

.NET Developer - TACIR

The Tennessee Advisory Commission on Intergovernmental Relations (TACIR) is seeking a .Net Developer for a duration of three to six months to work on modifications and enhancements to an existing application. The job is located in Nashville, TN.

Required experience / skills:

- Strong understanding of object oriented concepts as utilized by .NET.
- Good working knowledge of HTML and CSS.
- 3 years solid development experience with each of the following: Visual Studio 2012 or later, ASP.Net Framework 4.0, VB.Net, JavaScript, Web Forms, Code Behind Model.
- Solid hands-on experience using AJAX and JavaScript.
- Experience using Visual Source Safe.
- 2 years working with SQL Server along with a solid understanding of relational database concepts. An understanding of the use of stored procedures.
- Experience using Report Viewer in .NET applications.
- Proven ability to work as the sole developer on a project.

In compliance with federal law, all persons hired will be required to verify identity and eligibility to work in the United States and to complete the required employment eligibility verification document form upon hire.

TACIR is an equal opportunity employer.
