# Program Overview and Background

The Behavioral Health Safety Net (BHSN), operated through the Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS), provides essential outpatient mental health services to uninsured adult Tennesseans and uninsured/underinsured Tennessee children who meet program eligibility criteria through a network of 15 BHSN Community Providers. Essential services include assessment, evaluation, diagnostic and therapeutic intervention, case management, transportation, peer support services, psychosocial rehabilitation services, psychiatric medication management, labs related to medication management, and pharmacy assistance and coordination. BHSN Providers serve eligible Tennesseans no matter which county they live in.

## ***2005-2008: Mental Health Safety Net***

In response to Tennessee Public Chapter No. 474 and Section 59 of the Tennessee Appropriations Act of 2005, the then Tennessee Department of Mental Health and Developmental Disabilities (TDMHDD), now the Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS), created the Mental Health Safety Net (MHSN) to provide essential mental health services to the 21,000 individuals identified as severely and /or persistently mentally ill (SPMI/SMI) of the 191,000 individuals who were dis-enrolled from the TennCare Program due to TennCare Reform. In July 2005, \$11.5 million was appropriated to fund the MHSN, also referred to as Clinical Therapeutics and Recovery (CTR). The MHSN covered vital core mental health services for individuals identified as SPMI, helping them lead more functional and productive lives in their communities. The MHSN would not have been possible without the successful partnership between the TDMHSAS and the 20 mental health agencies that agreed to be providers of services through the MHSN.

Individuals who were enrolled into the MHSN were eligible to receive mental health services such as assessment, evaluation, diagnostic and therapeutic sessions, case management, psychiatric medication management, lab services related to medication management, and pharmacy assistance and coordination. In addition to these services, funds were allocated to the Tennessee Department of Finance and Administration to provide prescription assistance through CoverRx, the state prescription assistance program that provided discounts on generic and brand name drugs with affordable co-pays.

## ***2009: Mental Health Safety Net + TennCare Partners State Only Program becomes Behavioral Health Safety Net of Tennessee***

On January 1, 2009, the TDMHSAS assumed full responsibility for the State Only program, the outpatient portion of the TennCare Partners initiative, which at the time was covering the

provision of services to approximately 12,000 low-income Tennesseans diagnosed with severe and persistent mental illness. TDMHSAS staff examined various alternatives for provision of core mental health services and determined that the services offered through the MHSN would be the most appropriate for this population. Therefore, the MHSN and State Only programs were merged into a single program. This combined program was named the Behavioral Health Safety Net of Tennessee and served the State Only outpatient population, as well as the original MHSN population. At this time, BHSN became eligibility based, and opened enrollment to all Tennesseans who met the eligibility criteria. To facilitate the implementation of BHSN with its expanded enrollment base, an additional \$10 million was appropriated.

### ***2009 through 2013: Eligibility Changes and Additional BHSN Services Added***

2009: On July 1, 2009, TDMHSAS agreed to offer three BHSN services to Daniels Class Disenrollees with Medicare and to original MHSN individuals with Medicare who met all other eligibility criteria except the age limit. The three BHSN services offered that were not covered by Medicare were Case Management, Medication Training and Support and CRG Assessment.

2011: CRG assessment no longer offered as a BHSN covered service due to the CRG Assessment no longer being a tool used to determine eligibility.

2012: Peer Support and Psychosocial Rehabilitation were added to the BHSN Service Array.

2013: BHSN eligibility was expanded to include all individuals with Medicare Part B and/or over 65 years old AND met all other BHSN eligibility requirements. Individuals falling into these two categories were only eligible for BHSN services not covered by Medicare Part B (i.e., case management, peer support, etc.).

### ***2019: Eligibility Expansion and the Addition of BHSN Transportation***

In 2019, an additional \$5 million appropriation to the BHSN by Governor Bill Lee allowed the BHSN eligibility minimum age for enrollment to decrease from 19 years old to 18 years old and for BHSN eligibility criterion around Federal Poverty Level (FPL) to increase from 100% to 138%. In addition, CoverRx, the state pharmacy assistance program operated through TennCare, adjusted their eligibility criteria from 100% FPL to 138% FPL.

Transportation officially became a BHSN service in 2019. Beginning as a pilot project in 2018, the flexible service description of the BHSN Transportation benefit allows BHSN Providers and BHSN Enrollees to individualize the service based on resources available.

## ***2020 and Forward: New BHSN System and Implementation of BHSN for Children***

2020 brought several significant changes to BHSN.

In May 2020, the 1st phase of the New BHSN System was launched, allowing BHSN Providers to complete online BHSN enrollment and annual re-enrollment.

Also in 2020, additional appropriation by Governor Bill Lee and the TN Legislature allowed for the implementation of BHSN for Children in September 2020. Similar to BHSN for Adults, the BHSN for Children program provides essential outpatient mental health services to uninsured and underinsured Tennessee children, with an emphasis on connecting children to more robust mental health payors like TennCare or CoverKids. The BHSN for Children Providers were also allocated funds to employ Outreach Coordinators to promote awareness and access to BHSN for Children in their communities. During the first year of implementation, the BHSN for Children program was tweaked based on BHSN Provider and community feedback, including allowing children of any income level to enroll, and providing a limited-service array to children with private/commercial behavioral health benefits or enrolled in CoverKids.

In 2022, BHSN payment functionality was moved from the Legacy BHSN System to the New BHSN System. This transition allowed for all BHSN functionality to rest in the New BHSN System.

Through 2022 and 2023, TDMHSAS raised a total of eleven BHSN services to align with TennCare.

# Behavioral Health Safety Net Provider Standards and Contractual Requirements

## ***BHSN Provider Standards (effective February 2021)***

- 1. Core Services:** Offers the core BHSN services - assessment and evaluation, therapy, case management, psychiatric medication management, administration of long-acting injectables, and pharmacy assistance and coordination. Additional reimbursable BHSN services that may be offered include peer support, psychosocial rehabilitation services, and transportation.
- 2. Medicaid Provider:** Has an active Provider Agreement with each Managed Care Organization contracted through TennCare to provide behavioral health services and is in good standing with TennCare and MCOs regarding provider compliance.
- 3. Data and Payment:** Has Electronic Information Systems capability to enable and/or facilitate seamless data exchange with TDMHSAS for the general purpose of service assessment, reporting, and claims and payment processing in a format directed by TDMHSAS.
- 4. Workforce:** Serves individuals with Mental Health needs through qualified and appropriately credential providers and staff, including at least one (1) full-time psychiatrist on staff in a leadership role as a Medical Director or Clinical Director.
- 5. Accreditation:** Encouraged to pursue and maintain accreditation from one of the four following accrediting bodies – Council on Accreditation (COA); Commission on Accreditation of Rehabilitation Facilities (CARF); The Council on Quality and Leadership (CQL); or The Joint Commission (TJC).
- 6. Governance:** Be a non-profit/not for profit organization and have an active Board of Directors that serve as a governing board with responsibilities on establishing policies, regulations, and bylaws consistent with the mission of TDMHSAS.
- 7. Comprehensive Support:** Serves as the behavioral health clinical home for uninsured individuals enrolled in BHSN providing ongoing treatment planning and treatment interventions as needed, and prioritizes trauma-informed practices, treatment, and care.
- 8. Benefits Enrollment:** Screens and assists each BHSN enrollee in determining and applying for TennCare, CoverKids, and other behavioral health services.

## ***BHSN Contractual Requirements***

(Based on current FY23-25 BHSN contract)

1. Refer to the BHSN for Adults and BHSN for Children Service Rate Sheets for BHSN service array, type of service, length of service, service code, and rate.
2. Appoint a BHSN Lead to serve as the main point of contact between the BHSN Provider and the Office of Behavioral Health Safety Net and Older Adults for daily BHSN operations.
3. Determine BHSN eligibility as appropriate, based on Tennessee residency, US Citizenship or Qualified Alien Status, household income, qualifying mental health diagnosis, behavioral health insurance status, and age.
4. Maintain a file on each BHSN Enrollee which includes proof of BHSN eligibility, including proof of TN residency, US Citizenship or Qualified Alien Status, household income, qualifying mental health diagnosis, behavioral health insurance status, and age. BHSN Providers will gather BHSN eligibility documents within 60 days of the BHSN Begin Date for initial applications or re-applications, and updated BHSN eligibility documents within 60 days of each BHSN Annual Review.
5. Re-verify BHSN eligibility once a year based on the expiration date of the BHSN Qualifying Diagnosis Assessment.
6. Utilize the TDMHSAS Behavioral Health Safety Net System (BHSN System) for online BHSN enrollment, annual re-enrollment, and claims processing for payment.
7. Appoint an Authorizing Representative to oversee the BHSN Provider's BHSN System Users. Authorizing Representative ensures BHSN System Users have been trained in BHSN program policies and guidelines and have access to the BHSN Provider Manual.
9. Request de-activation of BHSN System Users who are no longer employed by the BHSN Provider or no longer need access to the BHSN System.
10. Have a process in place to maintain documentation supporting BHSN Provider staff attestation language for online BHSN enrollment and BHSN re-enrollment in the BHSN System.
11. Upload eligible BHSN services for payment into the BHSN System by electronic file format (i.e., 837p file upload) at least monthly.
12. Seek reimbursement from TennCare for BHSN service recipients who enroll in TennCare, and credit back to the BHSN any services paid for by TennCare. BHSN Providers will utilize BHSN System reports ("Registrations-Closures" and "Services – TennCare Retro Credits") to support TennCare reimbursement activities.

- 13.** Submit a quarterly Pharmacy Assistance and Coordination report in a format prescribed by the Office of Behavioral Health Safety Net and Older Adults.
- 14.** Have at least one staff participate in the bi-monthly BHSN Provider Network calls and/or webinars. The agency staff person should have authority to communicate pertinent information back to BHSN Provider staff.
- 15.** Provide access to BHSN enrollee files for TDMHSAS monitoring, both required and ad hoc, including access to BHSN eligibility documentation and BHSN billing, claims processing, and reimbursement documentation.
- 16.** For BHSN for Children, support BHSN for Children Outreach Coordination staff who promote awareness and access to the program. Each 1.0 Full-time equivalent Outreach Coordinator position is required to contact a minimum of 24 face-to-face/virtual community or school outreach contacts per month.
- 17.** Have at least one staff participate in quarterly BHSN for Children Outreach calls and/or webinars. The agency staff person should have authority to communicate pertinent information back to BHSN Provider staff.
- 18.** Submit monthly BHSN for Children Outreach Coordinator report in a format prescribed by the Office of Behavioral Health Safety Net and Older Adults.

# Eligibility Determination

The Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) is the lead state agency responsible for determining eligibility and contracting for services rendered to Adult and Child enrollees who qualify for assistance through the BHSN program. TDMHSAS contracts directly with BHSN Community Providers to deliver covered behavioral health services and pharmacy coordination assistance to applicants who qualify for BHSN assistance. TDMHSAS also partners with the four Tennessee Regional Mental Health Institutes (RMHI), as well as three East Tennessee Contracted Private Hospitals, to enroll eligible adult applicants into the BHSN program by assigning enrollees to a contracted BHSN Community Provider of their choice upon discharge.

## ***Eligibility Criteria***

To qualify for the BHSN program, applicants must meet the following technical and financial eligibility requirements:

### ***BHSN for Adults***

- Be determined ineligible for TennCare or have completed a TennCare application. Provider agency staff are encouraged to assist clients in applying for TennCare if an application has not previously been submitted prior to applying for BHSN; **and**
- Do not have private health insurance, or the private health insurance lacks mental health coverage, or all mental health benefits under the private health insurance have been exhausted for the year as determined by the Provider in consultation with the applicant; **and**
- Do not have behavioral health benefits through the Veteran's Administration; **and**
- Be a US Citizen, or qualified alien (defined as a non-United States citizen residing in Tennessee who is a Permanent Resident of the United States, or asylee, or refugee, or a non-United States citizen residing in Tennessee on a conditional visa as defined by state and federal laws); **and**
- Be a resident of Tennessee, with no minimum timeframe required; **and**
- Be diagnosed with a qualifying primary mental health diagnosis (please refer to BHSN ICD-10 Eligibility Diagnosis Codes document in Appendix II); **and**
- Have a household income at or below 138% of the Federal Poverty Level (FPL); **and**
- Be eighteen (18) years of age or older; **and**

- Not be in an in-patient facility, such as an inpatient psychiatric (sub-acute) hospital or nursing home; **and**
- Individuals who are inmates or incarcerated and meet all other BHSN eligibility requirements may be enrolled in BHSN to receive the following services: Psychiatric Diagnostic Evaluation, with or without medical services (90791, 90792), and Psychological Testing Evaluation Services (96130). These services are allowable for individuals who are inmates or incarcerated if the services are provided within 90 days of release from incarceration and the services are provided to determine a qualifying mental health diagnosis for BHSN eligibility.

### ***Eligibility for Applicants with Medicare Part B and/or sixty-five (65) years of age or older:***

Applicants who have Medicare Part B and meet all other eligibility requirements for BHSN may be enrolled. Enrollees sixty-five (65) years of age or older will be treated as having Medicare Part B, even if they are not receiving Medicare Part B. These two (2) groups are eligible only for the following approved BHSN services:

- Case Management (T1016)
- Medication Training and Support (H0034)
- Peer Support (H0038, H0038HQ)
- Psychosocial Rehabilitation Services (H2017, H2017HQ)
- Transportation (T2002, T2003, A0110)\*

\* Transportation services are only allowed when the enrollee is receiving another approved BHSN service allowed to Medicare recipients.

If an applicant is enrolled in Medicare Part B and has a Medicare Advantage Plan, they may be enrolled in the BHSN if all other eligibility requirements are met, provided the Advantage Plan does not cover the approved services noted above, or if the benefits have been exhausted for the year.

- ✓ Active enrollment in either the QMB or SLMB supplements does not disqualify enrollees from receiving BHSN services.

## ***BHSN for Children***

- Be determined ineligible for TennCare or have completed a TennCare application. Provider agency staff are encouraged to assist clients in applying for TennCare if an application has not previously been submitted prior to applying for BHSN; **and**
- Be a US Citizen, or qualified alien (defined as a non-United States citizen residing in Tennessee who is a Permanent Resident of the United States, or asylee, or refugee, or a non-United States citizen residing in Tennessee on a conditional visa as defined by state and federal laws); **and**
- Be a resident of Tennessee; with no minimum timeframe required; **and**
- Be diagnosed with a qualifying primary mental health diagnosis (please refer to BHSN ICD-10 Eligibility Diagnosis Codes document in Appendix II); **and**
- Be three (3) to seventeen (17) years of age; **and**
- Not be in an in-patient facility, such as an inpatient psychiatric (sub-acute) hospital or nursing home; and
- Not be in State legal custody.

**There is no family income limit for the BHSN for Children program, but a report of household income is needed to enroll an applicant. Reported household income also helps determine other potential behavioral health payors for the enrollee.**

**Proof of income documentation is strongly encouraged.**

**The BHSN system will not accept an income amount of over 999% FPL. If the client's income is higher than this amount, please submit the maximum allowable income to meet 999%.**

## ***Eligibility for Children (3-17) with CoverKids or Private Insurance which includes behavioral health coverage:***

Limited services under the BHSN for Children program are available to enrollees ages three (3) to seventeen (17) who are enrolled in CoverKids or have private/commercial behavioral health insurance; and meet all other eligibility requirements for BHSN for Children. These two (2) groups are eligible for the following approved services:

- Case Management (T1016)
- Family Support Services (H2014)
- Family Therapy with client present (90847)
- Family Therapy without client present (90846)
- Medication Training and Support (H0034)
- Transportation (T2002, T2003, A0110)\*

\* Transportation services are only allowed when the child enrollee is receiving one of the other BHSN services approved for children who have private/commercial behavioral health coverage or CoverKids.

**A Visual Guide to BHSN for Children Eligibility Can be Found in Appendix IV:  
Children's Behavioral Health Safety Net Eligibility Map**

# BHSN Required Eligibility Documentation

## ***Information Verification***

BHSN Providers shall maintain BHSN eligibility documentation on each BHSN enrollee that will be available to TDMHSAS upon request. BHSN Providers have 60 calendar days from the BHSN Begin Date for new BHSN registrations and 60 calendar days within each BHSN Annual Review to gather all BHSN eligibility documentation. BHSN Provider may enroll an applicant based on presumptive eligibility, begin providing BHSN services, and gather the eligibility documents over the following 60 days.

## ***Proof of Annual Household Income***

The Federal Government assigns the Federal Poverty Level (FPL) Calculations and updates FPLs each calendar year. Current FPL guidelines can be found on the TDMHSAS BHSN website at: [https://www.tn.gov/content/dam/tn/mentalhealth/documents/FPL\\_Guide\\_2024.pdf](https://www.tn.gov/content/dam/tn/mentalhealth/documents/FPL_Guide_2024.pdf), or in the BHSN System under the BHSN Information tab labeled "FPL Guide 2024."

