closed landfill does not have a composite liner system; and,</li> <li>• the Department determines that the landfill is causing harm to health or the environment through contamination of ground water.</li> </ul>
TDEC-Division of Solid Waste Management	Increase Access to Recycling Options	Hub and Spoke Grants	Hub and spoke projects are defined as a recycling collection and processing system operated by three or more local governments, solid waste authorities, non-profit recycling organizations working together to receive cost advantages through increased recycling volumes. This grant supports the development of a network of these facilities across Tennessee.	No	Grant	Varies based on year	Varies based on solicitation	Varies based on solicitation	County, municipalities, solid waste authorities, and non-profits with eligible projects. Projects must promote the partnership of 3 or more local governments and in accordance with the Recycling Hub and Spoke Plan.
TDEC-Division of Solid Waste Management	HHW Management	HHW Mobile Collection Events	Provide HHW mobile collection events for counties.	Yes	NA	NA	50	NA	Must provide BOPAE collection services in county on a year around basis and make request bid to sponsor event.
TDEC-Division of Solid Waste Management	HHW Management	HHW Milk Run Pickups	A low cost way of assisting local governments in the collection and disposal of HHW materials. TDEC provides milk run pickups of precollected materials.	Yes	NA	NA	No Max	NA	Must meet any permitting requirements if applicable through DSWM. Properly store materials and call for pickup.
TDEC-Division of Solid Waste Management	HHW Management	BOPAE Management	Division provides technical assistance in the management of Batteries, Oil, Paint, Antifreeze and electronics.	Yes	NA	NA	No Max	NA	NA

TDEC-Division of Solid Waste Management	HHW Management	Permanent HHW Collection Facility Operation and Maintenance Grants	Operation and maintenance grants to subsidize the operation of Tennessee's four permanent HHW collection facilities.	Yes	Grant		\$340,000	4	\$85,000	Must be one of the Tennessee's HHW permanent collection facilities.
TDEC-Division of Solid Waste Management	Solid Waste Planning	Technical Assistance thru Development Districts	Technical assistance provided by the Development Districts to local governments on Solid Waste Management system development	Yes	NA	NA	No Max	NA	NA	NA
TDEC-Division of Solid Waste Management	Recycling Systems, Markets, and Economics	Technical Assistance thru SERDC	Technical assistance provided by the Southeast Recycling Development Council to assist in the design of recycling systems, development of recycling markets and economic recycling policy	Yes	NA	NA	No Max	NA	NA	NA
TDEC-Division of Solid Waste Management	Solid Waste Planning	Workshops	Workshops on solid waste and material management planning, completion of Annual Progress Reports and general technical assistance	Yes	NA	NA	No Max	NA	NA	NA
TDEC-Division of Solid Waste Management	Integrated Solid Waste Management	Workshops on specific areas of solid waste management	Workshops on various solid waste, waste reduction and recycling topics to improve local government operations	Yes	NA	NA	No Max	NA	NA	NA
TDEC-Division of Solid Waste Management	Integrated Solid Waste Management	Technical Assistance	Site visits by DSWM staff to provide technical assistance on solid waste and materials management issue.	Yes	NA	NA	No Max	NA	NA	NA
TDEC-Division of Solid Waste Management	Data Management	Technical Assistance in Data Preparation including GIS services, report preparation, etc.	Provide customers data, reports, and GIS mapping services for local governments	Yes	NA	NA	No Max	NA	NA	NA
TDEC-Division of Solid Waste Management	Used Oil	Used Oil Hotline	Provide DYIers location of used oil collection sites in the county	Yes	NA	NA	No Max	NA	NA	NA
TDEC-UST	Underground Storage Tanks	Abandoned Facilities	Counties and cities are often reluctant to take possession of properties where abandoned USTs remain buried. This project is intended to help return abandoned properties to usefulness by removing old petroleum USTs from the ground.	Yes	N/A	This is not grant funding	N/A	N/A	N/A	Contact the Division of Underground Storage Tanks

