July 2016

- Recommendation Committee presents new standards to the State Board for FINAL reading

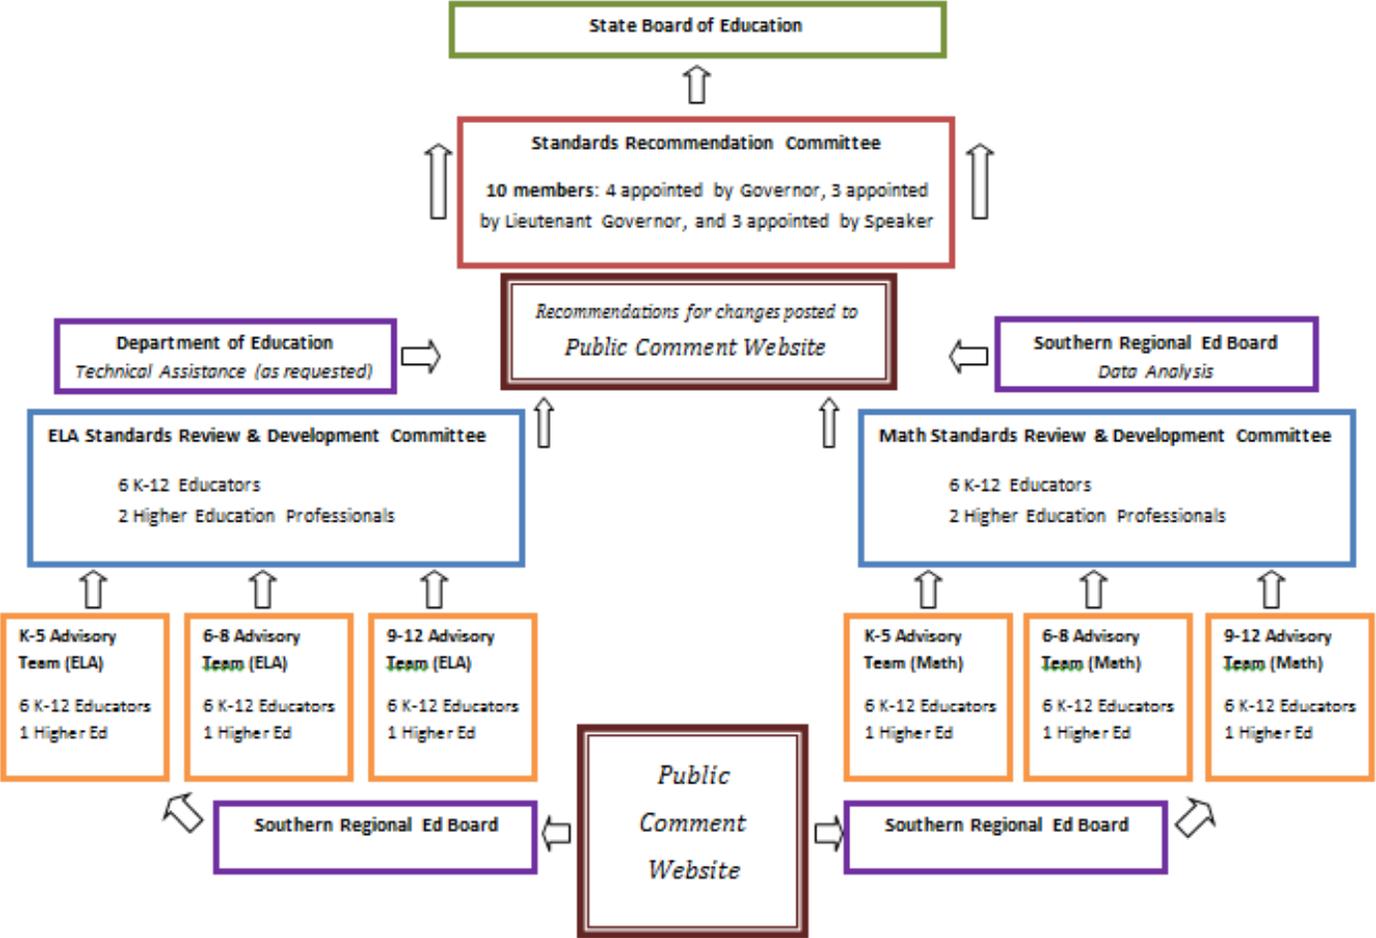

2016-17

- Transition year; training on new standards

2017-18

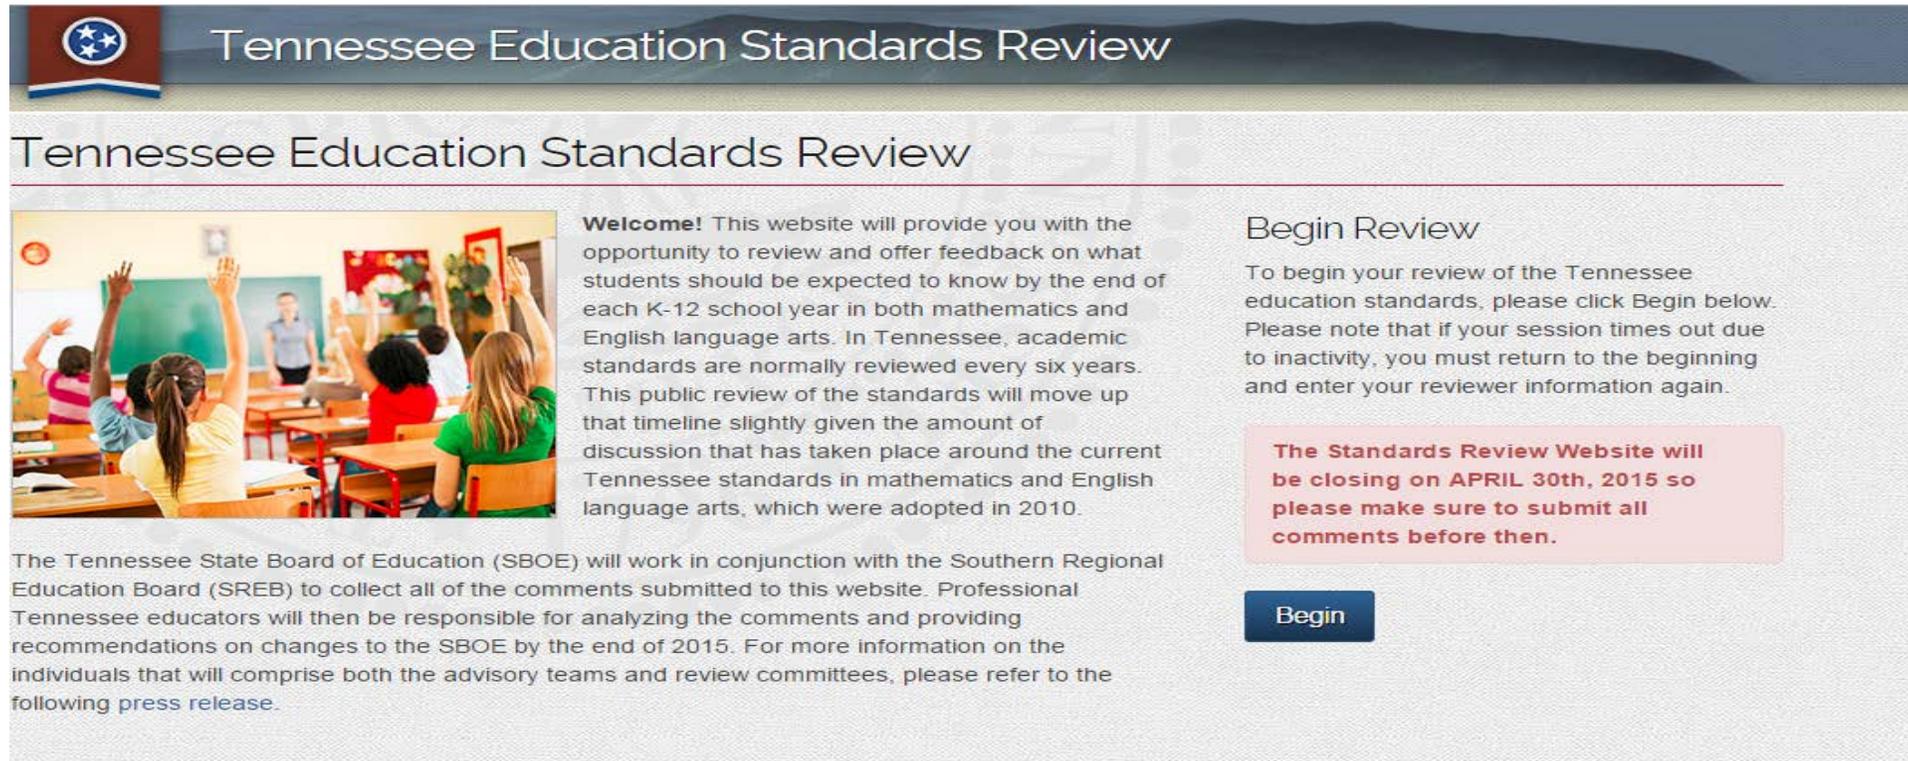

- First year of implementation and assessment on new standards

REVIEW PROCESS

WEBSITE COLLECTION

- Open November 6, 2014 through April 30, 2015
- Received more than 131,000 reviews by 2,300 unique reviewers

Welcome! This website will provide you with the opportunity to review and offer feedback on what students should be expected to know by the end of each K-12 school year in both mathematics and English language arts. In Tennessee, academic standards are normally reviewed every six years. This public review of the standards will move up that timeline slightly given the amount of discussion that has taken place around the current Tennessee standards in mathematics and English language arts, which were adopted in 2010.

The Tennessee State Board of Education (SBOE) will work in conjunction with the Southern Regional Education Board (SREB) to collect all of the comments submitted to this website. Professional Tennessee educators will then be responsible for analyzing the comments and providing recommendations on changes to the SBOE by the end of 2015. For more information on the individuals that will comprise both the advisory teams and review committees, please refer to the following press release.

Begin Review

To begin your review of the Tennessee education standards, please click Begin below. Please note that if your session times out due to inactivity, you must return to the beginning and enter your reviewer information again.

The Standards Review Website will be closing on APRIL 30th, 2015 so please make sure to submit all comments before then.

[Begin](#)