### **Information may be verified through, but not limited to, the following sources:**

- Federal income tax records of current or previous year (copy of at least the 1st page); or
- One (1) month of check stubs from an employer; or
- Bank Statement showing one (1) month of direct deposits from employer, Social Security Administration, etc.; or
- Benefits Check/Letter (Social Security or Unemployment); or
- Dated and signed letter from a valid employer reporting average number of hours worked each month and hourly wage earned; or
- Current Statement(s) of unemployment insurance from the Tennessee Department of Labor and Workforce Development; or
- A BHSN No Income Verification Form signed and dated by contracted Provider staff; or
- Any other governmental agency or public or private source of information where such information may impact an applicant's eligibility for BHSN assistance.

## ***Additional Information to Consider in Determining Annual Household Income:***

**Note:** Earned and Unearned income are counted together for BHSN income eligibility verification as annual household income is a calculation of gross income.

- **Earned Income** is defined as money derived from an applicant's work efforts including, but not limited to wages, salaries, commissions, or as profits from a self-employment enterprise, including farming, carried on either alone or jointly. It also includes pay received from jury duty, bonuses, vacation pay, maternity leave pay, sick pay, tips/gratuities, royalties, honoraria, and pensions received by an applicant while still

working. Garnished or diverted wages also are considered earned income as BHSN eligibility is calculated by gross income.

- **Unearned Income** is defined as income received but not directly realized from work, such as Social Security income (retirement and disability), unemployment benefits, pensions, annuities, Family First (TANF) grants, child support, alimony, capital gains, IRA distributions, annuities, savings interest, dividends, prizes, or cash gifts from family and/or friend(s). Note: Food Stamps are not considered income.
- If an applicant reports that they lack income of any type, then a completed copy of the BHSN Income Verification and Homeless Declaration form should be completed, signed, and dated by Provider staff. The form along with any supporting documentation should be kept on file with the agency. This form can be found in Appendix I and in the BHSN System under BHSN Information Documents.

### ***Whose income to consider:***

- **Applicant's own income:** Any income realized by the BHSN applicant is counted.
- **Spouse's income** if the applicant is married and living in the same residence.
  - If the applicant is separated (legally or not legally) from their spouse, and not residing in the same residence, only the applicant's income is considered.
  - In incidents of domestic violence or reported unsafe living conditions, the spouse's income may not be considered. Providers may use discretion in making this determination, and detailed documentation of this exception must be recorded in the applicant's file in the form of a case note, or similar staff attestation.
- **Minor child** with income such as Supplemental Security Income (SSI) or Social Security survivor benefits. Such income is considered part of the overall household income as it is under the control of the parent or legal/custodial guardian and is countable in determining the parent's or legal/custodial guardian's BHSN eligibility.

### ***Whose income is NOT considered:***

- If an applicant is living with, but not dependent on parent(s), and not declared on parent(s) income tax, then the parents' income is NOT counted.
- If an applicant is living with, but not dependent on adult sibling(s), and not declared on sibling(s) income tax, then the siblings' income is NOT counted.
- If an applicant is living with her/his adult child/children, the adult child/children's income is NOT counted.
- If an applicant is living with non-related adults, such as roommates, the income of the roommate is NOT counted.

## ***Proof of Current Legal Residency in Tennessee:***

Information may be verified through, but not limited to, the following sources:

*For BHSN for Children enrollees, parent or legal guardian documentation is acceptable*

- A valid (not expired) Tennessee Driver's License; or
- A valid (not expired) Tennessee state issued picture identification ID card; or
- Voter registration card; or
- Lease agreement or mortgage contract with current Tennessee residence shown; or
- Utility bill or similar bill/invoice from past three (3) months in the applicant's name; or
- Current bank statement with Tennessee residence information; or
- Current paycheck/check stub or Work ID if address is included; or
- A signed and dated statement from a person familiar with applicant who can verify circumstances (i.e., case manager, family member, friend, employer); or
- A BHSN Homeless Declaration Form signed and dated by Provider staff if the applicant claims to be unhoused or have no permanent address.

## ***Proof of United States Citizenship or Qualified Alien Status***

Information may be verified through, but not limited to, the following sources:

- Valid (not expired) Tennessee Driver's License/Tennessee state issued picture identification card; or
  - A valid (not expired) Driver's License or picture identification from another state only when presented with a Social Security Card; or
  - Social Security Card; or
  - A Tennessee Voter Registration Card; or
  - Birth certificate (either a certified copy or designated as "Mother's Copy" issued by a state; or
  - Hospital birth record; or
  - A valid (not expired) U.S. Passport; or
  - Certificate of citizenship/naturalization provided by the United States Bureau of Citizenship and Immigration Service; or
  - Religious record such as baptismal record or birth record kept in a family bible; or
  - Print-out of a Social Security Number validation through the Social Security Administration. (<https://www.ssa.gov/onlineservices/>)
- ✓ **Note:** Verification of U.S. Citizenship will only need to be presented one time. After the documentation is on file with the BHSN Provider, it will not be required during BHSN Annual Reviews.

## ***Proof of Qualified Alien Status***

Information may be verified through, but not limited to, the following sources:

***For BHSN for Children enrollees, parent or legal guardian documentation is acceptable.***

- Permanent Resident Card (Green Card); or
- Temporary Resident Card (Form I-687); or
- Arrival/Departure Record (Form I-94); or
- Employment Authorization Document (I-766); or
- Visa.

✓ **Note:** Verification of current Qualified Alien Status is required at each Annual Review.

For more information on Qualified Alien Status: [www.uscis.gov/portal/site/uscis](http://www.uscis.gov/portal/site/uscis).

## ***Proof No Behavioral Health Coverage, or Exhausted Behavioral Health Coverage through Commercial Insurance***

Information may be verified through, but not limited to, the following sources:

- Print out from TennCare Online Services OR TennCare Connect website indicating no TennCare; or
- Print out from healthcare.gov if applied online; or
- Letter from Private Health Insurance stating no Behavioral Health Benefits OR that Benefits have been exhausted for the year; or
- TennCare denial letter; or
- Verbal or written confirmation of denial if applied by phone documented by BHSN Provider (i.e., in a progress note).

## ***BHSN for Children requirement for all uninsured enrollees***

- A BHSN Verification of No Insurance Form signed and dated by Provider staff attesting to enrollee not having private/commercial behavioral health insurance. This form can be found in Appendix I, and in the BHSN System under BHSN Information Documents.
- This form is required in addition to other required eligibility documents, and not a substitution for any other form of proof of eligibility for the BHSN for Children program.

## ***Proof of CoverKids or Private Insurance which includes behavioral health coverage for BHSN for Children***

Information may be verified through, but not limited to, the following sources:

- Print out from TennCare Online Services OR TennCare Connect website indicating CoverKids enrollment; or copy of CoverKids insurance card; or
- Proof of private/commercial behavioral health insurance.

## ***Proof of Age***

Information may be verified through, but not limited to, the following sources:

- Documentation of date of birth on a Federal or Tennessee identification card; or
- A Birth Certificate or Certificate of Citizenship if a naturalized citizen; or
- A Birth Certificate designated as “Mother’s Copy” issued by state; or
- Proof of age as provided with information from parent/caregiver of child enrollee.

# BHSN Enrollment Process & System Overview

## ***BHSN Presumptive Eligibility***

Enrollment into BHSN for Adults and Children is based on presumptive eligibility. The BHSN enrollee may be registered and begin receiving services *without* proof of income, Tennessee residency, and citizenship, however, required eligibility documentation must be in the enrollee's file within sixty (60) calendars days of the Begin Date of the current BHSN registration.

- ✓ **Note:** A Social Security Number, or United States government issued nine (9) digit number such as an ITIN, is needed to register and bill for BHSN services.

### **Required Eligibility Documentation:**

- Proof of current household income; **and**
- Proof of current legal residency in Tennessee; **and**
- Proof of United States citizenship or qualified alien status; **and**
- Proof of private health insurance when insurance does not include behavioral health coverage, or all mental/behavioral health benefits have been exhausted; **and/or**
- Evidence of being denied TennCare (or awaiting determination), such as a copy of the denial letter, the print-out from the TennCare Online Eligibility website, or documentation in a progress note.

### **Additional Verification for Child enrollees with CoverKids or Commercial Insurance:**

- Print out from TennCare Online Services OR TennCare Connect website indicating CoverKids enrollment; **or**
- Copy of CoverKids insurance card; **or**
- Proof of private/commercial behavioral health insurance.

**Note:** Any individual receiving mental health services paid for by BHSN may be held financially responsible for all mental health services provided to the individual, if during receipt of any mental health services the person did not meet BHSN eligibility criteria.

## ***Program Enrollment Process for BHSN for Adults and Children***

1. Screen all enrollees for BHSN eligibility requirements.
2. Check the enrollee for TennCare Coverage.
3. It is recommended that the enrollee's Social Security Number be verified either through government documents as available, or the TennCare Online Eligibility website prior to

searching for or registering enrollees into the Behavioral Health Safety Net system. This process avoids registration complications in cases of SSN errors.

4. Advise the enrollee of the services they are eligible for through BHSN. Explain that BHSN is not health insurance coverage, and only covers selective outpatient services through the BHSN Provider, while also informing the enrollee that they may only receive services from one BHSN Provider at a time.
5. Receive informed consent to enroll the applicant in BHSN and advise them that their information may be shared with TDMHSAS as necessary for the payment and the provision of services through BHSN.

## Behavioral Health Safety Net System Overview

The BHSN enrollee online record contains three sections which must be completed by the Provider to successfully create a BHSN registration. These three sections are: **Demographic**, **Registration**, and **Qualifying Diagnosis**, which are described in detail below.

### Demographic Section

The **Demographic** section should be completed with information provided by the enrollee, or through verifying documentation when available.

The screenshot shows a web form titled "Add Client" with a "Demographic" section. The form contains the following fields and values:

Field	Value	Required
First Name	Bugs	Yes
Middle Name		No
Last Name	Bunny	Yes
Birth Date	5/26/2000	Yes
SSN	000-00-0000	Yes
Race	Multiracial	Yes
Gender	Male	Yes
County of Residence	Anderson	Yes

**All fields marked with an \* are required to create a Registration**

- First Name \*
- Middle Name
- Last Name \*
- Birth Date\* (pre-populates from search)
- SSN\* (pre-populates from search)
- Race\*
- Gender\*
- County of Residence\*

### Registration Section

The **Registration** section should be completed with information provided by the enrollee, or through verifying documentation when available. Remember that BHSN is based on presumptive eligibility, and eligibility documentation must be gathered within sixty (60) calendar days of the Begin Date of the current BHSN Registration. Components of the BHSN Registration section are detailed below.

Registration				
Agency Name *	Site Location	Begin Date *	End Date	Close Reason

**All fields marked with an \* are required to create a Registration**

## Field Descriptions

### Agency Name\*

The Provider's Agency name will pre-populate according to the BHSN Provider assigned to the Provider staff account. Provider staff cannot edit or change the Agency Name field.

### Site Location

Providers are required to supply, and regularly update the BHSN office with a selection list of current Site Locations used by the Provider. Although not a required field, selecting the appropriate Site Location is helpful in sorting agency enrollee data, particularly when organizing Annual Reviews.

### Begin Date\*

The Begin Date is the date the enrollee begins services with a Provider per the BHSN System. The Begin Date serves as the first date that a Provider may bill for BHSN services. The Begin Date may be within a range of up to sixty (60) calendar days prior to the current date, but not before the Assessment Date.

**Example:** If the current date is 10/1/22, the Begin Date may be edited back to 8/2/22 (60 days).

### End Date

The End Date is used when closing a Registration and specifies the last date in which an enrollee is eligible to receive or be billed for BHSN services. The End Date may be entered manually by Provider staff, system generated through auto-closure, or entered by TDMHSAS staff.

A system generated auto-closure may occur when an enrollee has an expired BHSN Assessment, or if the enrollee has been found to have active TennCare coverage. The BHSN system and the TennCare data system perform client data matching on a weekly basis to determine TennCare eligibility. In the event of a Provider Change request, TDMHSAS staff will determine and select the BHSN End Date.

### Close Reason

A Closure Reason must be selected from the drop-down menu when adding an End Date and closing an active registration.

The following closure reasons are not to be selected by Provider staff. They are to be selected though auto-closure, or TDMHSAS staff only:

- Assessment (Qualifying Diagnosis) is Out of Date – System generated
- Enrolled in TennCare – System generated
- Provider Change Requested – Selected by TDMHSAS staff only

*For an overview of BHSN disenrollment and closure reasons, see the Disenrollment section.*

### **US Citizen or Qualified Alien\***

All BHSN enrollees must be a verified US citizen or qualified alien to meet BHSN eligibility criteria. A “yes” or “no” selection by radio button is required in this field. The BHSN system will only allow a “yes” to be selected. A selection of “no” will populate the error message “Client must be US citizen or qualified alien.”

### **TN Resident\***

All BHSN enrollees must be a verified Tennessee resident to meet BHSN eligibility criteria. A “yes” or “no” selection by radio button is required in this field. The BHSN system will only allow a “yes” to be selected. A selection of “no” will populate the error message “Client must be a TN resident.”

### **Behavioral Health Insurance\***

A radio button selection must be made indicating that the enrollee either has “None or MH Services are exhausted” or “Has current MH benefits.”

- **For Adult Enrollees:** Selecting “Has current MH benefits” will generate the system error “Behavioral Health Insurance must be none or MH services are exhausted for client.” Adult enrollees must have “None or MH Services are exhausted” selected to save the registration.
- **For Child Enrollees:** If the enrollee has CoverKids or Private/Commercial behavioral health insurance, “Has current MH benefits” must be selected. An additional field for “CoverKids Coverage” will display, and the BHSN Provider will select “yes” if the child has CoverKids and “no” if the child only has private/commercial behavioral health insurance. As child enrollees with CoverKids and private insurance are eligible for a limited array of BHSN services, a “yes” in the “Has current MH benefits” field alerts the system to only allow appropriate services from the limited array to be billed under this enrollee’s record. This process safeguards against data errors when entering services.

**Medicare Part B coverage\*** is regarded as an independent field selection and “None or MH Services are exhausted” must be selected. Medicare Part B coverage will be recorded in the next field selection.

### Gross Annual Household Income\*

The total dollar amount of Gross Annual Household income. Please refer to the Eligibility Determination section for specific instructions on whom to count when deriving this total.

### Number in Household\*

A numerical value which includes all persons considered in the household for BHSN eligibility. Please refer to the Eligibility Determination Section on whose income is considered for BHSN purposes. The maximum allowable number to enter in this field is twelve (12) individuals.

### Received From

This field is populated when the enrollee was registered by either a Regional Mental Health Institute or Contracted Private Hospitals. Providers are unable to edit to field.

### Calculate %FPL

This is an optional tool to assist in the calculation of total Federal Poverty Level (FPL) percentage between the Gross Annual Household and Number in Household fields. Currently, the FPL% for Adult BHSN enrollees is 138% FPL, but FPL determinations are made annually by the federal government and BHSN income structures are updated annually in conjunction with federal guidelines.

For Child BHSN Enrollees: Remember that there is no income limit for enrollment, but a report of household income is needed to enroll an applicant into BHSN for Children. Additionally, a report of household income helps the Provider determine other potential behavioral health payors.

***Please refer to the Eligibility Determination Section for BHSN income eligibility guidelines for Adults and Children.***

## Qualifying Diagnosis Section

The **Qualifying Diagnosis** section should be completed with clinical information determined by the Provider when completing a Qualifying Mental Health Diagnosis for BHSN eligibility. The components of the Qualifying Diagnosis section are detailed below.

Qualifying Diagnosis				
Assessment Date *	Expiration Date	Primary ICD10 (Excluding Decimal) *	Substance Issue <input type="radio"/> Yes <input type="radio"/> No	Co-occurring Substance ICD10 (Excluding Decimal)
<input type="text"/>	<input type="text"/>	<input type="text"/>		<input type="text"/>

**All fields marked with an \* are required to create an Assessment**

## Field Descriptions

### **Assessment Date\***

The Assessment Date is the date the enrollee received a clinical assessment by the Provider to determine a Qualifying Mental Health Diagnosis for BHSN eligibility. The Assessment Date must be *on or before* the Begin Date, as the Assessment is required to begin receiving BHSN services. The Assessment Date must be within ninety (90) calendar days of the current date.