TDEC- Division of Water Resources- DW State Revolving Fund Loan Program	Community Public Drinking Water Infrastructure Needs	Funding assistance to address public drinking water needs	Drinking water infrastructure improvements including things such as: treatment plants, storage facilities, distribution system improvements and expansions.	No	Loan	On average over the last 5 years, \$ 9.5 million Capitalization Grant loaned for Drinking Water.	On average, 12 communities or local governments	Loans average \$2.5 M	SRF DW loans are available to local governments, utilities and privately owned community water systems. Projects and requests must appear on the priority ranking list, which is prepared each year and considers factors such as public health, water quality and quantity matters.
TDEC- Division of Water Resources- CW State Revolving Fund Loan Program	Community Public Wastewater Infrastructure Needs	Funding assistance to address public wastewater needs	Wastewater infrastruce improvements including: wastewater treatment plants, upgrades, collection system repairs such as I&I, stormwater management, etc.	No	Loan	On average over the last 5 years, \$ 20.0 million Capitalization Grant loaned for Clean Water.	On average, 18 communities or local governments	Loans average \$4 M	SRF CW loans are avaiable only to local governments. Projects and requests must also appear on a priority ranking list that considers public health concerns, system compliance, inadequate infrastructure / needed upgrades, advanced treatment technology and green projects.
TDEC- Division of Water Resources - SRF-Small Water System Set- Aside	Small Water System Technical Assistance	Assisting with regulatory compliance	2% of DW Cap Grant each year is funneled through TDEC's Fleming Training Center to support Small Water System knowledge and regulatory enhancement	Yes	N/A	On average, \$185,000/yr	NA	NA	Small Water Systems are defined as those public water systems serving less than 10,000 customers. Small systems have less available resources typically to secure needed training and assistance for regulatory compliance.
TDEC- Division of Water Resources - Healthy Watershed Initiative	Improvements in land practices and indepth studies that lead to improved water quality.	Improved Water Quality	Various projects across the state (approximately 6 per year for two years) such as:	No	Grant	\$458,000 total		On average, 5 \$125,000	Anyone can apply. Applicants make application and eligibility is outlined in the RFP.
TDEC- Division of Water Resources - 604b Planning Grants	Statewide planning projects for improved water quality	Improved Water Quality through EPA 604b funding	Each year involves different areas of priority. For instance, past efforts have involved plant optimization and stormwater BMPs.	No	Grant	Apprimately \$85,000/yr	Over the last two years, we had 3 one year and 2 the next.	Varies from \$15,000 to \$85,000	Must be a development district and must be for planning only. RFP outlines other minor requirements.
TDEC-WTRBA	Streams & Wetlands	West Tennessee River Basin Authority	Flood Risk Reduction, Channel Stabilization, Infrastructure Protection, Ecosystem Restoration, Stream Maintenance	Yes	N/A	N/A	N/A	N/A	Must be a participating member of the 20 County geographic area served by the WTRBA (i.e., Benton, Carroll, Chester, Crockett, Decatur, Dyer, Fayette, Gibson, Hardeman, Hardin, Haywood, Henderson, Henry, Lake, Lauderdale, Madison, McNairy, Obion, Tipton, and Weakley). Assistance subject to approval by WTRBA Board of Directors.
TDOT	Flexible Funding	Surface Transportation Program (STP)	The Surface Transportation Program (STP) provides flexible funding that may be used by States and localities for projects to preserve and improve the conditions and performance on any Federal-aid highway, bridge and tunnel projects on any public road, pedestrian and bicycle infrastructure, and transit capital projects, including intercity bus terminals.	Yes	N/A	More than 400,000,000	N/A	N/A	Projects identified through MPO and RPO Process.

TDOT	Community Development	Transportation Alternative Program (TAP)	The Transportation Alternatives Program (TAP) provides funding for programs and projects defined as transportation alternatives, including on- and off-road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation and enhanced mobility, community improvement activities, and environmental mitigation; recreational trail projects; safe routes to school projects; and projects for planning, designing, or constructing boulevards and other roadways largely in the right-of-way of former divided highways	No	GRANT	8 Million annually	N/A	N/A	Must be transportation related enhancement.
TDOT	Safety on Public Roads	Highway Safety Improvement Program (HSIP)	The goal of the Highway Safety Improvement Program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands. The HSIP requires a data-driven, strategic approach to improving highway safety on all public roads that focuses on performance.	No	N/A	\$35,000,000	N/A	N/A	Must include safety supportive data.
TDOT	Funding in providing transportation choices for people across Tennessee	Multimodal Access Grant	TDOT's Multimodal Access Grant is a new state-funded program created to support the transportation needs of transit users, pedestrians and bicyclists through infrastructure projects that address existing gaps along state routes. Multimodal facilities play an important role in providing transportation choices for people across Tennessee.	Yes	Grant	\$10,000,000	N/A	\$1,000,000	Must be multimodal related and within 1/4 mile of a state road/route.
TDOT	Funding	State Industrial Access Road Program (SIA)	The State Industrial Access (SIA) Program provides funding and technical assistance for highway access to new and expanding industries across the state. The Tennessee Department of Transportation (TDOT) contracts with local governments for projects that will be developed under the SIA Program. The State Industrial Access Act, formerly known as the Industrial Highway Act, make these partnerships possible.	No	Grant	\$30,000,000	N/A	No limit	Provide economic development opportunities for TN cities and counties.

