

NEW

EMAIL ACCOUNT FOR DRY NEEDLING COURSE APPROVAL

The Tennessee Board of Physical Therapy convened on March 10, 2016 for one of its regularly scheduled meetings. During the conduction of business and the discussion of pending rules related to the new Dry Needling legislation, the Board voted on the creation of a task force to be charged with the review and approval of Dry Needling courses. Submission of Dry Needling courses will be received at the board's administrative office and disseminated to task force members for their review and recommendation.

The administrative office for the Board of Physical Therapy encourages licensees to submit evidence of completion of dry needling certification via an email account designated strictly for physical therapy dry needling course submissions, inquiries, and requests.

Please assist the administrative office and the Dry Needling Task Force with streamlining the review process by forwarding all documents, questions and/or requests to: PTcourses.Health@tn.gov. In the subject line, please include your name and license number.

Traditional methods of submitting documents (i.e. fax or mail) will also be accepted. Please see mailing and fax information below:
