

# Tennessee Family Violence Prevention and Services Act (FVPSA) Grants Statistics Summary

**FY2010 / FY2011 / FY2012**

FVPSA grants provide immediate shelter and supportive services to victims of family violence, domestic violence, and dating violence for adults and youth, as well as their dependents. All shelter programs must provide the following nine core components: safe confidential shelter; 24 hour crisis hotline; counseling; advocacy; transportation; community education; referral; follow-up; and specialized services to children.

Every shelter program that receives FVPSA funding must annually report 100% of the residential and non-residential clients served by the shelter program and report on the services received by those clients.

**Through an annual, federal FVPSA Formula Grant and state funding, Tennessee awards grants to 30 domestic violence shelter programs.**