TDOT	Community Development	Safe Routes to School (SRTS)	The Safe Routes to School (SRTS) program is a federally-funded grant program focused on increasing levels of walking and bicycling to school among elementary and middle school students. In addition to improving children's safety and health, the program is designed to reduce traffic and air pollution in the vicinity of schools. Building on local initiatives, the SRTS program will fund the planning, development and implementation of infrastructure projects, as well as education and outreach activities.	Yes	Grant	\$2,000,000	N/A	\$250,000	Competitive application that includes schools and municipal jurisdiction.
TDOT	Environment	Congestion Mitigation & Air Quality Program (CMAQ)	The CMAQ program improves air quality by funding transportation projects and programs that reduce air emissions from cars, trucks and buses (mobile sources) in air quality nonattainment and maintenance areas, which are the only areas eligible for CMAQ funding.	No	Grant	\$30,000,000	N/A	None	Must address opportunity to major air quality and congestion.
TDOT	Road Improvement	State Aid Program	The State Aid Program provides funds to county governments for the improvement or rehabilitation of roads on the State Aid System. Types of qualifying work include the planning, engineering, right-of-way acquisition, grading, drainage, bridge construction, and pavement upgrades or rehabilitation. State Aid System is calculated on a county by county basis. The State Aid System may comprise no more than 20% of the total road miles located within a specific county.	Yes	Grant	\$30,000,000	N/A	state aid is calculated on county by county basis comprise of no more than 20% of the total road miles located within a specific county.	See description of program, also described in State Law.

TDOT	Community Development	Community Transportation Planning Grant (CTPG)	<p>The Community Transportation Planning Grant (CTPG) program provides resources that assist Tennessee communities in developing transportation plans for preparation of future transportation system, land use, and growth management issues. Some of the goals of the gram include:</p> <ul style="list-style-type: none"> <li>• Assist rural municipalities with planning efforts that define the transportation cohesiveness between multimodal transportation systems and local land use objectives that achieve the statewide transportation goals.</li> <li>• Aid rural municipalities with the creation of planning documents that support improvements in traffic flow, safety, and overall efficiency of the transportation system.</li> <li>• Provide rural city governments with planning resources to achieve community visions as related to transportation and land use needs that promote future economic growth.</li> </ul>	Yes	Grant	\$1,000,000	8	\$250,000	Competitive application, RPO's process.
TDOT	Transportation Improvement	Local Programs Grants	<p>TDOT's Local Programs Development Office oversees federal and state funding programs that are available to local governments to improve their transportation systems. Local Programs grants include, but are not limited to, the Interchange Lighting Program, Surface Transportation Program, and Local Interstate Connector Program.</p>	Yes	Grant	Varies	N/A	N/A	Based on population, 50 cities eligible.
TDOT	Aviation system improvements	Aeronautics Grants	<p>The TDOT Aeronautics Division administers federal and state funding to assist in the location, design, construction and maintenance of Tennessee's diverse public aviation system. Except for routine expenditures, grant applications are reviewed by the Tennessee Aeronautics Commission (TAC), which is a five member board charged with policy planning and with regulating changes in the state airport system plan.</p>		Grant				