### **Expiration Date**

All Assessments for a Qualifying Mental Health Diagnosis for BHSN eligibility are active for one year. After entering an Assessment Date, the Expiration Date field will system generate for 365 days from the Assessment Date entered by the Provider. The Expiration Date cannot be edited by a Provider. A new Assessment for a Qualifying Mental Health Diagnosis will be required each year to continue receiving BHSN services, as covered in detail in the Annual Review Section.

### **Primary ICD10 (excluding decimal)\***

All BHSN enrollees must have a Qualifying Mental Health Diagnosis based on the criteria in the most current edition of the *International Statistical Classification of Diseases and Related Health Problems (ICD)*. A list of eligible diagnoses can also be found in the Documents section under BHSN Information the BHSN System, and in Appendix II. The Qualifying Mental Health Diagnosis code is determined by the Provider during the Assessment.

Enter the ICD10 code (omitting the decimal point) in this field.

### **Substance Issue\***

If a Provider determines during the BHSN Assessment that the enrollee has a substance use disorder, co-occurring with a mental health diagnosis, this will be indicated in this field by a “yes” or “no” selection by radio button is required in this field.

If “yes” is marked, the Co-occurring Substance ICD10 field must be completed.

**Note:** A Substance Use Disorder cannot be the Qualifying Mental Health Diagnosis for BHSN eligibility.

### **Co-occurring Substance ICD10 (excluding decimal)**

If it is determined that the enrollee has a substance use disorder and “yes” was checked in the previous radio button, enter the specific ICD10 code (omitting the decimal point) associated with the diagnosed substance use disorder.

## ***Provider Attestation***

**You will notice a pink box alerting you to the following at the bottom of the screen:**

This statement serves as confirmation that the person creating the registration attests to the information being entered into the BHSN System as factual to the best of the Provider's knowledge, that the enrollee has been made aware of the BHSN program policies, the enrollee gives consent to be enrolled into the BHSN program, and that the enrollee has also given consent for their data to be shared in a secure and confidential State of Tennessee database.

By clicking **SAVE**, you, as a provider in the Behavioral Health Safety Network (BHSN), attest to the following:

- (1)** Your agency has reviewed what the BHSN is, the eligibility requirements for the BHSN, and all BHSN services and policies with the applicant; **and**
- (2)** After such review, your agency has received informed consent from this applicant to enroll in the BHSN; **and**
- (3)** Your agency has received informed consent from the applicant to share information about the applicant that might otherwise be considered protected or confidential under law with TDMHSAS, and TDMHSAS may use this information as necessary for the payment and provision of services under the BHSN; **and**
- (4)** Your agency believes that the information contained in this application is accurate and true as provided by the applicant.

**The Provider is responsible for maintaining documentation  
which supports the above statements.**

# BHSN System Enrollment Navigation

## Search Client – Required First Step for Entering All BHSN Enrollees

If the enrollee meets BHSN eligibility requirements, first check the BHSN System to verify that the enrollee is not already active with another BHSN Provider before creating a new registration. <https://cloudmh.tn.gov/SafetyNet/Account/Login>

- ✓ The BHSN User System Home Screen is the **Search Client** page
- ✓ A valid SSN and Date of Birth are required for an enrollee search
- ✓ The radio button **All Clients** will populate
- ✓ After the SSN and DOB have been entered, hit **SEARCH**

The screenshot shows the 'Search Client' interface. It features four input fields: 'First Name', 'Last Name', 'SSN', and 'Birth Date'. Below the input fields are three radio buttons: 'Annual Review', 'Your Clients', and 'All Clients'. The 'All Clients' radio button is selected. At the bottom of the form are three buttons: 'Search' (blue), 'Add' (blue), and 'Clear' (red).

## New Enrollees

*Enrollees who do not have an existing record in the BHSN System*

### After performing the Client Search:

If the enrollee is not in the BHSN System, the **“No Client Found”** message will display.

Id	First Name	Middle Name	Last Name ^	Birth Date	SSN	Currently Registered With	Site Location	Has TennCare
No Client Found								

1. After receiving the **“No Client Found”** message when performing the client search, click the **ADD** button to proceed to the screen for creating a Registration.

This screenshot is similar to the previous one, but the 'Add' button is circled in green. Below the form, the table shows the 'No Client Found' message.

2. After clicking the **ADD** button, the **Add Client** screen will appear, populating the Birth Date and SSN used in the search.
3. Complete the **Demographic, Registration, and Assessment** sections with available information. Refer to the Enrollment Process & System Overview for a detailed overview of these required fields.
4. Once the **Demographic, Registration, and Assessment** sections have been populated with information supplied by the enrollee and Provider, hit **SAVE** at the bottom of the screen. If the **SAVE** button is shaded out and will not allow the record to save, make sure all required fields of the enrollee record have been populated. If the client record still will not save, please refer to the System Errors when Creating a Registration Section.
5. Providers may also save the enrollee record by clicking the **PREVIEW** button. This method will produce a pop-up screen with a PDF overview of the enrollee's BHSN registration record which may be saved or printed.

## ***Enrollees with an Existing, but Inactive BHSN Registration***

*Enrollees who have previously been registered for BHSN services, but are inactive*

If it is discovered that an enrollee has an existing BHSN record after performing the **Search Client** function, Providers will need to determine if the existing BHSN enrollee record is active, or inactive.

If an inactive record exists, limited demographic information will appear.

Under the “**Currently Registered With**” column, the field will be blank, indicating that a BHSN record exists for the client, but the registration is inactive. The system will not display which provider the enrollee was previously active with.

See the following section for instructions when encountering an active registration.

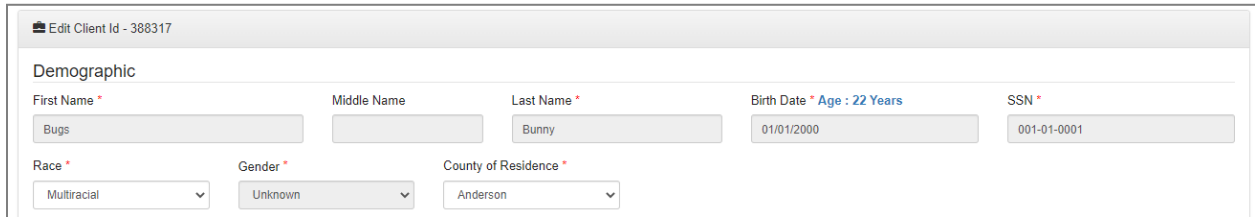

**Search Client**

First Name  Last Name  SSN  Birth Date

Annual Review  
  Your Clients  
  All Clients

Id	First Name	Middle Name	Last Name ^	Birth Date	SSN	Currently Registered With	Site Location	Has TennCare
388317	Bugs		Bunny	01/01/2000	001010001			

1. In the case of an existing, but inactive BHSN registration, click anywhere inside the inactive registration tab that populates after the client search.
2. After clicking the inactive registration, the **Edit Client** screen will appear, populating the **Demographic** section information used in the previous, inactive registration.

Demographic

First Name \* Bugs Middle Name Last Name \* Bunny Birth Date \* Age : 22 Years 01/01/2000 SSN \* 001-01-0001

Race \* Multiracial Gender \* Unknown County of Residence \* Anderson

**Note:** Any previous Registration periods with your Provider Agency will populate at the bottom of the screen. Registration periods with another Provider will not display.

Registrations					
Id	Agency Name	Begin Date	End Date	Close Reason	Status
343052	Alliance Healthcare Services	05/01/2022	05/03/2022	Provider Change Requested	InActive

3. Complete the **Registration** and **Assessment** sections with available information. Refer to the Enrollment Process & System Overview for a detailed overview of these fields.
  4. Once the **Demographic**, **Registration**, and **Assessment** sections have been populated with information supplied by the enrollee and Provider, hit **SAVE** at the bottom of the screen. If the **SAVE** button is shaded out and will not allow the record to save, make sure all required fields of the enrollee record have been populated. If the client record still will not save, please refer to the System Errors when Creating a Registration Section.
  6. Providers may also save the enrollee record by clicking the **PREVIEW** button. This method will produce a pop-up screen with a PDF overview of the enrollee's BHSN registration record which may be saved or printed.
- ✓ If existing Demographic information from a previous Registration, conflicts with information provided at the time of enrollment, please refer to the Change of Information Requests Section for instructions on requesting information changes to BHSN Registrations.

# Provider Change Requests

## ***Enrollees with an Active BHSN Registration***

*Enrollees who have an active registration with another Provider*

### **After performing the Client Search:**

If it is discovered that an enrollee has an active BHSN Registration after performing the **Search Client** function, the name of the Provider currently serving the enrollee will display under the **“Currently Registered With”** column.

Id	First Name	Middle Name	Last Name ^	Birth Date	SSN	Currently Registered With	Site Location	Has TennCare
388317	Bugs		Bunny	01/01/2000	001010001	Alliance Healthcare Services		

If the enrollee wishes to transfer BHSN services from their current Provider to your Provider Agency, follow the process for requesting a **BHSN Change of Provider**.

**Remember:** BHSN enrollees may only be registered with and receive services from one BHSN Provider at a time.

1. After discussing the criteria for changing BHSN Providers with the enrollee, make certain that the client understands that they may only receive services from one Provider at a time.
2. Send a courtesy email to the Provider that the enrollee is currently receiving BHSN services from, informing them that the enrollee wishes to change Providers.
3. Complete a BHSN **Change of Provider Request Form** (Appendix 1) and send to TDMHSAS through email at [bhsn.team@tn.gov](mailto:bhsn.team@tn.gov). Please make sure the form is as legible as possible, or it may be returned, delaying the process.

### **All fields of the Provider Change Request Form are required for submission:**

- Date of BHSN Provider Change
- Name of BHSN Provider Requesting Provider Change
- Client Name
- Client SSN
- Client DOB
- Current BHSN Provider of Record
- Requested Begin Date of BHSN with new Provider
- Name of Requesting BHSN Provider Staff
- Requesting Agency Staff Email

**Provider Change Request Conflicts** may occur when the Provider initiating the Provider Change requests a Begin Date that overlaps with a billed date of service rendered by the current BHSN Provider. As BHSN enrollees are only permitted to receive services from one Provider at a time, active BHSN registration periods cannot overlap.

In the event of Provider Change conflicts, the TDHMSAS office will assist in determining an appropriate Begin Date with both Providers before making the transfer.

**Example:** If Provider XYZ requests a Provider Change with a Begin Date of 7/4/2022, but it is determined by TDMHSAS staff that the current BHSN Provider, ABC Agency, has a billed service for 7/8/2022, the requested Begin Date of 7/4/2022 is not permissible. TDMHSAS will confirm the last date services were rendered with the current Provider before a Provider Change is approved.

In the above example, if it is confirmed that the last service the enrollee received from ABC Provider was in fact, 7/8/2022, then the earliest Begin Date permissible for the Provider Change from ABC Agency to XYZ Agency will be 7/9/2022, the day *after* the last service provided to ensure there is not an overlap in registration.

- ✓ It is advised that Providers requesting a Provider Change submit their request to the TDMHSAS office as soon as possible to avoid Provider Change conflicts.

## System Errors When Creating a Registration

If the **SAVE** button does not highlight when attempting to save a completed Registration, the record may contain errors, or other possible conflicts preventing the Registration from saving.

### ***Common errors when the SAVE button will not populate:***

- The SSN/ITIN is already in the BHSN System; **or**
- The Begin Date is more than sixty (60) days from current date; **or**
- The Begin Date is prior to the Assessment Date; **or**
- The Assessment Date is more than ninety (90) days from the current date; **or**
- The current age of enrollee conflicts with contractual allowance for the agency; **or**
- The enrollee does not meet FPL guidelines based on the household income and number in household, **or**
- An unallowable eligibility code was populated such as the enrollee not being a TN resident, or not being a US Citizen or Qualified Alien.

## ***Common error messages received when attempting to save:***

### **Message: "Specified Begin Date creates overlap with an existing registration!"**

- **Problem:** The Begin Date overlaps with an existing BHSN registration with your own agency, or another BHSN Provider.
- **Solution:** Check the End Date of the previous registration with your agency and adjust your Begin Date OR submit a Provider Change Request Form if the enrollee is currently registered with another Provider.

### **Message: "Client's age on Registration begin date < 18 and data indicates Traditional TennCare enrollment!"**

- **Problem:** A child enrollee is determined to have active TennCare coverage through electronic communication between the BHSN and TennCare data systems.
- **Solution:** Check the enrollee's TennCare eligibility. If the child enrollee has active CoverKids, make sure the "Has Current MH benefits" and "CoverKids Coverage" radio buttons are populated on the BHSN registration screen.

### **Message: "SSN must be unique."**

- **Problem:** A few issues may be creating this error message:
  - The SSN is already in use in the BHSN System by another enrollee.
  - The SSN is already in use in the BHSN System but has a different DOB associated with it.
  - The SSN and DOB are assigned to a different spelling of the enrollee's name.
- **Solution:** Check that the enrollee's SSN and DOB were entered correctly. If the entry was not a keying error, Notify the BHSN Office through the secure email sent to [bhsn.team@tn.gov](mailto:bhsn.team@tn.gov), providing the name, DOB, and SSN, along with verifying documentation when possible.

### **Message: "A very similar client record exists; please search your clients by name and verify the SSN!"**

- **Problem:** The enrollee has same Last Name, first three (3) characters of the First Name, and the same DOB as an existing client record.
- **Solution:** Check that the enrollee's demographic information was entered correctly. If the entry was not a keying error, Notify the BHSN Office through the secure email sent to [bhsn.team@tn.gov](mailto:bhsn.team@tn.gov), providing the name, DOB, and SSN, along with verifying documentation when possible.

## ***Common error messages received when attempting to close a registration:***

### **Message: "End Date cannot be before a billed Date of Service!"**

- **Problem:** The manually entered End Date is *before* the most recent Date of Service uploaded for payment into the BHSN System.
- **Solution:** The End Date must be entered for *on or after* the last Date of Service.

# Managing Registrations

## To Search Registrations Within Your Own Agency

1. From the homepage, under “Search Client” screen:
2. Select the “Your Clients” radio button
3. Registration Status Options: Active, Inactive, and All
4. Program Options: Child or Adult

**Note:** The “Child” or Adult” buttons can be left blank to search both at once.

The resulting list may be downloaded into an Excel document by clicking the **EXPORT** button, or by sorting the highlighted blue demographic fields at the top of the client list.

Providers may also sort Active clients by Site Location and can download the list to Excel.

The screenshot shows the 'Search Client' interface. It includes input fields for First Name, Last Name, SSN, and Birth Date. There are radio buttons for 'Annual Review', 'Your Clients' (selected), and 'All Clients'. Under 'Registration Status', there are radio buttons for 'Active' (selected), 'Inactive', and 'All'. The 'Agency Name' field is populated with 'Helen Ross McNabb Center, Inc.'. There is a 'Site Location' dropdown menu currently set to '-- SELECT --'. Below the filters are buttons for 'Search', 'Add', 'Clear', and 'Export'. At the bottom, a table header is visible with columns: Id, First Name, Middle Name, Last Name, Birth Date, SSN, Currently Registered With, Site Location, and Has TennCare.

## To View Client Registration Data

When pulling up an enrollee who is/was registered with your agency, click on their name. The Demographic information will come up along with the current and previous Registrations with your agency.

Registrations					
Id	Agency Name	Begin Date	End Date	Close Reason	Status
343056	Alliance Healthcare Services	06/06/2022			Active
343053	Alliance Healthcare Services	06/04/2022	06/05/2022	Provider Change Requested	InActive
343052	Alliance Healthcare Services	05/01/2022	05/03/2022	Provider Change Requested	InActive

Providers can view both Active and Closed Registrations within their own agency, but only Active Registrations allow changes. See the **Change of Information** section for making edits to active Registrations.

The system displays the User who created the current Registration and date/time created in the Registration banner.

Registration Created by J Robi on 6/7/22 10:04 AM

Registration (Id:343056)

Agency Name *	Site Location	Begin Date *	End Date	Close Reason
Alliance Healthcare Services	-- SELECT --	06/06/2022		-- SELECT --

If a Registration has multiple assessments, a **“View Prior Assessments”** button will appear, allowing Providers to view all prior Assessment records.

# BHSN Annual Review for Eligibility Redetermination

Active BHSN enrollees are required to be reviewed annually for BHSN eligibility. This ensures that those who continue to access behavioral health services through BHSN still meet the eligibility criteria. The Annual Review process requires a full re-verification of eligibility documentation (with the exception of US Citizenship), as well as an updated BHSN Qualifying Diagnosis Assessment to be entered into the BHSN System. It is the BHSN Provider's responsibility to determine each enrollee's continuing eligibility and to update each file with required BHSN eligibility documentation within sixty days of each BHSN Annual Review.