EDUCATOR COMMITTEE WORK

Kick-off Week: June 3-7th

Nearly 50 educators: teachers, administrators, and higher education faculty

Outlined the committee's charge and collective commitment

SREB presentation on data reports

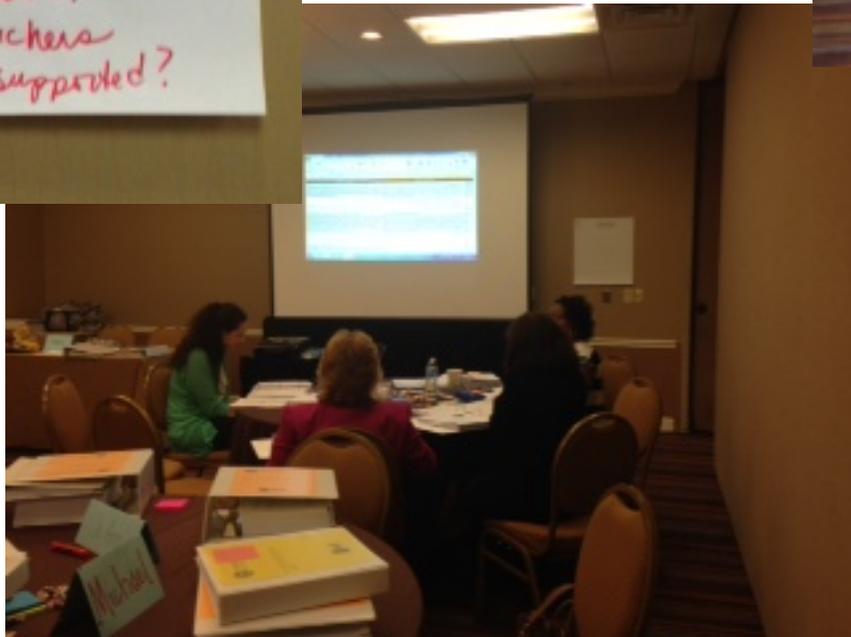

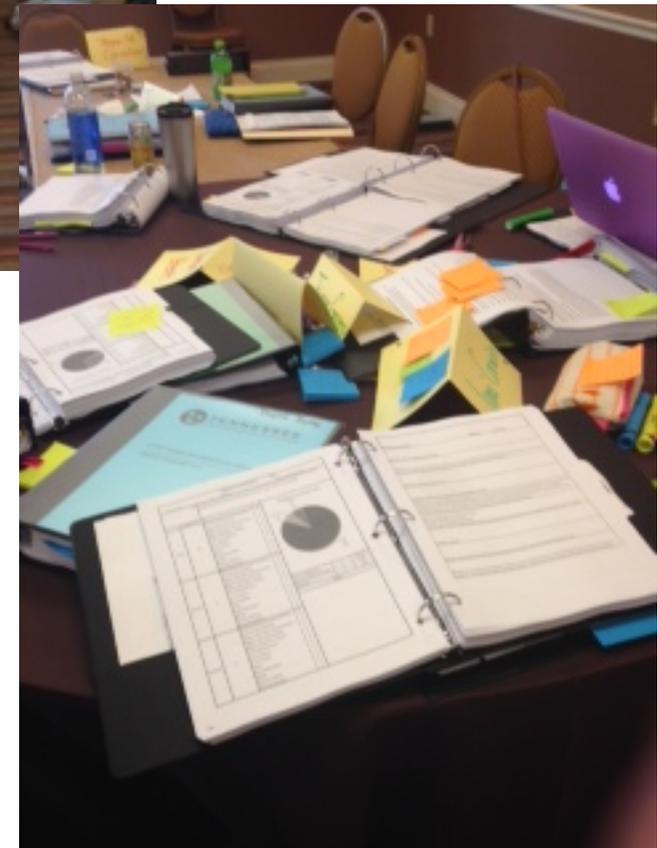

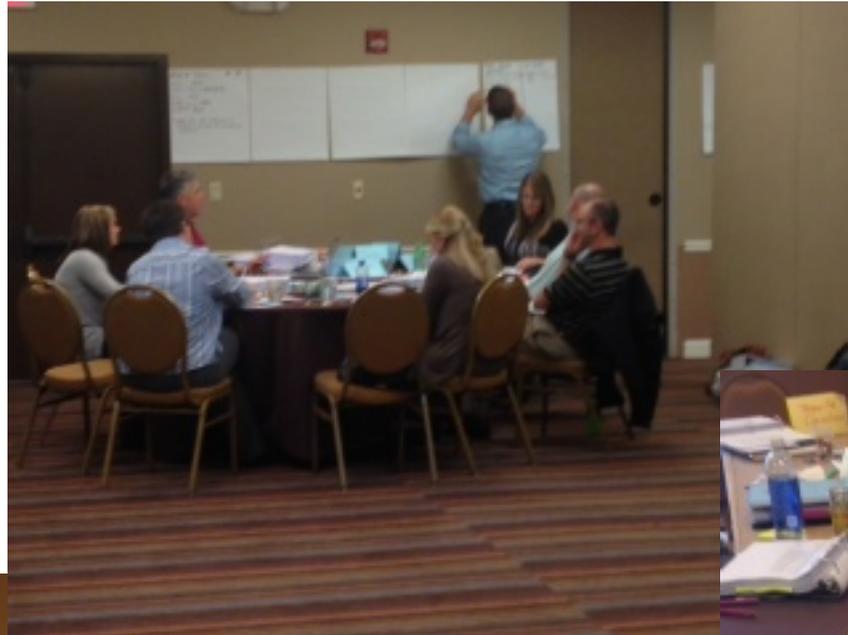

Revision work well underway

REVIEW WORK IS UNDERWAY

- What should students know
↓
be able to do?
- Are we putting kids
- What is new for this grade band? first?
- Are we honoring the reviewers' comments/work?
- Are we keeping the rigor?
- Are we proud of these standards?
- Will teachers feel supported?

