**Original Project Budget:** $32,000,000.00

**Change in Funding:** $7,440,316.00

**Revised Project Budget:** $39,440,316.00

**Comment:** Three bids were received on December 17, 2015. An increase in funding is needed to award a contract to DBS Corporation for the base bid and alternate two and three. There will be no additional designer fees.

**Previous Action:**
- **09/12/2013** SBC Referred to ESC with authority to act
- **09/23/2013** ESC Approved project
- **10/21/2013** ESC Selected designer (Allen & Hoshall/Kline Swinney)
- **08/21/2014** SBC Approved the Early Design Phase as presented
- **01/14/2016** SBC Referred to ESC w/authority to act

**Minutes:**
- **01/25/2016** ESC Deputy Commissioner Paul Degges stated that when the project was planned the bid climate was better and, if they were to rebid the project, the prices were more likely to go up. The additional funding is from TDOT's plant construction funds. Secretary Hargett asked about the balance of the plant construction funds. Commissioner Degges responded that it was $37 million for capital projects in the account for facilities in all 95 counties and added that they can't take highway funds and move them to capital projects. He said when the economy was bad, it was not a good perception to build new offices buildings. Since then, they have been trying to pull these funds back in rather than keeping them unutilized. A motion was made to approve the request, which was seconded and passed, with Secretary Hargett voting "no".
