

Old Stone Fort Archaeological Society

August 2012

The Old Stone Fort Archaeological Society will meet **Thursday, August 9th at 6:00 pm** at the Old Stone Fort Museum in Manchester, Tennessee. The purpose of this Society is to learn more about prehistoric Native American cultures and the early historic period of Tennessee. Our meetings are on the second Thursday of each month and are **Free** and open to the public.

Mr. Nick Fielder
who will present
Archaeology and Art

Nick Fielder has been involved in archaeology since the Tellico Project in the late 60s and was State Archaeologist of Tennessee for over twenty-five years. During this time frame, Nick has been exposed to a plethora of ancient artworks in the form of artifacts, pictographs, petroglyphs and mud glyphs. Upon retirement from the Division of Archaeology, Nick discovered painting and found inspiration in the Native American art that he had been surrounded with during his career. This presentation will provide an illustrated look at how archaeology has influenced his artwork.

Thanks to Hobart Akin for his presentation on the Historic Research of Old Stone Fort at the July meeting.
See you Thursday, Mark

WPA and TVA Archaeological Photographs

The University of Tennessee Frank H. McClung Museum and the Libraries received a two-year grant from the Institute for Museum and Library Services to create an on-line database of information describing photographs taken by Works Progress Administration (WPA) workers of archaeological projects conducted in preparation for Tennessee Valley Authority (TVA) dam construction in the 1930s.