Providers are responsible for conducting the BHSN Annual Review process, which aligns with the expiration date of the BHSN Qualifying Diagnosis Assessment. The BHSN expiration date is displayed on active registrations. If the re-enrollment process is not conducted prior to the expiration date, the system will automatically close the registration the day after the expiry date. If a registration is auto-closed due to an expired BHSN Assessment, the enrollee may re-apply for services.

## ***For BHSN Enrollees Actively Receiving Services***

Provider staff must verify through updated BHSN eligibility documentation the BHSN enrollee's continued compliance with the eligibility criteria.

### **The Eligibility Documents Required to be Updated at Each Annual Review:**

- Updated diagnosis with a Qualifying Primary Mental Health Diagnosis; **and**
- Proof of Household Income; **and**
- Proof of Current Legal Residency in Tennessee; **and**
- Proof of Qualified Alien Status (Note: US Citizenship only needs to be proved once. Therefore, only Qualified Alien Status needs to be reviewed annually); **and**
- Proof No Behavioral Health Coverage, or Exhausted Behavioral Health Coverage through Commercial Insurance.

### ***Additional Documentation Which May be Required for Children at BHSN Re-Enrollment:***

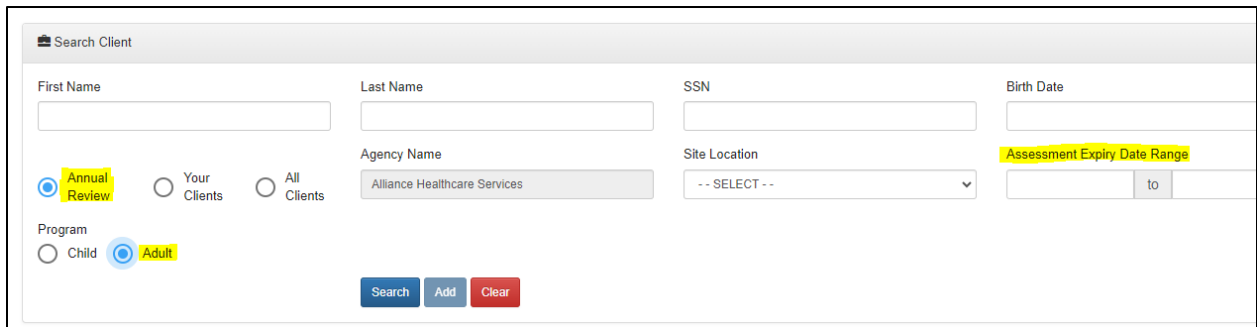

- Proof of CoverKids or Private Insurance which includes behavioral health coverage for BHSN for Children
- For children enrolling with no behavioral health coverage insurance, the "BHSN for Children No Private/Commercial Behavioral Health Insurance Statement Form" is required to be completed at each BHSN Annual Review.

## Reviewing All Active Registrations by Annual Review Date

From the Client Search Screen – Populate the **ANNUAL REVIEW** radio button and hit **SEARCH**  
This pulls up all Registrations with an Assessment expiring within 90 days. BHSN Provider may also narrow search to Adults or Children

**To search within a specific date range:**

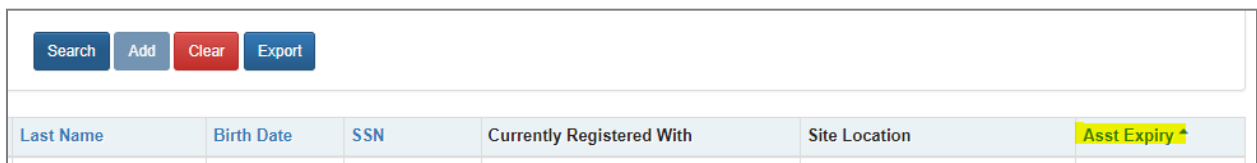

Input date range to be viewed into the “Assessment Expiry Date Range” and hit **SEARCH**.

The screenshot shows the 'Search Client' interface. It includes input fields for First Name, Last Name, SSN, and Birth Date. There are radio buttons for 'Annual Review' (selected), 'Your Clients', and 'All Clients'. Below these are radio buttons for 'Child' and 'Adult' (selected). There is a text field for 'Agency Name' containing 'Alliance Healthcare Services' and a dropdown for 'Site Location' set to '-- SELECT --'. An 'Assessment Expiry Date Range' section has two date input fields and a 'to' label. At the bottom are 'Search', 'Add', and 'Clear' buttons.

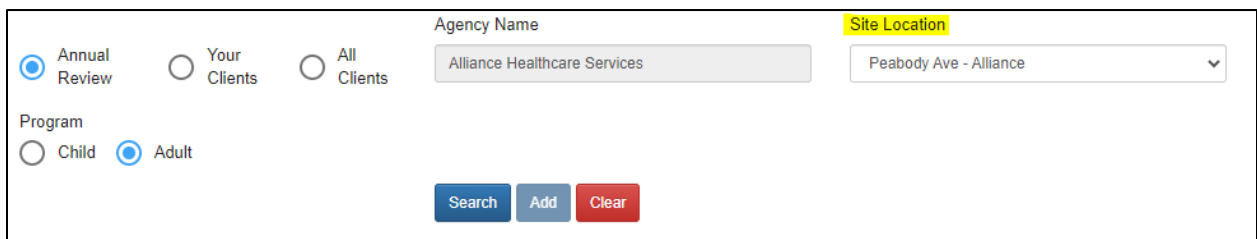

**To sort Annual Reviews by ascending or descending date:**

Click **ASST EXPIRY** at the top right-hand corner of the populated client list.

The screenshot shows a table with a header row and a toolbar above it. The toolbar contains 'Search', 'Add', 'Clear', and 'Export' buttons. The table header row includes columns for 'Last Name', 'Birth Date', 'SSN', 'Currently Registered With', 'Site Location', and 'Asst Expiry' (highlighted in yellow).

**To sort Annual Reviews by SITE LOCATION:**

The screenshot shows the 'Search Client' interface with different filters. The 'Annual Review' radio button is selected. The 'Adult' radio button is selected. The 'Agency Name' field contains 'Alliance Healthcare Services'. The 'Site Location' dropdown is set to 'Peabody Ave - Alliance'. The 'Assessment Expiry Date Range' section is visible but empty. At the bottom are 'Search', 'Add', and 'Clear' buttons.

You may also export the list to a sortable Excel report by clicking the **EXPORT** button.

## Completing the Annual Review in the BHSN System

From the Active Registration Screen:

1. Under the Qualifying Diagnosis Section, click **“Add New Assessment.”**

An alert appears stating that a “New qualifying diagnosis requires complete eligibility review.”

2. Verify the enrollee’s demographic information is still correct. If there are changes needed to demographic information on the registration screen (Name, Social Security Number) that the Provider is unable to change on their own, please complete a BHSN Change of Information Request Form and submit to BHSN Team at [bhsn.team@tn.gov](mailto:bhsn.team@tn.gov). For an overview of the Change of Information process, please refer to the Change of Information Requests Section.

3. Update the Registration Section with current, re-assessment information including:
  - Household Income verifications and FPL Calculation
  - US Citizenship or Qualified Alien Status
  - TN Residency
  - Enrollee’s Insurance Status
  - If the Enrollee has Medicare Part B

Note: Agency Name, Site Location, and Begin Date will auto-populate.

Registration (Id:308783)

Agency Name *	Site Location	Begin Date *	End Date	Close Reason
Alliance Healthcare Services	Winchester Rd - Alliance	07/14/2020		-- SELECT --
US citizen or qualified alien* <input type="radio"/> Yes <input type="radio"/> No <small>Client must be US citizen or qualified alien.</small>	TN Resident * <input type="radio"/> Yes <input type="radio"/> No <small>Client must be a TN resident.</small>	Behavioral Health Insurance* <input type="radio"/> None or MH Services are exhausted <small>Behavioral Health Insurance is required.</small>	Has Current MH benefits <input type="radio"/>	Has Medicare Part B * <input type="radio"/> Yes <input checked="" type="radio"/> No
Gross Annual Household Income*	Number in Household*	Received from	Calculate %FPL	
		-- SELECT --		

New qualifying diagnosis requires complete eligibility review

4. Update the Qualifying Diagnosis Section with current ICD-10 code information from clinical reassessment including:
- Date of Assessment
  - Primary ICD-10 (excluding decimal)
  - Substance Use Disorder ICD-10, if applicable

Note: The new Expiration Date will auto-generate by the system.

Qualifying Diagnosis Expires in day

Assessment Date *	Expiration Date	Primary ICD10 (Excluding Decimal) *	Substance Issue <input type="radio"/> Yes <input type="radio"/> No	Co-occurring Substance ICD10 (Excluding Decimal)
<input type="text"/>	<input type="text"/>	<input type="text"/>		<input type="text"/>

Assessment Date is required.

**Once all information has been entered** – The **SAVE** button will highlight, allowing to save the Re-Assessment. If the **SAVE** button is not highlighted, the Re-Assessment is incomplete and will need to be reviewed for missing information. The **PREVIEW** button will also save the new information, as well as generate a printable document for the enrollee file if needed.

# Change of Information in BHSN System

Changes to ACTIVE BHSN Registrations in the BHSN System, including Demographic Information, Registration Information, and Qualifying Diagnosis/Assessment Information.

## ***Change of Information Impacting BHSN Eligibility***

If there are changes in a BHSN enrollee's circumstance which impacts BHSN eligibility (i.e., change in annual household income, change of TN residency, or acquisition of other behavioral health insurance), the BHSN System will not allow the registration to be saved with the ineligible criteria. If a change in circumstance renders a BHSN enrollee no longer eligible for BHSN services, the BHSN registration should be closed with the appropriate Closure Reason from the drop-down list. See the Enrollment Process & System Overview Section for detailed instructions on closing a BHSN registration.

**Note:** BHSN Providers will not close BHSN enrollees due to TennCare enrollment. The BHSN System will automatically disenroll the BHSN enrollee the week their TennCare becomes active.

## ***Changes in Demographic Information***

If it is determined that Demographic Information has changed due to an error when inputting registration information, receiving new information through the process of gathering eligibility documentation, or new information gathered at the annual reassessment, the online registration should be examined to determine the appropriate next step.

### ✓ **Quick Tip:**

If the field needing correction is shaded, Providers cannot make the system change.  
If the field needing correction is not shaded, Providers can make the system change.

If a BHSN enrollee **has only received services through your agency**, you are able to make the following changes to the Demographic Information on an **ACTIVE** registration:

- Name – First, Middle, and Last
- Birth Date
- Social Security Number
- Gender

If the demographic field is shaded, it indicates the individual has been previously enrolled with another BHSN Provider, and a **Change of Information in BHSN System Form** must be submitted to [bhsn.team@tn.gov](mailto:bhsn.team@tn.gov) for assistance (Appendix 1).

Providers **always** have the capability to make changes to the following fields:

- Race
- County of Residence

## Changes in Registration Information

Providers always have the capability to make changes on an **ACTIVE** registration to the following fields:

- Site Location
  - Gross Household Income
  - Number in Household
  - Medicare Part B Status
  - Behavioral Health Insurance Status
- ✓ **Note:** Behavioral Health Insurance Status is important to keep updated to identify adults with Medicare Part B and children with private/commercial behavioral health coverage or CoverKids.

## Changes in Begin Date

Providers may backdate the BHSN Begin Date of a Registration in the BHSN System up to **sixty (60) days** from the CURRENT date if:

- The Registration is ACTIVE; **and**
  - BHSN Begin Date is within the prior sixty (60) days of current date; **and**
  - BHSN Begin Date does not overlap another Registration; **and**
  - BHSN Begin Date is either *on or after* current BHSN Assessment Date; **and**
  - No Dates of Service have been uploaded into BHSN System.
- ✓ **Note:** If the BHSN Begin Date is prior to **sixty (60) days** from the current date or if Dates of Services have been uploaded into the BHSN System, a **Change of Information in BHSN System Form** must be submitted to [bhsn.team@tn.gov](mailto:bhsn.team@tn.gov).

## Changes in Qualifying Diagnosis Assessment Date

Providers may backdate the Qualifying Diagnosis Assessment Date in the BHSN System up to **ninety (90) days** from the current date if:

- The Registration is NEW, not an Annual Review; **and**
  - Assessment Date is within prior ninety (90) days of current date; **and**
  - The new Assessment Date is *on or before* BHSN Begin Date; **and**
  - The new Assessment Date is not a future date.
- ✓ **Note:** If the BHSN Assessment Date is prior to **ninety (90) days** from the current date, a **Change of Information in BHSN System Form** must be submitted to [bhsn.team@tn.gov](mailto:bhsn.team@tn.gov).

## Change of Information in BHSN System Form

When a Provider needs BHSN Team assistance to complete a change in the BHSN System, a **Change of Information Request Form** must be submitted. This form can be found in the BHSN System under the **BHSN Documents** section. The form can be completed electronically, or by hand, and must be submitted to [bhsn.team@tn.gov](mailto:bhsn.team@tn.gov). Please note that some items require proof of documentation to change.

**What Can BHSN Providers Change without BHSN Team Assistance on Active BHSN Registrations?**

<b>BHSN System Fields</b>		<b>What BHSN Providers Change/Update Without BHSN Team Assistance</b>
<b>Demographic Information</b>	First, Mid, Last Name	If BHSN enrollment has only been at your agency. If it is shaded out, it means the individual has been enrolled at another BHSN Provider, and that BHSN Provider cannot edit it themselves.
	Birth Date	If BHSN enrollment has only been at your agency. If it is shaded out, it means the individual has been enrolled at another BHSN Provider, and that BHSN Provider cannot edit it themselves.
	SSN	If BHSN enrollment has only been at your agency. If it is shaded out, it means the individual has been enrolled at another BHSN Provider, and that BHSN Provider cannot edit it themselves.
	Race	Changes Allowable
	Gender	If BHSN enrollment has only been at your agency. If it is shaded out, it means the individual has been enrolled at another BHSN Provider, and that BHSN Provider cannot edit it themselves.
	County of Residence	This should stay as up to date as possible
<b>Registration Information</b>	Site Location	This should stay as up to date as possible
	BHSN Begin Date	Must be Active Registration, BHSN Begin Date must be within the prior 60 days, BHSN Begin Date cannot overlap another registration, BHSN Begin Date is either on or after current BHSN Assessment Date, and No Dates of Services are uploaded into BHSN System.
	BHSN End Date	Allowable when closing registration.
	Close Reason	Allowable when closing registration.
	Behavioral Health Insurance Status	Important to keep up to date for BHSN for Children enrollees.
	Medicare Part B Status	Changes Allowable
<b>Qualifying Diagnosis Information</b>	Qualifying Dx Assessment Date	Must be a BHSN Assessment for a new registration, not an Annual Review. Assessment Date must be within prior 90 days, is on or before BHSN Begin Date, and is not a future date.
	Qualifying Dx Assessment ICD10 Code	No – Must request changes from BHSN Office.

# BHSN Disenrollment

## ***BHSN Enrollees may be disenrolled for the following reasons:***

- If the enrollee no longer meets BHSN eligibility criteria, such as income above 138% FPL, no longer a resident of Tennessee, or the diagnosis determined during the BHSN Annual Assessment is no longer found to be a qualifying mental health diagnosis; **or**
- If it is found that the enrollee falsified information to the Provider when determining BHSN eligibility, and approval was based on the false information; **or**
- If the enrollee is found to be eligible for TennCare or other insurance coverage through state audits or other program monitoring activities. Individuals who enroll in TennCare will be automatically disenrolled by the BHSN System; **or**
- If the enrollee's BHSN Annual Assessment expires due to either failure of the enrollee to attend the scheduled appointment, or the BHSN Provider was unable to complete an BHSN Annual Assessment by the system generated due date. In both scenarios, the BHSN system will automatically disenroll the enrollee; **or**
- If the enrollee requests to be disenrolled from BHSN; **or**
- For children enrolled in BHSN for Children with CoverKids or private/commercial behavioral health insurance, they will automatically disenroll from BHSN for Children when they turn 18 years old; **or**
- If the enrollee is incarcerated; **or**
- If the enrollee is in an inpatient facility, such as an inpatient psychiatric (sub-acute) hospital or nursing home; **or**
- If the enrollee dies.

***For an overview of the BHSN System process for program disenrollment, see the Enrollment Process & System Overview Section.***

## ***Appeal Rights for BHSN Disenrollment or Denied Enrollment***

BHSN is **NOT** an entitlement program. Individuals who have been denied enrollment or had enrollment terminated based upon the BHSN Annual Review process do not have appeal rights. Denied or terminated individuals can reapply for BHSN services through a BHSN Provider in the community if there has been a change in circumstances.