SCIENCE

WORK DONE TO DATE

- Science Steering Committee
 - Chairman: Mike Edwards
 - Began work in December 2013
- Educator teams recently finished writing new science standards
- HB 1035 impacts our science standards review process
 - Incorporate additional public feedback
 - Appointed Standards Recommendation Committee

PROPOSED TIMELINE

July 2015

- Launch first phase of the public feedback website

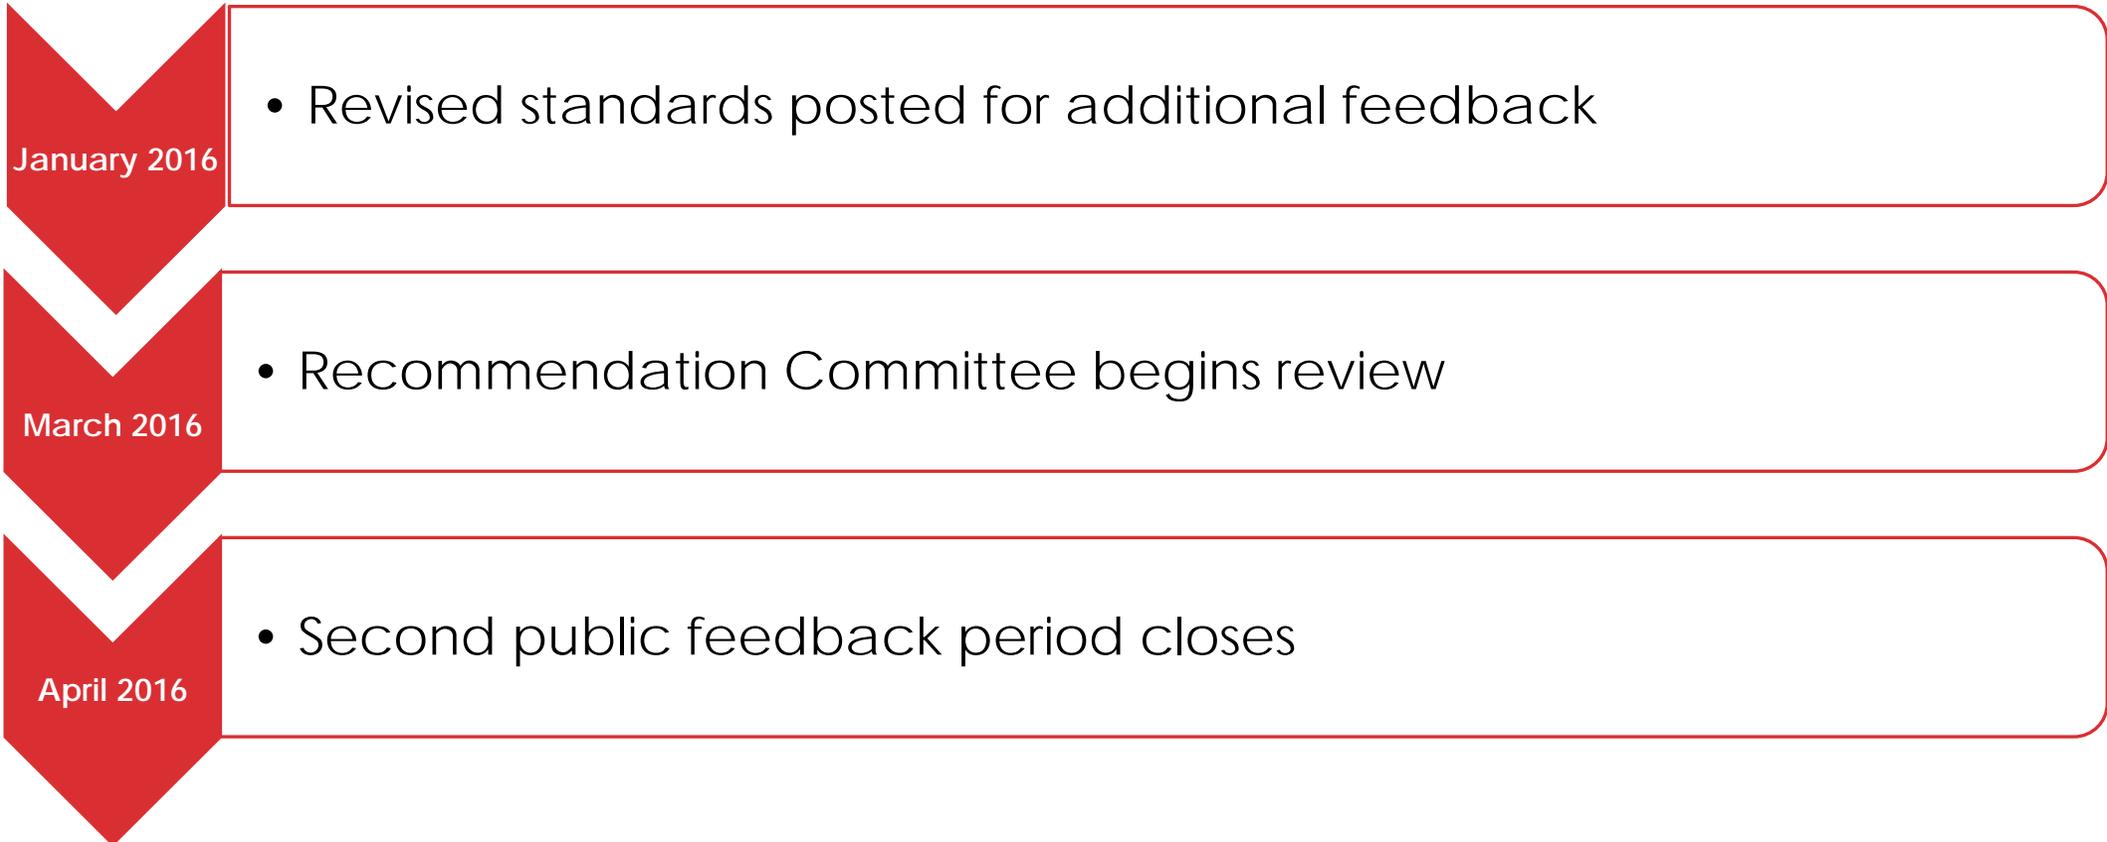

October 2015

- Close first phase of the public feedback website

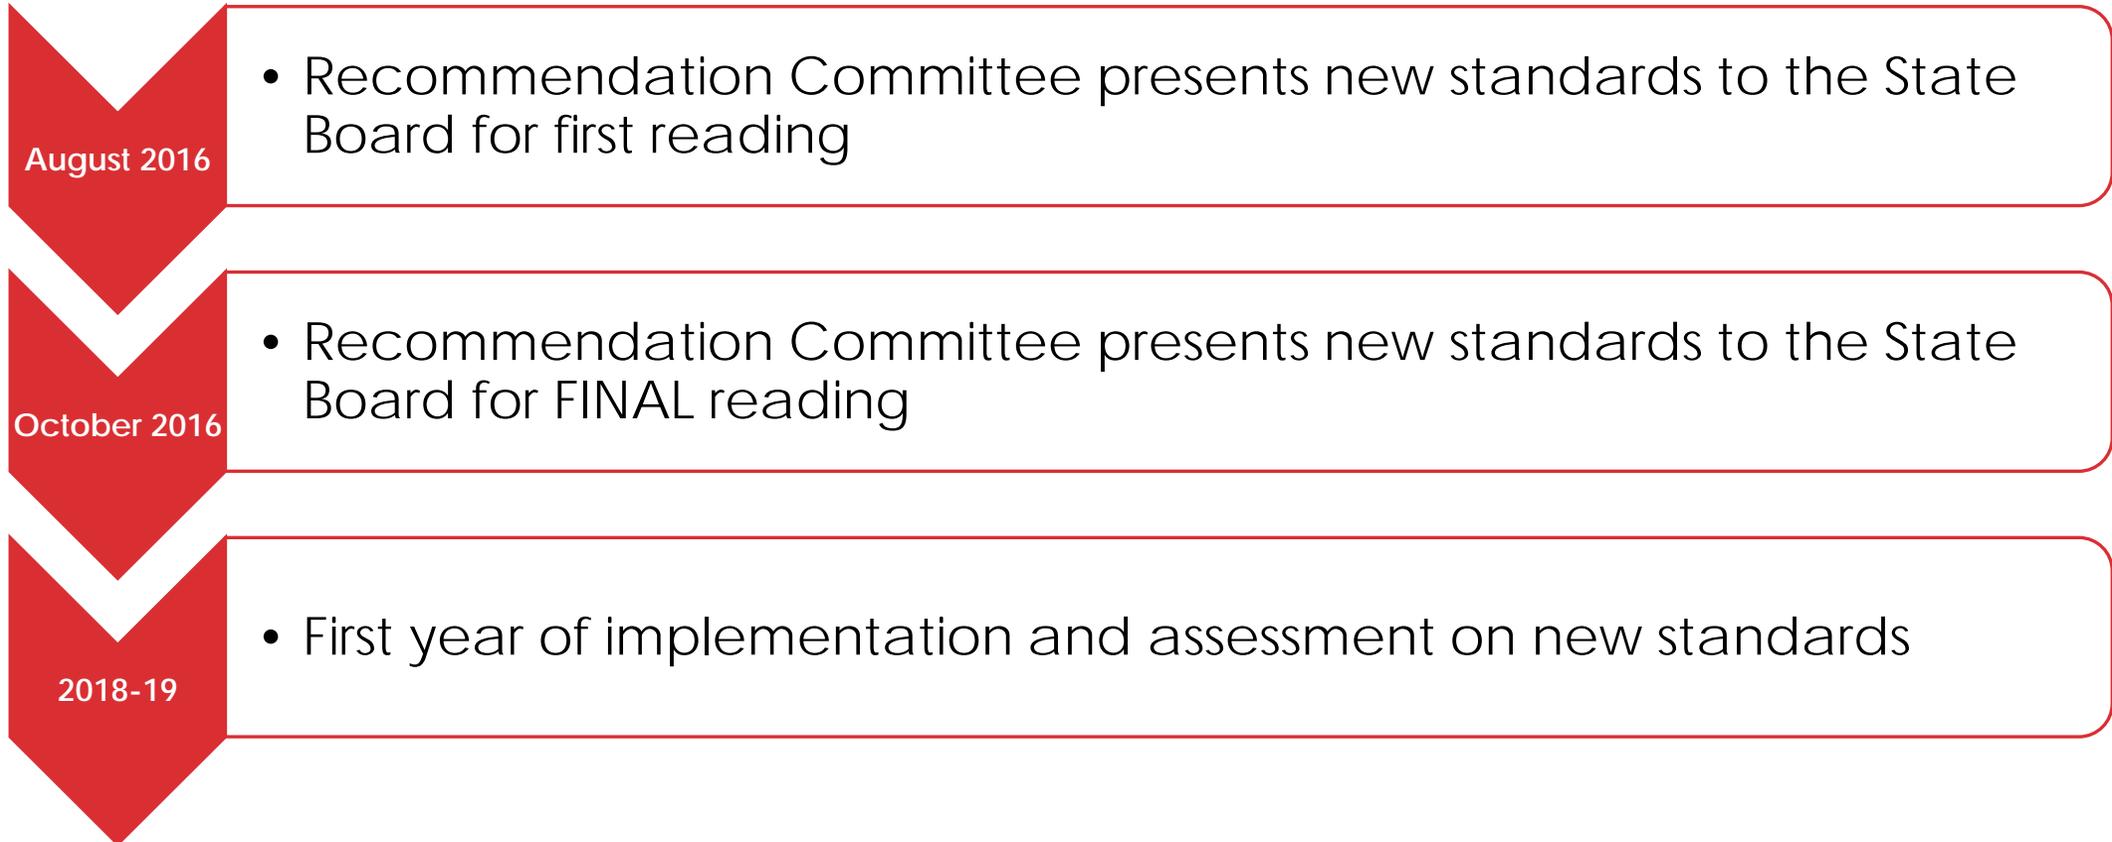

October-
December
2015

- Educator teams review feedback and develop revisions

PROPOSED TIMELINE

PROPOSED TIMELINE

OTHER STANDARDS

STANDARDS REVIEW PROCESS

- Final reading of 3.209 Standards Review policy
- Six year review cycle
- Developed a comprehensive list of standards and review timelines
- Working to create a comprehensive calendar for review, textbooks, and assessments
