

Old Stone Fort Archaeological Society

December 2015

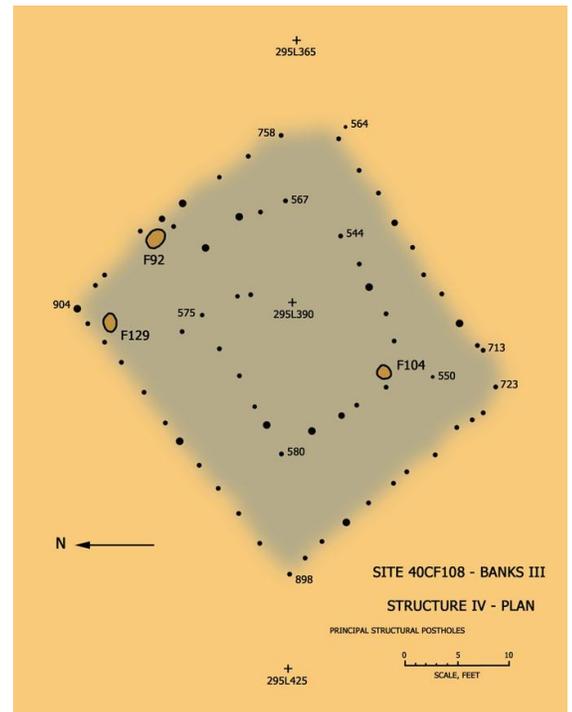

The Old Stone Fort Archaeological Society will meet **Thursday, December 10th at 6:00 pm** at the Old Stone Fort Museum in Manchester, Tennessee. The purpose of this Society is to learn more about prehistoric Native American cultures and the early historic period of Tennessee. Our meetings are scheduled for the second Thursday of each month and are **free** and open to the public. Our program this month:

Mr. Willard Bacon
who will present

Aboriginal Structures and Ceramics in the Upper Duck and Elk River Valleys

The data in this study was acquired primarily by the University of Tennessee, Department of Anthropology, under the leadership of Dr. Charles H. Faulkner. This research began in 1966 with the excavations in Tims Ford Reservoir, on the Elk River. Work continued with investigations of the Normandy Reservoir, from 1972 through 1975 on the Duck River. Other area projects include work at the Old Stone Fort (1968), the Owl Hollow Project (1976), and the McFarland Project (1982). These professional archaeological investigations were assisted by members of the Coffee/Franklin County Chapter of the Tennessee Archaeological Society.

See you next Thursday, Mark