## BHSN Closure Reason Overview

Closure Reason	Definition
<b>Access to Behavioral Health Insurance</b>	Client has access to behavioral health insurance coverage through either a private or commercial carrier, or the Health Insurance Marketplace.
<b>Access to Veterans Administration Services</b>	Client has access to behavioral health coverage through a VA location, or the VA's network of Tennessee community providers.
<b>Agency Does Not Serve Client Population</b>	Client population not represented by another listed closure reason.
<b>Assessment (Qualifying Diagnosis) Is Out of Date</b>	<u>System Generated - Do not use.</u> Client did not have annual re-assessment before deadline.
<b>Child in State Foster System Custody</b>	Client has been placed into the state foster care system.
<b>Client Failed to Attend Scheduled Services</b>	Client has failed to attend scheduled services.
<b>Client Reached Age 18</b>	Client enrolled in BHSN for Children has reached age 18 and is over income for the BHSN for Adults program.
<b>Deceased</b>	Client is deceased.
<b>Does Not Have a Qualifying MH Diagnosis</b>	Client does not have a MH diagnosis that qualifies for BHSN program eligibility.
<b>Enrolled in TennCare</b>	<u>System Generated - Do not use.</u> Client was enrolled in TennCare.
<b>Failed to Provide BHSN Eligibility</b>	Client failed to provide BHSN eligibility documentation within the 60 day presumptive eligibility period, either at initial enrollment, or at annual re-enrollment.
<b>Incarcerated</b>	Client is incarcerated long-term (over 90 days).
<b>Income Above FPL Criteria</b>	Client has an income above the maximum allowable FPL threshold.
<b>Not a Tennessee Resident</b>	Client is not a resident of Tennessee
<b>Not a US Citizen or Qualified Alien</b>	Client is not a US Citizen or Qualified Alien
<b>Provider Change Requested</b>	<u>For BHSN Office use only - Do not use.</u> A Provider Change has been completed.
<b>Services Terminated at Client Request</b>	Client has expressed that they no longer wish to receive services from provider agency.
<b>Services Terminated at Provider Request</b>	Provider has terminated client services for reasons not represented by another closure reason.

# Covered Services

BHSN provides essential outpatient mental health services. BHSN service definitions, length of service, service code, and service rates are identified in the BHSN for the Adult Rate Sheet and the BHSN for Children Rate Sheet (Appendix III). BHSN Providers can only bill for covered services delivered within a BHSN registration period when the BHSN Provider is identified as the active BHSN Provider of record.

Unallowable BHSN Service Code Combinations are also listed on the BHSN for Adults and BHSN for Children Service Rate Sheets.

It should be noted that BHSN Transportation (T2002, T2003, A0110) is not a stand-alone service and must be billed on the same day as another BHSN service.

**Note:** Transportation services are not permitted in the event of BHSN services being provided in the enrollee's home, or if the enrollee receives BHSN services through telehealth in their home, or other primary location.

## ***BHSN for Adults Service Array***

### **BHSN for Adults services include:**

Assessment and evaluation, psychological testing evaluation services, individual therapy, group therapy, psychosocial rehabilitation, peer support, case management, transportation, psychiatric medication management, administration of long acting injectables, and labs related to medication management, including venipuncture. Telephonic and audio-service delivery of these services may be available based on the clinical discretion of the BHSN Provider and when all other options are documented as exhausted.

### ***For enrollees with Medicare Part B and/or sixty-five (65) years of age or older:***

1. Enrollees who have Medicare Part B and meet all other eligibility requirements for BHSN for Adults may be enrolled.
2. Enrollees sixty-five (65) years of age or older will be treated as having Medicare Part B, even if they are not receiving Medicare Part B.

### **These two (2) groups are eligible only for the following approved BHSN services:**

- Case Management (T1016)
- Medication Training and Support (H0034)
- Peer Support (H0038, H0038HQ)
- Psychosocial Rehabilitation Services (H2017, H2017HQ)
- Transportation (T2002, T2003, A0110)\*

\* Transportation is only allowed when the enrollee is receiving another approved BHSN service.

- ✓ Active enrollment in either the QMB or SLMB supplements does not disqualify enrollees from receiving BHSN services.

## ***BHSN for Children Service Array***

### **BHSN for Children service array includes:**

Assessment and evaluation, psychological evaluation, individual therapy, group therapy, family therapy, case management, psychiatric medication management, family support services, transportation, administration of long-acting injections, and labs related to medication management, including venipuncture. Telephonic and audio-service delivery of these services may be available based on the clinical discretion of the BHSN Provider and when all other options are documented as exhausted.

### ***For Child Enrollees with Private or Commercial Insurance:***

Children with CoverKids, or Private/Commercial insurance which includes behavioral health coverage, may be enrolled in BHSN for Children if they meet all other eligibility requirements for BHSN for Children.

### **These two (2) groups are eligible for the following approved services:**

- Case Management (T1016)
- Family Support Services (H2014)
- Family Therapy (90847)
- Medication Training and Support (H0034)
- Transportation (T2002, T2003, A0110)\*

\* Transportation is only allowed when the enrollee is receiving another approved BHSN service.

## ***BHSN Labs Related to Medication Management***

Laboratory services related to psychiatric treatment, such as processing and reporting on blood samples to assure the safe and effective use of psychiatric medications, are a covered BHSN service. BHSN Providers operationalize BHSN blood draws for labs differently. For BHSN Providers that do not have in-house blood draw services for labs, BHSN Providers may send BHSN Enrollees (ages 12 and older) to American Esoteric Laboratories (AEL) Patient Services Centers. AEL is the current vendor for the statewide contract for laboratory services determined by the Tennessee Department of General Services.

TDMHSAS has an Interagency Agreement with the Tennessee Department of Health (TDOH) to provide laboratory blood draw services through County Health Departments in counties where adequate coverage for these services is not available through AEL.

**County Health Departments that can provide blood draws services for BHSN enrollees due to inadequate AEL coverage:**

Anderson, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Crockett, Cumberland, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Gibson, Giles, Grainger, Greene, Grundy, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Lake, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Moore, Obion, Overton, Pickett, Perry, Polk, Putnam, Rhea, Roane, Robertson, Scott, Sequatchie, Sevier, Smith, Stewart, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, Wilson, White and Williamson.

**For BHSN enrollees to receive blood draw services at a County Health Department, an appointment must be made ahead of time and the BHSN enrollee must present at the County Health Department in possession of either:**

1. A **BHSN Laboratory Request Form** that includes the enrollees' information, requested laboratory tests to be checked, AEL account number and test codes, and the BHSN Provider information, **or**
2. The **AEL Requisition Form**, which includes all information listed on the BHSN Laboratory Request Form.

Laboratory blood draws will be sent to AEL. The BHSN Community Provider will receive the laboratory results from AEL.

# Pharmacy Assistance and Coordination

Pharmacy Assistance and Coordination provides BHSN enrollees with assistance in securing medications at a reduced price, or at no cost, through pharmaceutical manufacturer patient assistance programs, or Tennessee's prescription drug program for Tennesseans with no pharmacy coverage called CoverRx. Pharmacy Assistance and Coordination also includes coordination with BHSN enrollees, prescribers, manufacturers, and Pharmacy Benefit Manager (currently OptumRX for CoverRx) for initial pharmacy assistance applications, emergency and periodic medication changes, and monitoring and submission of data necessary for monitoring and reporting.

## ***Funding for Pharmacy Assistance and Coordination***

Each BHSN Provider receives a monthly allocation for both BHSN for Adults and BHSN for Children to assist BHSN enrollees in securing mental health medications through pharmacy assistance programs or CoverRx.

## ***CoverRx***

CoverRx, operated through TennCare, is a prescription drug program designed to assist those who have no pharmacy coverage but have a need for medication. CoverRx provides participants affordable access to more than 200 generic medications in addition to some name brands of insulin, mental health medications, and naloxone products.

CoverRx is not health insurance and will not cover doctor's visits or hospitalizations. CoverRx has no monthly premiums, just affordable copays.

✓ **Please Note: CoverRx and BHSN are two separate programs.**

## ***CoverRx Eligibility criteria includes:***

- Tennessee resident (6 months); **and**
- U.S. Citizen or qualified legal alien; **and**
- Age 18 to 64; **and**
- Uninsured or insured with no pharmacy coverage; **and**
- Household income below 138% of the federal poverty level.

**Complete details about the CoverRx Program can be found at:**  
<https://www.tn.gov/tenncare/coverrx.html>

**A complete list of covered medications can be found at:**

[https://www.tn.gov/content/dam/tn/tenncare/documents/coverrx\\_druglist.pdf](https://www.tn.gov/content/dam/tn/tenncare/documents/coverrx_druglist.pdf)

The CoverRx Prescription Benefit Manager (PBM) is OptumRx. Please contact OptumRx, 800-424-5815, for assistance with enrollment; questions about prescription services or membership; and to update your profile. OptumRx Mail Service Pharmacy is available to members.

Online Applications and current enrollment status for CoverRx through OptumRx can be found at: <https://www.optumrx.com/coverrx>.

### ***Patient Assistance Programs***

Patient Assistance Programs bring together pharmaceutical companies, doctors, other health care providers, patient advocacy organizations, and community groups to help qualifying patients without prescription drug coverage to receive free or low-cost medicines through the public or private program that is best suited to meet pharmaceutical needs.

- ✓ Note: When applying for a Pharmaceutical Drug Manufacturer's Patient Assistance Program, please remember that BHSN is NOT an insurance program, and CoverRx is NOT a pharmacy coverage program.

### ***Quarterly Reporting for Patient Assistance Programs***

Each BHSN Provider is required to submit a quarterly report to the BHSN Team for Pharmaceutical Drug Manufacturer's Patient Assistance Programs for both BHSN for Adults and BHSN for Children. The report template (named Patient Assistance Program – Quarterly Report 7.2022) can be found under BHSN Information in the BHSN System. BHSN Providers are required to report on the number of BHSN enrollees utilizing Patient Assistance Programs, number of initial Patient Assistance Program applications submitted, number of refills through Patient Assistance Programs, and the projected amount saved by using Patient Assistance Programs.

# BHSN for Children Outreach Coordinators

Each BHSN Community Provider has the option to employ a BHSN for Children Outreach Coordinator, or equivalent acting staff, who is responsible for connecting the BHSN for Children Program to the surrounding community by promoting awareness and access, with the intention of increasing program enrollments and service delivery to eligible child clients.

BHSN for Children Outreach Coordinators are required to conduct a minimum of twenty-four (24) face-to-face or virtual community or school outreach contacts per month per each full-time equivalent Outreach Coordinator position. If the Provider has less than a full-time equivalent Outreach Coordinator position, contacts are prorated based on the full-time equivalent percentage of time worked by the Outreach Coordinator position.

## ***Responsibilities of the BHSN Children's Outreach Coordinator:***

- Develop strategies to market and promote BHSN for Children in the community and in schools that do not have a School Based Behavioral Health Liaison; **and**
- Initiate, foster, and maintain relationships, or methods for engagement, with local child-serving community agencies and schools with an emphasis on the following: **and**
  - Community Health Centers
  - County Health Departments
  - Pediatricians and other child-serving medical clinicians and clinics
  - Subsidized Housing Communities
  - TDMHSAS funded School Based Behavioral Health Liaisons
  - Schools that do not have a TDMHSAS funded School Based Behavioral Health Liaison
- Develop BHSN for Children correspondence, brochures, and website and/or social media to support increasing the number of enrollees in the program, using required TDMHSAS logo and branding; **and**
- Conduct group presentations and one-to-one contacts (preferred methods), and making follow-up phone calls and emails to community partner agencies and schools; **and**
- Create and attend outreach events, conduct information sessions, and provide BHSN for Children Program documents, brochures, and other fact sheets; **and**
- Understand the eligibility requirements and services available by coverage category of the BHSN for Children Program, and possess the ability to determine applicant program eligibility, as well as coordinate application assistance; **and**
- Submit monthly tracking reports to include all outreach efforts, including but not limited to organizations, contact names, methods, and details of interaction due to the TDMHSAS BHSN office on the 15<sup>th</sup> of each month.

# Payments and Billing

## ***Maximum Liability***

### **BHSN for Adults and BHSN for Children**

Each participating BHSN Provider has a maximum liability for each state fiscal year that it is being funded. BHSN Payment Processing is designed to assure an agency's maximum liability is spread across the fiscal year by implementing Quarterly Caps. A BHSN Provider's payment sum cannot exceed 25% of the annual maximum liability the first quarter of the fiscal year, 50% of the annual maximum liability the second quarter, and so on. If a payment derived exceeds the Quarterly Cap, then a balance forward is created for the BHSN Provider. Unspent funds will not carry forward to the next fiscal year.

### ***BHSN for Children Program Funding Structure***

BHSN for Children has two separate programs, with two separate maximum liabilities.

- **Program Code 400099 Behavioral Health Safety Net for Children**  
This program code's maximum liability is for all Fee-for-Service activities and the monthly Pharmacy Assistance Coordination. Each participating BHSN Provider has a maximum liability for each state fiscal year that it is being funded. This program code is part of the monthly BHSN Payment Process with Quarterly Caps. Unspent funds will not carry forward to the next fiscal year.
- **Program Code 400100 BHSN for Children Outreach Coordinators**  
This program code's maximum liability is for the BHSN for Children Outreach Coordinator position. Each participating BHSN Provider has a maximum liability for each state fiscal year it is being funded. This program code is a cost reimbursement grant and a monthly invoice, separate from the monthly BHSN Payment Process, is submitted to TDMHSAS for payment. Unspent funds will not carry forward to the next fiscal year.

### ***Maximum Liability for Transportation for BHSN for Adults and BHSN for Children***

- ✓ Billable BHSN Transportation services (T2002, T2003, A0110) may not exceed five percent (5%) of a BHSN Provider's annual maximum liability.

## ***Monthly BHSN Payment Processing for BHSN for Adults and BHSN for Children***

TDMHSAS will reimburse contracted BHSN Providers up to the amount of the annual contract maximum liability for all eligible Fee-for-Service activities as delineated in the BHSN Service Rate Sheet. BHSN Providers will enter eligible BHSN services for payment into the BHSN System by electronic file format (i.e., 837p file upload) at least monthly. Payment processing for BHSN Providers will occur once a month on the fourth (4th) business day of the month.

- ✓ See the Payment Functionality Section for specific details around BHSN System electronic claims upload, crediting, and system access.

## ***The 13th Payment Process for BHSN for Adults and BHSN for Children***

BHSN Providers will be offered a 13th Payment Process for the end of prior state fiscal year billable services. The billing period for each state fiscal year officially ends on June 30<sup>th</sup>, and it is expected that the bulk of the BHSN Provider's billable services will be entered by the Payment Process in July of each year. For BHSN Providers who are unable to enter all billable services for the state fiscal year by the July Payment Process, the 13th Payment Process will be scheduled in the first quarter of the following program year/state fiscal year (usually at the beginning of August). After the July Payment Process in each state fiscal year, BHSN Providers will be asked to provide an accrual amount for the 13th payment.

## ***TennCare Retro Billing for BHSN for Adults and BHSN for Children***

BHSN Providers are contractually required to seek reimbursement from TennCare for BHSN enrollees who enroll in TennCare and credit back to BHSN any services paid for by TennCare.

- When a BHSN enrollee is determined eligible for the TennCare Program, the BHSN System automatically disenrolls the individual from BHSN. BHSN Providers will generate the BHSN System report "Registrations-Closures" on a weekly basis to view which BHSN enrollees were enrolled in TennCare, the TennCare Effective Date, and the date of BHSN disenrollment. Please refer to the Disenrollment Section for more information.
- The BHSN Provider will also generate the BHSN System report "Services – TennCare Elig" on a weekly basis to view BHSN services provided on or after a BHSN enrollee's TennCare Effective Date, and therefore, potential eligibility for TennCare payment. Potentially eligible services for TennCare payment could span several fiscal years.

- BHSN Providers will bill all eligible BHSN services to TennCare rendered since the BHSN enrollee's TennCare Effective Date. The Provider has one hundred and twenty (120) days from the date of final TennCare eligibility determination (also known as an "Add Date" to Managed Care Organization) to bill for eligible services.
- BHSN Providers are encouraged to communicate with TennCare and MCOs to determine exact timeframes to bill for services rendered since a BHSN enrollee's TennCare Effective Date.
- **Reminder:** Potentially eligible services for TennCare payment could span several fiscal years. For example, a person may have been enrolled in TennCare and added to an MCO on 2.11.2022, with a TennCare Effective Date of 6.22.2021. The BHSN Provider has one hundred and twenty (120) days from the MCO Add Date (2.11.2022) to seek TennCare payment for all billed services since the TennCare Effective Date of 6.22.2021.

