Keynote Speaker

Peter Rosenberger

Targeting the vast population of America's 65 million volunteer caregivers of vulnerable loved ones, Peter compiles his lifetime of experience to offer a lifeline to his fellow caregivers.

With an unparalleled journey as his wife's sole caregiver for three

decades, Peter has navigated through a medical nightmare that has mushroomed to 78 operations, the amputation of both legs, treatment by more than 60 doctors in 12 hospitals, 7 medical insurance companies, and \$9 million in medical bills.

Peter brings an astonishing understanding of health care issues, a deep compassion for the heartache of caregiving, and an outrageous humor to bring the fresh air of laughter into the painful places faced by America's exponentially growing number of caregivers.

Conference Speakers

- [Susan Holloway](#), Education Coordinator, Epilepsy Foundation Middle & West Tennessee.
- One of Nashville's finest, a member of the police force, will provide insights into how to appropriately interact with police officers.