TDOT	County Development	Litter Grants	In order to address the litter problem in Tennessee, a specialty tax on the malt beverage and soft drink industry funds the Tennessee Litter Grant Program. Grant funds are contracted to county governments only and are designed for the pick-up and prevention of all litter. Approximately \$5 million is raised annually and is distributed to all 95 counties in Tennessee for their use in this endeavor.	Yes	GRANT	\$8,000,000	95 counties	N/A	Based on roads and population.
TDOT	Rural and Economic Development	Biofuel Green Island Corridor Grants	As part of the Governor's Alternative Fuels Working Group, TDOT oversees Green Island Corridor (GIC) grants to help establish E85 ethanol and B20 biodiesel pumps no more than 100 miles apart along interstate highways and major highway corridors across the state. This network of stations will encourage and expand the use of biofuels in Tennessee, which in turn will stimulate rural economic development, increase farm income, reduce vehicle emissions, help protect public health, and reduce dependence on petroleum.		Grant				
TDOT	Bridge Rehabilitation & Repair	Bridge Grants	The Bridge Grant Program was established to assist local governments with the replacement or rehabilitation of deficient bridges under their jurisdiction. Since the inception of the original program in 1982, local governments, in partnership with the state, have replaced over 2,800 bridges utilizing Bridge Grant funds.	Yes	Loan	\$10,000,000	95 Counties and Cities	Formula	TDOT Program details.
TDOT	Community Development	Transit Program Grants	TDOT oversees the provision of funds for multiple statewide public transit initiatives. Funding/Grant opportunities include a number of various programs.	Yes	Grant	N/A	N/A	N/A	N/A
TBA	Personal Economic Program and Everfi	Education / Literacy	School presentations by bankers to improve financial literacy	Yes	N/A	N/A	Thousands	N/A	N/A
TBA	Commnity Reinvestment	Community Development	Community Reinvestment by bankers in low to moderate income areas	Yes	Donations and loans		Many	Varies	Low to moderate income areas
TBA	FHLB Affordable Housing	Grants and loans	Housing		Grants and loans	Varies. Used \$3.5 million in 2014	Many	Varies	Low to moderate income
TBA	Economic Development	Reduction of mortgage loan barriers	Lobby efforts in DC	Yes	N/A	N/A	> 150	>\$100,000 estimate	N/A

TDA	Farm Profitability	Pick TN Products	Marketing service to connect consumers to farmers, small food businesses, farmers markets, etc. to increase sales of locally produced and processed products	Yes	N/A	N/A	2,000	N/A	Free web based marketing and retail program that provides promotional materials and advertising to qualified participants who produce or sell TN products or services
TDA	Farm Profitability	TN Agricultural Enhancement Program	State funded cost share program aimed at helping farmers make strategic longterm investments for increased productivity and profitability	Yes	Grant	\$21,000,000	5,800	Varies	Must be Tennessee farmer and meet specific requirements based on category of funding
TDA	Farm Profitability	Agritourism	Technical and financial assistance to venues aimed at attracting visitors to farm, winery, farmers market, etc.	Yes	Grant	Varies	Varies	Varies	Eligible operators/landowners can apply for portion of TAEP cost share
TDA	Conservation	Land & Water Stewardship	Partner with local agencies to help fund soil erosion reduction and water quality improvements on farmland	Yes	Grant	\$4,200,000	Varies	Varies	Work primarily with county Soil Conservation Districts to identify landowners willing to cost share in priority watersheds
TDA	Forestland Improvement	Forestry	Division of Forestry provides technical assistance to landowners and limited funding for tree planting	Yes	Grant	\$400,000	Varies	Varies	Limited grant funding available through portion of TAEP and federal sources when available
TDA	Ag Education, Marketing and Promotion	"Ag Tag" License Plate Ag Development Fund	Provides funding for agricultural education, marketing and promotion projects statewide	Yes	Grant	\$336,000	Varies	Varies	Approximately one-half (\$165,000) goes to FFA, 4-H and AITC education programs annually with remainder used for various marketing and promotion projects based on proposals from ag groups
TDA	Ag Business Dev	AgLaunch	Partnership with Memphis Bioworks and others to identify, mentor and fund agri-tech startups in Tennessee	Yes	Both: Grant & Loan	\$10,000,000 total over 5 years	Varies	Varies	Goal is to identify 200 agri-tech entrepreneurs, 100 viable, investible startups over next 5 years with public/private venture capital
TDA	Specialty Crops	Specialty Crop Block Grant	Federally funded program to enhance competitiveness of specialty crops such as fruits, vegetables, grapes, horticultural, etc.	Yes	Grant	\$500,000	Varies	Varies	Competitive grants are awarded to groups or individuals based on proposals meeting federal guidelines
TFBF - Tennessee Farm Bureau Federation	Leadership Development	Young Farmers & Ranchers - YF&R	Promotes leadership skills for farmers ages 18-35. Members share a common bond for the agricultural lifestyle, are interested in leadership development, and are dedicated to solving problems facing agriculture. Also provides social activities and competitions that recognize young leaders in agriculture.	Yes	N/A	N/A	N/A	N/A	Farm Bureau member
TFBF - Tennessee Farm Bureau Federation	Rural Entrepreneurship	Entrepreneurship Challenge	The Farm Bureau Rural Entrepreneurship Challenge is a national business competition focused exclusively on rural entrepreneurs working on food and agriculture businesses. Rural entrepreneurs pitch innovative business ideas to a team of judges with expertise in business development and agribusiness.