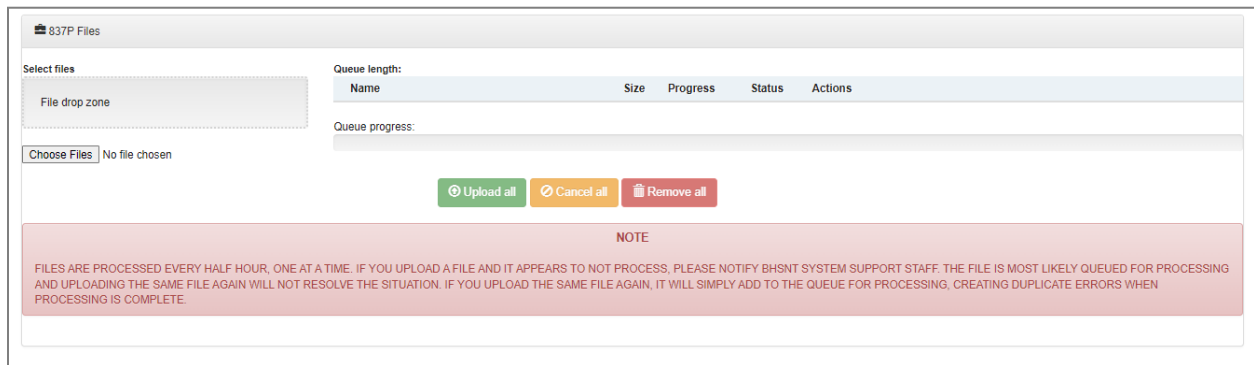

**Note:** For all services TennCare reimburses, the BHSN Provider must credit these services back to BHSN. If TennCare does not reimburse the BHSN Provider for a retro service, the BHSN Provider is not required to credit back the service to BHSN, but the Provider must document the denial notification. If a credit is due and has not been made, TDMHSAS reserves the right to make appropriate adjustments.

# Payment Functionality in BHSN System

BHSN Providers process all BHSN claim uploads, enter/credit services, and view remittance advice in the BHSN System. BHSN Providers must enter eligible BHSN services for payment into the BHSN System by electronic file format (i.e., 837P file upload) at least monthly.

**Under the “Services” tab, five options are available to BHSN Providers:**

## **Option 1: 837P – Upload Files**

837P Files

Select files

File drop zone

Choose Files | No file chosen

Queue length:

Name	Size	Progress	Status	Actions
------	------	----------	--------	---------

Queue progress:

Upload all | Cancel all | Remove all

**NOTE**

FILES ARE PROCESSED EVERY HALF HOUR, ONE AT A TIME. IF YOU UPLOAD A FILE AND IT APPEARS TO NOT PROCESS, PLEASE NOTIFY BHSN SYSTEM SUPPORT STAFF. THE FILE IS MOST LIKELY QUEUED FOR PROCESSING AND UPLOADING THE SAME FILE AGAIN WILL NOT RESOLVE THE SITUATION. IF YOU UPLOAD THE SAME FILE AGAIN, IT WILL SIMPLY ADD TO THE QUEUE FOR PROCESSING, CREATING DUPLICATE ERRORS WHEN PROCESSING IS COMPLETE.

- Permission to upload files is assigned by the BHSN Team. Requests for 837P file upload capability are made by populating the upload request button on the BHSN User Agreement Form.
- BHSN Provider staff can either drag the desired 837P file to the “**File drop zone**” or select the file through “**Choose Files.**”
  - ✓ **Note:** 837P files must be in the .txt format.
- The file name will appear in the “Name” field.
- BHSN Provider staff can upload more than one file.
- BHSN Provider staff will click either “**Upload**” or “**Upload all**” to submit.
- The “**Queue progress**” bar will be completely blue upon successful submission.
- Please note that files are processed every half hour, with one file being processed at a time.

## Option 2: 837P – View Files

**Interchange Information Search**

Agency Name \*  File ID  Control Number  Date Processed Range  to  Interchange Date Range  to

File ID ^	Date Processed	Interchange Date	Interchange Time	Interchange Control #	Rec'd	Errors	Posted
14398	04/07/2022	08/12/2021	8:08 AM	000199241	2	1	1
14397	04/01/2022	08/12/2021	8:08 AM	000199241	2	2	0
14396	04/01/2022	08/12/2021	8:08 AM	000199241	2	1	1
14395	04/01/2022	08/12/2021	8:08 AM	000199241	2	2	0

- BHSN Providers are responsible for ensuring files process, and for reconciling any claims errors.
- Files will appear under the **837P - View Files** tab once they have processed.
- BHSN Providers may search using various parameters. The BHSN System will pull up a grid view display of records meeting the search criteria, summarizing the number of billed services received, along with the number posted/accepted, and the number errored/not accepted.
- BHSN Provider staff will click a specific file/line in the grid view list to view a brief description of the error condition. To download the error listing, click on the **"Excel"** button.

### Common errors include, but are not limited to, the following:

- **Message: "Date of Service is not within a registration span."**  
The BHSN Provider is trying to bill a service either before BHSN began, or after a BHSN registration closed.
- **Message: "Duplicate Service."**  
The BHSN Provider has already billed for that service on that specific date of service.
- **Message: "The service record you are attempting to enter cannot be billed in combination with code XXXX."**  
The BHSN Provider is trying to bill an unallowable service code combination on the same date of service. Unallowable service code combinations can be found in the BHSN Service Rate Sheets.
- **Message: "Units exceed maximum allowed cap of XX."**  
The BHSN Provider is trying to bill for more units than allowed. This error message also displays when a BHSN Provider is trying to bill for an unallowable service for an enrollee with Medicare Part B or children with CoverKids or private/commercial behavioral health insurance.

- **Message: “Invalid subscriber ID/SSN.”**  
The BHSN Provider is trying to bill for a SSN that is not located in a BHSN registration/record.

✓ BHSN Provider staff may display how the 837P file was received by clicking the **“Display File”** button.

### Option 3: Enter Services

- This section allows for manual entry of services data.
- BHSN Providers will manually enter the SSN, the Place of Service, the Date of Service, the Service, and the number of Units.
- The BHSN Provider staff will hit **“TAB”** or the **“SAVE”** button to save.
- The service record entered will appear in the lower portion of the screen in a grid format for visual confirmation.

### Option 4: View/Update

- All service records can be viewed and edited, whether entered manually or processed via 837P claims.
- BHSN Provider Staff may search for records by various parameters and by Services (billed) vs Credited Services.

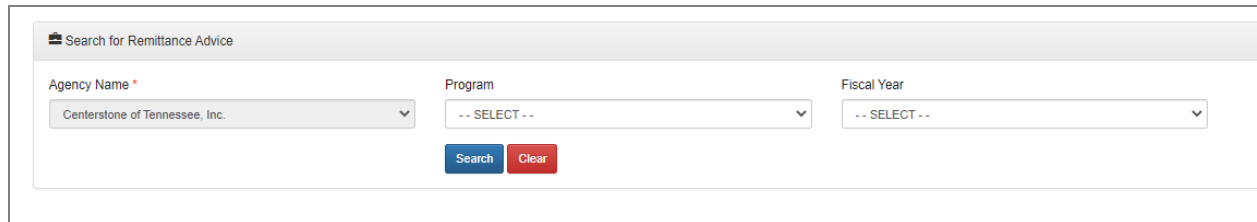

- Matching records based on the search parameters will display in grid view.
- The **“Roll-up Date”** is the date that the BHSN Payment Process “picked up” the service record. If this column is empty, the service record has not yet been included in a payment process (and not yet paid).
- To modify or credit a service, click the record on the grid view. The record will display in the **“Edit Services”** screen.
  - ✓ If the service has not been paid yet, it can be modified or deleted.
  - ✓ If the service has been paid, it cannot be modified or deleted. It can only be credited.
  - ✓ When crediting, BHSN Provider staff will be required to select Credit Reason (i.e., Billed to TennCare, DOS incorrect, Number of units incorrect, etc.). If OTHER-please specify is selected, please add detail in the Note field.

### Option 5: TennCare Credit

Credits from this screen will have credit reason 'Billed to TennCare'									
Services									
<input checked="" type="checkbox"/>	Id	Agency Name	Date of Service	Service	Code Description	Units	Price	Identifier	Roll-up Date
<input checked="" type="checkbox"/>	5450204	Alliance Healthcare Services	01/25/2023	90837	Psychotherapy (Intervention/Therapy/Therapeutic sessions, individual face to face 60 minutes)	1	\$88.16	0123	02/03/2023
<input checked="" type="checkbox"/>	5487256	Alliance Healthcare Services	02/17/2023	99213	Office visit for the evaluation and management of an established patient	1	\$64.63	0323	04/06/2023
<input checked="" type="checkbox"/>	5487627	Alliance Healthcare Services	02/20/2023	90832	Psychotherapy (Intervention/Therapy/Therapeutic sessions, individual face to face 30 minutes)	1	\$55.63	0323	04/06/2023

- Service records that are eligible for retroactive billing to TennCare that have NOT yet been credited can be viewed and credited in batch mode.
- Although timely filing is considered within 120 days of the date the client is enrolled in TennCare, this tab will list clients having services that have been added to TennCare eligibility in the last 180 days. This provides some time for payment to be received from the MCOs.
- BHSN Provider staff may search for records by various parameters including First Name, Last Name, SSN, and DOB.
- BHSN Provider staff will select the desired client record and the client’s demographics and eligible services will display.
- BHSN Provider staff may select all services to be credits by clicking the box located in the volume header row. BHSN Provider staff may also select individual services by clicking the box on each applicable service row.
- Click the CREDIT button to credit the selected services.

## Remittance Advice - Under "Payments" Tab

- Under the **"Program"** tab, Providers can search by BHSN for Adults or BHSN for Children. Current and past fiscal years can be selected under the **"Fiscal Year"** tab.

Records matching the search criteria will appear in a grid view displaying the following:

- Identifier (the month and year of the payment process)
  - Date processed
  - Monthly allocation
  - Sum of Fee for Service activities
  - Beginning Balance Forward (i.e., if a quarterly CAP was exceeded the last payment process or if credits were entered by the BHSN Provider)
  - Ending Balance Forward (i.e., if a CAP was exceeded with that payment process, the amount that moves forward to the next payment process)
  - Net payment
- Providers can click on a row in the grid view to see detailed service records included in the payment.
    - ✓ Please Note: The amount listed for the detailed service record does not include admin fee.
  - Providers can export the Remittance Advice to Excel by clicking **"Excel."**
    - ✓ Please Note: The Excel download includes the Beginning Balance Forward, Monthly Allocation, Fee for Service activities, Credits, Admin Fee, the Net Payment, and any Ending Balance Forward.

## Additional Help for Payment Functionality in BHSN System

Additional information specific to the BHSN System functionality around claims and payments can be found in the TDMHSAS SafetyNet System documentation. This system documentation can be found in the BHSN System under the top right drop down under **"HELP."** Claims and payment information can be found starting on page 12.

# BHSN User Accounts

The Behavioral Health Safety Net System is a web-based system where all BHSN eligibility, enrollment, claim uploads, and billing take place. The BHSN System is used by all BHSN Providers, Regional Mental Health Institutes, and TDMHSAS contracted private hospitals. The BHSN System is not public facing, therefore only staff from the BHSN Provider Network, RMHIs, and TDMHSAS contracted private hospitals may be assigned a BHSN User Account.

## ***Establishing New Users***

BHSN Providers, RMHIs, and TDMHSAS contracted private hospital staff requiring access to the BHSN system must complete a **User Agreement BHSN System form**. This form can be located under the BHSN Information tab in the BHSN system, and in Appendix I. User Agreement BHSN System form must be signed by both the prospective new user, and the submitting agency's Authorizing Representative. If the new user requires the capability to upload 837p claim files, this should be indicated in the 837p file upload field on the second page of the form.

The completed User Agreement BHSN System form must be submitted to [BHSN.Team@tn.gov](mailto:BHSN.Team@tn.gov).

### **As stated on the User Agreement BHSN System form, A BHSN System User is agreeing to the following when signing the BHSN User ID Request Form:**

- Using the BHSN System as authorized, and not accessing information without authority or in excess of their authority.
- Complying with HIPAA requirements, including not using or disclosing Protected Health Information other than permitted or required by BHSN or by law.
- Understanding that the User Account may be deactivated if the user improperly discloses information, enters fraudulent information into the system, or shares their username/password.
- If a user leaves their current employer, or their job function no longer requires BHSN System access, de-activation will be requested through their employer.
- User must be trained in BHSN program procedures and know how to access the BHSN Provider Manual.
- The BHSN login credentials shall not be shared with other agency employees.

### **As stated on the User Agreement BHSN System form, the Authorizing Representative is attesting to the following when signing the BHSN User ID Request Form:**

- The individual requesting User Access is authorized to access the BHSN System.
- The individual has been trained in the BHSN program procedures specific to their job duties.
- The individual knows how to access the BHSN Provider Manual.
- If the individual leaves the agency, or their current job function no longer requires BHSN System access, the Authorizing Representative will request de-activation of the User ID

immediately. Since the BHSN system is available via the web, BHSN provider agencies must notify the Office of BHSN when an employee leaves their agency. Upon such notification, the Office of BHSN will inactivate the employee's BHSN user account.

### ***For BHSN Providers and TDMHSAS Contracted Private Hospital Staff:***

A valid work email address for the new user is required to establish a BHSN user account. The work email address will be the username for the BHSN account.

### ***For RMHI Staff:***

The username and password for the BHSN System is their CI/Active Directory Account username and password used to access multiple State of Tennessee systems.

**Once the BHSN User Account has been created, BHSN Office staff will notify the new user via email that their user account is active.**

- For BHSN Provider Staff and TDMHSAS contracted private hospital staff, the notification email will outline instructions on establishing a personalized password using of the "Forgot password?" link on the BHSN System login page.
- For RMHI staff, the notification email will outline instructions for using their CI/Active Directory Account.

## **Login and Password Processes**

### ***For BHSN Provider Staff and TDMHSAS Contracted private hospitals***

The password reset capability provided in the email generated through the "Forgot Password?" link expires 15 minutes after the request is sent. If the capability has expired, the user will receive a message of "Invalid Token" when attempting to reset their password. The user will need to repeat the reset process through the "Forgot password?" link.

#### **Password Requirements:**

- Be at least 8 characters
- Contain at least one lower case letter
- Contain at least one upper case letter
- Contain at least one number
- Contain at least on special character (anything not a number or letter)

### **Account Maintenance:**

- A BHSN user account will become locked after 5 unsuccessful login attempts. If a BHSN user account is locked, hitting the “Forgot Password?” link will not generate the email to reset a password.
- A request should be made to the Office of BHSN through [BHSN.Team@tn.gov](mailto:BHSN.Team@tn.gov) to unlock the user account. Once the account is unlocked, a notification email will be sent to Provider staff informing them that the account is unlocked, and to reset the password using the “Forgot password?” link.
- A user is automatically logged off the system after 20 minutes of inactivity.
- Passwords expire every 45 days. The system begins notifying the user 14 days prior to this expiration upon every login, providing a link for the user to change their password. Once the password expires and the user does not reset the password within an additional 45 days, the system will inactivate the account. Once the account has been inactivated, the user will not be able to reset the password using the “Forgot password?” link because the account will be locked.
- Users may change their password while active in the BHSN system by hovering over their name in the top right corner of any system page.
- Twice a year, in April and October, the Office of BHSN and Older Adults will conduct a survey of each provider to confirm their list of active BHSN users. Any BHSN user reported to no longer need BHSN system access, or to have left employment with the provider will be deactivated as a BHSN user.

**Remember:** Once an account has been inactivated, a new User Agreement BHSN System form will need to be completed and submitted to [BHSN.Team@tn.gov](mailto:BHSN.Team@tn.gov).

### ***For RMHI Staff***

For RMHI Staff, the username and password are the same as the CI/Active Directory Account username and password. The log in process is completed through the Azure secure log in, by simply clicking the “Login with Azure AD” button on the log in page. As the Active Directory password changes, Azure automatically updates the password.

### ***Reactivation of Prior BHSN System Users***

Prior users may be re-activated in the BHSN System at any time by completing a BHSN System User ID Request Form. Reminder that if an account becomes inactive because a System User has not logged in during the past 90 days, they must re-submit a User Agreement BHSN System form to re-activate, including the signature of an Authorized Representative.

# RMHIs and TDMHSAS Contracted Hospitals

## ***Things to Know about Enrolling Discharging Patients into BHSN***

The four Regional Mental Health Institutes and three TDMHSAS contracted private hospitals are strongly encouraged to screen and enroll eligible discharging patients into BHSN to help facilitate outpatient mental health treatment and support services after psychiatric hospitalization.

