

Tennessee's Early Intervention System's Early Intervention Programs 2015 Report to the Public

Individuals with Disabilities Education Act (IDEA) was reapproved in December 2004. Along with this re-approval came the new responsibility for all States to provide information to their public (community) about the performance of early intervention service programs (EIS programs) in comparison to the State's performance targets.

Below are a few definitions to help the reader understand the language in the report:

- **Reporting Period.** The period of time which information used in this report was gathered.
- **Performance Status Key.** Symbols used to describe the EIS program's performance compared with the target (goal) Tennessee has set for performance.
- **EIS Programs.** In Tennessee these programs are the Tennessee's Early Intervention System Point of Entry Offices (TEIS-POEs). There are nine TEIS-POEs across the state; one in each district. These offices are responsible for determining whether a child is eligible for early intervention services in Tennessee; and if they are found to be eligible, for coordinating services through an Individualized Family Service Plan (IFSP). The nine district POEs are listed below:

East TN	Middle TN	West TN
First Tennessee (FT) Main Office: Johnson City	Upper Cumberland (UC) Main Office: Cookeville	Northwest (NW) Main Office: Martin
East Tennessee (ET) Main Office: Knoxville	Greater Nashville (GN) Main Office: Nashville	Southwest (SW) Main Office: Jackson
Southeast (SE) Main Office: Chattanooga	South Central (SC) Main Office: Murfreesboro	Memphis Delta (MD) Main Office: Memphis

- **SPP.** State Performance Plan. A multi-year plan that all States developed related to operating an early intervention program in their State. In the Plan each State set targets (goals) for their performance related to Federal indicators (markers).
- **APR.** Annual Performance Report. Each year Tennessee reports to the Federal Office of Special Education Programs (OSEP) the progress it has made towards reaching State targets (goals) set in the SPP. A copy of Tennessee's APR may be found at the following website address, <http://www.tennessee.gov/education/article/teis-reports-and-data>. The APR is located under the *Reports* section.
- **State Performance Plan Indicator.** A marker or standard set by the Federal Office of Special Education for all States. There are eight performance indicators addressed in this report. States are to compare their performance by these indicators when yearly reviewing their early intervention programs.