RMHI and contracted hospital staff are required to have an active User Account in the BHSN System to view current BHSN enrollment status, and to enroll applicants into BHSN. Please see the User Accounts Section for information on requesting access.

### **All patients should be screened for BHSN for Adults before hospital discharge.**

- ✓ **Note:** If a TDMHSAS Contracted Hospital admits patients under 18, those patients should be screened for BHSN for Children, which does have slightly different eligibility criteria.

An overview of BHSN eligibility for both BHSN for Adults and BHSN for Children can be found in the Eligibility Determination Section. Information may also be found in the Appendix VI documents “BHSN for Adults Enrollment Procedures for RMHIs and Contracted Hospitals” and “BHSN for Children Enrollment Procedures for RMHIs and Contracted Hospitals.” These documents are also available in the BHSN System under BHSN Information – Documents. Current Federal Poverty Level Calculations (FPL) can be found on the TDMHSAS BHSN website at: [https://www.tn.gov/content/dam/tn/mentalhealth/documents/2023\\_BHSN\\_FPL.pdf](https://www.tn.gov/content/dam/tn/mentalhealth/documents/2023_BHSN_FPL.pdf), or in the BHSN System under the Help Documents tab labeled “FPL Guide 2023.”

**If a patient meets BHSN eligibility requirements, first check the BHSN System to verify if the patient is currently enrolled in BHSN. Refer to System Enrollment Navigation for a detailed overview.**

### ***If a Patient meets BHSN eligibility requirements and is not enrolled in BHSN:***

1. Review what BHSN is, the eligibility requirements, and BHSN services and policies with the patient.

## **Key things to share with the patient:**

- The Behavioral Health Safety Net is a program that offers free essential outpatient mental health services to eligible Tennesseans.
  - To be eligible for BHSN for Adults, they must lack behavioral health insurance, be 18 or older, be a US Citizen or a Qualified Alien, live in TN, meet income requirements, and have a qualifying primary mental health diagnosis.
  - BHSN for Adults services include psychiatric medication management, therapy, case management, peer support, psychosocial rehabilitation, and, in some cases, transportation to and from BHSN services.
  - BHSN is not insurance, and they will not receive an enrollment card. They can only be enrolled with, and receive services from, one BHSN Provider at a time. BHSN enrollees can choose to change BHSN Providers if they prefer.
2. Receive consent from the patient after informing them that their BHSN enrollment information will be shared with the TN Department of Mental Health and Substance Abuse Services, clarifying that their information is protected, and will only be used for the payment and provision of services under the BHSN program.
  3. Receive consent from the patient to enroll them in BHSN with the BHSN Provider they choose.
  4. If a patient agrees to be enrolled in BHSN, complete the online enrollment in the Behavioral Health Safety Net System <https://cloudmh.tn.gov/SafetyNet/Account/Login>. See the System Enrollment Navigation Section for details on BHSN online enrollment.
  5. Document in the patient's hospital record "Enrolled Patient in BHSN per BHSN Enrollment Procedures" at minimum in the Hospital Discharge Summary, or in a case management/progress note.

## ***If a Patient is enrolled in BHSN but wants services at a different BHSN Provider:***

1. Confirm the patient understands they can only be enrolled in BHSN with one Provider at a time.
2. Share with the new BHSN Provider that the patient is currently enrolled in BHSN but is choosing a different BHSN Provider after hospital discharge.

## ***Information to share with the Patient and the new BHSN Provider:***

- **For the Patient** - Provide the “Referral Information: Behavioral Health Safety Net for Adults Program Sheet” (or Referral Information: Behavioral Health Safety Net for Children, if applicable) (Appendix 1 & BHSN Help Documents), which includes the date/time of their first appointment, and a checklist of documents needed at the first appointment.
- **For the BHSN Community Provider** - Share information with the BHSN Community Provider, including aftercare plan and physician’s discharge orders, supports continuity of care for the patient after discharge.

## ***CoverRx***

Since BHSN does not cover prescription medications, many BHSN enrollees also enroll in CoverRx for prescription coverage. CoverRx is a prescription drug program designed to assist those who have no pharmacy coverage but have a need for medication.

Eligibility includes ages 18-64 and incomes at or below 138% of the Federal Poverty Level.

### **CoverRx and BHSN are two separate programs.**

CoverRx is operated through TennCare, and the CoverRx Prescription Benefit Manager is OptumRx. For assistance with CoverRx, call 1-800-424-5815.

### **To learn more about CoverRx, including eligibility and Covered Drug List:**

<https://www.tn.gov/behavioral-health/bhsn/coverrx.html>

**To enroll or check current enrollment status:** <https://www.optumrx.com/coverrx>

If a patient is enrolled in CoverRx by a RMHI or contracted hospital, document at minimum in the Hospital Discharge Summary. CoverRx enrollment is immediate and a CoverRx benefits card can be printed to the patient prior to discharge.

# Appendix I – Sample Forms

The following are samples of commonly used BHSN forms. Please do not print forms from this manual for use. The most current versions of all BHSN forms, as well as other helpful BHSN program information, can be found in the BHSN System navigation bar under “BHSN Information.”

## ***Sample Forms Included in this Appendix:***

- BHSN for Children No Private/Commercial Behavioral Health Insurance Statement Form
- BHSN FY24 Childrens Outreach Report
- BHSN No Income and/or Homeless Declaration Statement Form
- User Agreement BHSN System (for activation & deactivation request)
- Change of BHSN Provider Request Form
- Change of Information Request Form
- Patient Assistance Program Report

**Behavioral Health Safety Net for Children  
No Private/Commercial Behavioral Health Insurance  
Statement Form**

BHSN for Children Applicant's Name: \_\_\_\_\_

Social Security Number: \_\_\_\_\_

Date of Birth: \_\_\_\_\_

---

**No Behavioral Health Coverage Statement**

\_\_\_\_\_ (BHSN for Children Applicant Name), does not currently have private/commercial behavioral health insurance.

---

*By signing below, I, as the BHSN Provider Staff, attest my agency has received informed consent from the applicant to enroll in BHSN for Children and believes that the information contained on this form is accurate and true as provided by the applicant.*

BHSN Provider Staff Name: \_\_\_\_\_

BHSN Provider Staff Signature: \_\_\_\_\_

Date: \_\_\_\_\_

---

This signed and completed form should be included in an individual's BHSN eligibility documentation. This signed and completed form does not need to be submitted to TDMHSAS/Office of Behavioral Health Safety Net.

**Behavioral Health Safety Net of Tennessee  
No Income and/or Homeless Declaration Statement Form**

BHSN Applicant's Name: \_\_\_\_\_

Social Security Number: \_\_\_\_\_

Date of Birth: \_\_\_\_\_

---

**No Income Statement**

\_\_\_\_\_ (BHSN Applicant Name), is not currently  
employed and does not have any income at this time.

---

**Homeless Declaration Statement**

\_\_\_\_\_ (BHSN Applicant Name), is homeless and/or  
living in a Shelter/Mission.

---

*By signing below, I, as the BHSN Provider Staff, attest my agency has received informed consent from the applicant to enroll in BHSN and believes that the information contained on this form is accurate and true as provided by the applicant.*

BHSN Provider Staff Name: \_\_\_\_\_

BHSN Provider Staff Signature: \_\_\_\_\_

Date: \_\_\_\_\_

---

This signed and completed form should be included in an individual's BHSN eligibility documentation. This signed and completed form does not need to be submitted to TDMHSAS/Office of Behavioral Health Safety Net.

**Pharmacy Assistance and Coordination  
Quarterly Reporting for Pharmaceutical Drug Manufacturer's  
Patient Assistance Program**

BHSN Provider Name: \_\_\_\_\_  
Contact Person: \_\_\_\_\_  
Email/Phone Number of Contact Person: \_\_\_\_\_  
Date Form Completed: \_\_\_\_\_

**Patient Assistance Program Information**

For each item, please enter total numbers year to date.

**BHSN for ADULTS**

BHSN Enrollees utilizing Patient Assistance Programs this fiscal year: \_\_\_\_\_  
Initial Patient Assistance Program applications for BHSN Enrollees this fiscal year: \_\_\_\_\_  
Refills for BHSN Enrollees utilizing Patient Assistance Programs this fiscal year: \_\_\_\_\_

Quarterly Reports are due October 15<sup>th</sup>, January 15<sup>th</sup>, April 15<sup>th</sup>, and July 15<sup>th</sup>. Please submit to [BHSN.Team@tn.gov](mailto:BHSN.Team@tn.gov).

## Behavioral Health Safety Net System User ID Request Form

**Activate New User**     **Re-activate User**     **Deactivate User**

**Name of BHSN Provider, RMHI, or TDMHSAS Contracted Hospital:** \_\_\_\_\_

### BHSN System User Information

First Name: \_\_\_\_\_ MI: \_\_\_\_\_ Last Name: \_\_\_\_\_

Work Email Address: \_\_\_\_\_

Work Phone Number: \_\_\_\_\_

Are you currently a State of Tennessee employee:  Yes  No  
If yes, please provide your TN Active Directory User ID (example ci00000): \_\_\_\_\_

Are you a current employee of a TDMHSAS contracted inpatient psychiatric hospital? (i.e., Woodridge Hospital, Peninsula Hospital, Ridgeview Inpatient Services)  Yes  No

*I understand I am requesting access to the Behavioral Health Safety Net System. The BHSN System is for use by authorized personnel only. Individuals accessing this application without authority or in excess of their authority are in violation of Federal and/or State laws, regulations and/or policies and may be subject to criminal, civil and/or administrative actions.*

*In accordance with the Health Insurance Portability and Accountability Act (HIPAA), I agree to fully comply with the requirements applicable to "business associates," as that term is defined in the HIPAA Privacy Rule 45 CFR 164.502(e), 164.504(e), 164.532(d) and (e) and not use or further disclose Protected Health Information other than as permitted or required by the Behavioral Health Safety Net or as Required By Law.*

- I understand that violation of any program policies and procedures, altering the application, disclosing the contents of this application to others not properly authorized without proper releases of information, entering fraudulent data and/or sharing my assigned User ID and/or password may result in termination of system/application access.*
- I hereby affirm that I am authorized to perform the function(s) which I am about to perform.*

- I understand I will be assigned a User ID with an associated password and agree I will not share that User ID and/or password with anyone else.
- I understand if I leave my current employer and/or my job functions no longer require me to have access to the BHSN System, I will request de-activation of my User ID through my employer.
- I have been trained in the program procedures of the Behavioral Health Safety Net by my employer. I have read and understand the Behavioral Health Safety Net Provider Manual and have ongoing access to this manual.

Signature of BHSN System User: \_\_\_\_\_

Name of BSHN System User: \_\_\_\_\_

Date: \_\_\_\_\_

\*\*\*\*\*

**BHSN Provider/RMHI/TDMHSAS Contracted Hospital Authorizing Representative**

<p><u>For BHSN Provider Agencies:</u>          Will this individual be processing 837p file uploads for billing purposes? <input type="radio"/> Yes <input type="radio"/> No</p> <p><u>For RHMI Users:</u>          Will this individual need access to RMHI BHSN Registration Reporting? <input type="radio"/> Yes <input type="radio"/> No</p>
--

I attest the above individual is authorized to access the Behavioral Health Safety Net System. The individual has been trained in the program procedures of the Behavioral Health Safety Net by our agency specific to their job duties, including 837p file processing procedures where applicable. The individual has received the Behavioral Health Safety Net Provider Manual.

- If the individual leaves our agency and/or their job functions no longer require access to the BHSN system, our agency will request de-activation of their User ID immediately.

# Appendix III – BHSN FY24 Rate Sheets for Adult & Children

**Behavioral Health Safety Net for Adults  
Service Rate Sheet  
FY2025**

TDMHSAS prefers in-person service delivery. BHSN Providers should follow federal and state guidelines and clinical standards when offering services via telehealth or telephone. Telephonic service delivery may be used when all other options are documented as exhausted.

Place-of-Service Codes must be used on claims to specify the entity where services were rendered. Telephonic services will be coded as telehealth until further guidance is given. Please refer to CMS's Place-of-Service Code Set to use for BHSN claims.

Individuals with Medicare Part B who meet all other eligibility requirements for BHSN, and individuals sixty-five (65) years of age or older, regardless of Medicare Part B coverage, are eligible only for the following limited array of BHSN services: Case Management (T1016), Medication Training and Support (H0034), Peer Support (H0038, H0038HQ), Psychosocial Rehabilitation Services (H2017, H2017HQ), and Transportation (T2002, T2003, A0110).

These codes and services are to be used for BHSN for Adults. Check codes with TennCare before retro-billing for any service.

Clinical, Therapeutic, and Support Services	Service/CPT Code	BHSN Adult Rate
---	------------------	-----------------

**Assessment and Evaluation**

*Psychiatric diagnostic evaluation is an integrated biopsychosocial assessment, including history, mental status, and recommendations. Psychiatric diagnostic evaluation with medical services in integrated biopsychosocial and medical assessment, including history, mental status, other physical examination elements as indicated, and recommendations. One assessment/evaluation allowable per day.*

Psychiatric diagnostic evaluation (with no medical services)	90791	\$108.54*
		*Enhanced Rate of \$126.54 when provided to incarcerated individuals with an upcoming release date. POS must be 09 Prison/Correctional Facility.
Psychiatric diagnostic evaluation (with medical services)	90792	\$105.20*
		*Enhanced Rate of \$123.20 when provided to incarcerated individuals with an upcoming release date. POS must be 09 Prison/Correctional Facility.

**Psychological Testing Evaluation Services**

*Psychological testing evaluation services by physician or other qualified healthcare professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed.*

Psychological Testing Evaluation Service	96130	\$61.50*
		*Enhanced Rate of \$79.50 when provided to incarcerated individuals with an upcoming release date. POS must be 09 Prison/Correctional Facility.

**Individual Intervention/Therapy/Therapeutic Session**

*Psychotherapy is the treatment of mental illness and behavioral disturbances in which the physician or other qualified health care professional, through definitive therapeutic communication, attempts to alleviate the emotional disturbances, reverse or change maladaptive patterns of behavior, and encourage personality growth and development. Includes ongoing assessment and adjustment of psychotherapeutic interventions, and may include involvement of informants in the treatment process.*

Psychotherapy, 60 minutes with patient (53 minutes or more)	90837	\$111.32
Psychotherapy, 45 minutes with patient (38-52 minutes)	90834	\$82.57
Psychotherapy, 30 minutes with patient (16-37 minutes)	90832	\$61.08

## Behavioral Health Safety Net for Children Service Rate Sheet FY2025

TDMHSAS prefers in-person service delivery. BHSN Providers should follow federal and state guidelines and clinical standards when offering services via telehealth or telephone. Telephonic service delivery may be used when all other options are documented as exhausted.

Place-of-Service Codes must be used on claims to specify the entity where services were rendered. Telephonic services will be coded as telehealth until further guidance is given. Please refer to CMS's Place-of-Service Code Set to use for BHSN claims.

Children with private health insurance that includes behavioral health coverage and children enrolled in CoverKids are eligible only for the following limited array of BHSN for Children services: Case Management (T1016), Family Support Services (H2014), Family Therapy without client present (90847), Family Therapy with client present (90846), Transportation (T2002, T2003, A0110), and Medication Training and Support (H0034).

These codes and services are to be used for BHSN for Children. Check codes with TennCare before retro-billing for any service.

Clinical, Therapeutic, and Support Services	Service/CPT Code	BHSN for Children Rate
<b>Assessment and Evaluation</b>		
<i>Psychiatric diagnostic evaluation is an integrated biopsychosocial assessment, including history, mental status, and recommendations. Psychiatric diagnostic evaluation with medical services in integrated biopsychosocial and medical assessment, including history, mental status, other physical examination elements as indicated, and recommendations. One assessment/evaluation allowable per day.</i>		
Psychiatric diagnostic evaluation (with no medical services)	90791	\$108.54
Psychiatric diagnostic evaluation (with medical services)	90792	\$105.20
<b>Psychological Testing Evaluation Services</b>		
<i>Psychological testing evaluation services by physician or other qualified healthcare professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed.</i>		
Psychological Testing Evaluation Service	96130	\$61.50
<b>Individual Intervention/Therapy/Therapeutic Session</b>		
<i>Psychotherapy is the treatment of mental illness and behavioral disturbances in which the physician or other qualified health care professional, through definitive therapeutic communication, attempts to alleviate the emotional disturbances, reverse or change maladaptive patterns of behavior, and encourage personality growth and development. Includes ongoing assessment and adjustment of psychotherapeutic interventions, and may include involvement of informants in the treatment process.</i>		
Psychotherapy, 60 minutes with patient (53 minutes or more)	90837	\$111.32
Psychotherapy, 45 minutes with patient (38-52 minutes)	90834	\$82.57
Psychotherapy, 30 minutes with patient (16-37 minutes)	90832	\$61.08

Group Intervention/Therapy/Therapeutic Session		
<i>Intervention/Therapy/Therapeutic sessions or related counseling provided in a group setting through interview, supportive psychotherapy, relationship therapy, insight therapy or other forms of intervention.</i>		
Group psychotherapy (other than of a multiple-family group): Maximum of two (2) units per person to be billed within a single date of service.	90853	\$33.76
Family Therapy		
<i>Intervention/Therapy/Therapeutic sessions or related counseling provided to a family through interview, supportive psychotherapy, relationship therapy, insight therapy or other forms of intervention.</i>		
Family psychotherapy (conjoint psychotherapy) (with client present): 26-50 minute session	90847	\$69.71
Family psychotherapy (conjoint psychotherapy) (without client present): 26-50 minute session	90846	\$69.71
Family Support Services		
<p><i>Family support services are used to assist other caregivers of children or youth diagnosed with emotional, behavioral, or co-occurring disorders, and are provided by a Certified Family Support Specialist under the direct clinical supervision of a licensed behavioral health professional. A Certified Family Support Specialist is a person who has previously self-identified as the caregiver of a child or youth with an emotional, behavioral or co-occurring disorder and who has successfully navigated the child-serving systems to access treatment and resources necessary to build resiliency and foster success in the home, school, and community. This individual has successfully completed and passed training recognized by the Tennessee Department of Mental Health and Substance Abuse Services on how to assist other caregivers in fostering resiliency in their child based on the principles of resiliency and recovery; and has received certification from the Tennessee Department of Mental Health and Substance Abuse Services as a Certified Family Support Specialist.</i></p> <p><i>These services include assisting caregivers in managing their child's illness and fostering resiliency and hope in the recovery process. These direct caregiver-to-caregiver support services include, but are not limited to, developing formal and informal supports, assisting in the development of strengths-based family and individual goals, serving as an advocate, mentor, or facilitator for resolution of issues that a caregiver is unable to resolve on his or her own, or providing education on system navigation and skills necessary to maintain a child with emotional, behavioral or co-occurring disorders in their home environment. □</i></p>		
Family Support session: 15 minutes. Maximum of eight (8) units per person/family to be billed within a single date of service.	H2014	\$10.00
Case Management		
<p><i>BHSN Case Management involves coordination of care services which assist a BHSN enrollee in identifying, accessing, and coordinating resources that are supportive in achieving the BHSN enrollee's treatment and recovery goals. Case Management may be delivered face-to-face, telephonically, or via telehealth. Time spent in direct contact with the BHSN Enrollee, or in direct communication with a collateral contact on behalf of the BHSN Enrollee and in alignment with the BHSN Enrollee's treatment goals, is reimbursable. Case Management may be billed for SOAR related activities performed by a case manager (not grant-funded SOAR Specialist) for BHSN enrollees, including face-to-face encounters related to SOAR activities, telephone contacts regarding SOAR activities, mail or email correspondence regarding SOAR activities, and/or paperwork and documentation related to SOAR activities. The staff performing this service must be trained and qualified according to the Grantee's governing body. Case Management is reimbursed at \$25 per unit, which Federal law defines as a 15 minute session unit (1 unit = 8 minutes to 22 minutes; 2 units = 23 minutes to 37 minutes; 3 units = 38 to 52 minutes, etc.). Maximum of twelve (12) units per person to be billed with in a single date of service.</i></p>		
Case management (1 session unit)	T1016	\$25.00

Transportation		
<p><i>This service provides transportation for BHSN of TN enrollees (and their family in the Children's BHSN) for the purpose of accessing treatment and recovery services covered by the BHSN of TN. The mode of transportation used will be determined by the enrollee's BHSN of TN provider, based on individual enrollee need and community availability. Approved modes of transportation for the BHSN of TN include: (1) BHSN of TN contracted provider vehicles to transport; (2) public transportation, such as buses; (3) BHSN of TN providers contracting with community transportation vendors; (4) reimbursement to enrollees for gasoline; (5) reimbursement to others, such as family, friends, and neighbors for transport; (6) reimbursement for taxi or ride-share services; and (7) BHSN of TN contracted provider staff may use their personal vehicles if the following conditions are met: (a) staff must have a class D license with an F endorsement, and (b) staff must have a copy of their current full coverage vehicle insurance on file at the agency. Provider must keep on file documentation regarding the date and mode of each transportation service. Transportation is reimbursable based on the following three criteria: (1) there is no other payment source for this service; (2) the BHSN of TN enrollee has no other reliable transportation alternative; (3) enrollees must be receiving another BHSN of TN service as transportation is not a stand-alone service.</i></p>		
Non-emergency transportation; per diem: Maximum of one (1) unit per person to be billed on a single date of service.	T2002	\$18.00
Non-emergency transportation; Encounter/Trip: Maximum of one (1) unit person to be billed on a single date of service.	T2003	\$9.00
Non-emergency Transport Bus	A0110	\$4.00
Psychiatric Medication Management		
Office or other outpatient visit for the evaluation and management of an established patient, that may not require the presence of a physician or other qualified health care professional. Usually, the presenting problem(s) are minimal.	99211	\$13.91
Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and straightforward medical decision making.  When using time for code selection, 10-19 minutes of total time is spent on the date of the encounter.	99212	\$64.06
Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and low level of medical decision making.  When using time for code selection, 20-29 minutes of total time is spent on the date of the encounter.	99213	\$70.96
Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and moderate level of medical decision making.  When using time for code selection, 30-39 minutes of total time is spent on the date of the encounter.	99214	\$79.18
Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and high level of medical decision making.  When using time for code selection, 40-54 minutes of total time is spent on the date of the encounter.	99215	\$96.88
Medication Training and Support, 15 minutes	H0034	\$25.63
Administration of Long-Acting Injectable		
Therapeutic, prophylactic, or diagnostic injection; subcutaneous or intramuscular	96372	\$14.56

Venipuncture		
Collection of venous blood by venipuncture	36415	\$3.00
Labs Related to Medication Management

Vitamin D - E751	82306	\$5.00
Other lab services not listed above may be ordered in accordance with Statewide Contract number 532 (or subsequent number) for Clinical Laboratory Services through Memphis Pathology Laboratory, dba American Esoteric Laboratories (AEL). Billing rate and service shall be determined by the rates listed in that Contract. To be eligible for reimbursement, labs not listed above are required to have prior approval from TDMHSAS before they are ordered.	As listed in the statewide Clinical Laboratory Services Contract (No. 532; or subsequent number)	
Pharmacy Assistance and Coordination		
Services provided directly to those eligible for the BHSN of TN to individually assist in securing medications at a reduced price, or no cost, through a manufacturer sponsored program or other pharmacy assistance program. Also includes coordination with service recipient, prescriber, manufacturer and Pharmacy Benefit Manager (PBM) for initial pharmacy assistance applications, emergency and periodic medication changes and monitoring and submission of data necessary for monitoring and reporting. (per month)	As established by the State based on total number of persons expected to be served during State Fiscal Year	As established by the State based on total number of persons expected to be served during State Fiscal Year

**Unallowable Service Code Combinations**

The services in Column A cannot be billed with the corresponding service in Column B on the same date and for the same service recipient.

<b>Group Intervention/Therapy/Therapeutic Session</b>		
<i>Intervention/Therapy/Therapeutic sessions or related counseling provided in a group setting through interview, supportive psychotherapy, relationship therapy, insight therapy or other forms of intervention.</i>		
Group psychotherapy (other than of a multiple-family group): Maximum of two (2) units per person to be billed within a single date of service.	90853	\$33.76
<b>Family Therapy</b>		
<i>Intervention/Therapy/Therapeutic sessions or related counseling provided to a family through interview, supportive psychotherapy, relationship therapy, insight therapy or other forms of intervention.</i>		
Family psychotherapy (conjoint psychotherapy) (with client present): 26-50 minute session	90847	\$69.71
Family psychotherapy (conjoint psychotherapy) (without client present): 26-50 minute session	90846	\$69.71
<b>Psychosocial Rehabilitation</b>		
<i>Psychosocial Rehabilitation is a community-based program that promotes recovery, community integration, and improved quality of life for members who have been diagnosed with a behavioral health condition that significantly impairs their ability to lead meaningful lives. The goal of Psychosocial Rehabilitation is to support individuals as active and productive members of their communities through interventions developed with a behavioral health professional or certified peer recovery specialist, in a non-residential setting. These interventions are aimed at actively engaging the member in services, and forming individualized service plan goals that will result in measurable outcomes in the areas of educational, vocational, recreational and social support, as well as developing structure and skills training related to activities of daily living. Such interventions are collaborative, person-centered, individualized, and ultimately results in the member's wellness and recovery being sustainable within the community without requiring the support of Psychosocial Rehabilitation. Psychosocial Rehabilitation must meet medical necessity criteria and may be provided in conjunction with routine outpatient services. Psychosocial Rehabilitation services vary in intensity, frequency, and duration in order to resolve the member's ability to manage functional difficulties.</i>		
Individual Psychosocial Rehabilitation session, 15 minutes: Maximum of four (4) units per person to be billed within a single date of service.	H2017	\$11.00
Group Psychosocial Rehabilitation session, 15 minutes: Maximum of twenty-four (24) units per person to be billed within a single date of service.	H2017HQ	\$11.00
<b>Peer Support</b>		
<i>Peer recovery services are designed and delivered by people who have lived experience with behavioral health issues. A Certified Peer Recovery Specialist (CPRS) is someone who has self-identified as being in recovery from mental illness, substance use disorder, or co-occurring disorders of both mental illness and substance use disorder. In addition, a Certified Peer Recovery Specialist has completed specialized training recognized by the Tennessee Department of Mental Health and Substance Abuse Services on how to provide peer recovery services based on the principles of recovery and resiliency. Certified Peer Recovery Specialists can provide support to others with mental illness, substance use disorder, or cooccurring disorder and help them achieve their personal recovery goals by promoting self-determination, personal responsibility, and the empowerment inherent in self-directed recovery. Under the direct clinical supervision of a licensed behavioral health professional, peer recovery services provided by a Certified Peer Recovery Specialist may include: assisting individuals in the development of a strengths-based, person-centered plan of care; serving as an advocate or mentor; developing community support; and providing information on how to successfully navigate the behavioral health care system. Activities which promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills are provided so individuals can educate and support each other in the acquisition of skills needed to manage their recovery and access resources within their communities. Services are often provided during the evening and weekend hours.</i>		
Individual Peer Support session, 15 minutes: Maximum of four (4) units per person to be billed within a single date of service.	H0038	\$10.00
Group Peer Support session, 15 minutes: Maximum of twenty-four (24) unites per person to be billed within a single date of service.	H0038HQ	\$10.00

Case Management		
<p><i>BHSN Case Management involves coordination of care services which assist a BHSN enrollee in identifying, accessing, and coordinating resources that are supportive in achieving the BHSN enrollee's treatment and recovery goals. Case Management may be delivered face-to-face, telephonically, or via telehealth. Time spent in direct contact with the BHSN Enrollee, or in direct communication with a collateral contact on behalf of the BHSN Enrollee and in alignment with the BHSN Enrollee's treatment goals, is reimbursable. Case Management may be billed for SOAR related activities performed by a case manager (not grant-funded SOAR Specialist) for BHSN enrollees, including face-to-face encounters related to SOAR activities, telephone contacts regarding SOAR activities, mail or email correspondence regarding SOAR activities, and/or paperwork and documentation related to SOAR activities. The staff performing this service must be trained and qualified according to the Grantee's governing body. Case Management is reimbursed at \$25 per unit, which Federal law defines as a 15 minute session unit (1 unit = 8 minutes to 22 minutes; 2 units = 23 minutes to 37 minutes; 3 units = 38 to 52 minutes, etc.). Maximum of twelve (12) units per person to be billed with in a single date of service.</i></p>		
Case management (1 session unit)	T1016	\$25.00
Transportation		
<p><i>This service provides transportation for BHSN of TN enrollees for the purpose of accessing treatment and recovery services covered by the BHSN of TN. The mode of transportation used will be determined by the enrollee's BHSN of TN provider, based on individual enrollee need and community availability. Approved modes of transportation for the BHSN of TN include: (1) BHSN of TN contracted provider vehicles to transport; (2) public transportation, such as buses; (3) BHSN of TN providers contracting with community transportation vendors; (4) reimbursement to enrollees for gasoline; (5) reimbursement to others, such as family, friends, and neighbors for transport; (6) reimbursement for taxi or ride-share services; and (7) BHSN of TN contracted provider staff may use their personal vehicles if the following conditions are met: (a) staff must have a class D license with an F endorsement, and (b) staff must have a copy of their current full coverage vehicle insurance on file at the agency. Provider must keep on file documentation regarding the date and mode of each transportation service. Transportation is reimbursable based on the following three criteria: (1) there is no other payment source for this service; (2) the BHSN of TN enrollee has no other reliable transportation alternative; (3) enrollees must be receiving another BHSN of TN service as transportation is not a stand-alone service.</i></p>		
Non-emergency transportation; per diem: Maximum of one (1) unit per person to be billed on a single date of service.	T2002	\$18.00
Non-emergency transportation; Encounter/Trip: Maximum of one (1) unit person to be billed on a single date of service.	T2003	\$9.00
Non-emergency Transport Bus	A0110	\$4.00
Psychiatric Medication Management		
Office or other outpatient visit for the evaluation and management of an established patient, that may not require the presence of a physician or other qualified health care professional. Usually, the presenting problem(s) are minimal.	99211	\$13.91
Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and straightforward medical decision making.  When using time for code selection, 10-19 minutes of total time is spent on the date of the encounter.	99212	\$64.06
Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and low level of medical decision making.  When using time for code selection, 20-29 minutes of total time is spent on the date of the encounter.	99213	\$70.96
Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and moderate level of medical decision making.  When using time for code selection, 30-39 minutes of total time is spent on the date of the encounter.	99214	\$79.18
Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and high level of medical decision making.  When using time for code selection, 40-54 minutes of total time is spent on the date of the encounter.	99215	\$96.88
Medication Training and Support, 15 minutes	H0034	\$25.63

# Appendix VI – Enrollment Procedures & Forms for RMHIs and TDMHSAS Contracted Hospitals

***BHSN Enrollment Procedures for Adults***  
***BHSN Enrollment Procedures for Children***

***BHSN for Adults Referral Form***  
***BHSN for Children Referral Form***

## Behavioral Health Safety Net (BHSN) for ADULTS Enrollment Procedures for RMHIs & TDMHSAS Contracted Hospitals

- **SCREEN ALL PATIENTS FOR BHSN ELIGIBILITY BEFORE DISCHARGE.**
  - **BHSN Eligibility Criteria:**
    - Do not have behavioral health insurance (including not having TennCare, behavioral health benefits through the Veteran’s Administration, or private insurance that has current behavioral health benefits). Note: Individuals with Medicare Part B may be eligible but will receive a limited BHSN service array.
    - Be a US Citizen or have Qualified Alien Status (a nine digit Social Security Number or ITIN is needed to enroll)
    - Be a resident of Tennessee
    - Have a qualifying primary mental health diagnosis
    - Be 18 years old or older
    - Have a household income at or below 138% of the Federal Poverty Level

<b>2024* Federal Poverty Levels (FPLs) for Tennessee Residents</b>	
1 in household	\$20,783
2 in household	\$28,207
3 in household	\$35,632
4 in household	\$43,056

*\*Add \$5,380 for each additional person in the household.  
Please note FPLs change each calendar year.*

- If patient meets BHSN eligibility requirements, check the Behavioral Health Safety Net System ([HTTP://cloudmh.tn.gov/SafetyNet/Account/Login](http://cloudmh.tn.gov/SafetyNet/Account/Login)) to verify if the patient is currently enrolled.

### **IF PATIENT MEETS BHSN ELIGIBILITY REQUIREMENTS AND IS NOT ENROLLED IN BHSN:**

- Review what BHSN is, the eligibility requirements, and BHSN services and policies with the patient.  
***Key things to share with the patient:***
  - The Behavioral Health Safety Net is a program that offers free essential outpatient mental health services to eligible Tennesseans.
  - To be eligible, you must lack behavioral health insurance, be 18 or older, be a US Citizen or a Qualified Alien, live in TN, meet income requirements, and have a primary mental health diagnosis.
  - BHSN services include psychiatric medication management, therapy, case management, peer support, psychosocial rehabilitation, and, in some cases, transportation to BHSN services.
  - BHSN is not insurance, and you will not receive an enrollment card. You can only be enrolled with and receive services from one BHSN Provider at a time. BHSN enrollees can choose to change BHSN Providers if they prefer.

- Receive consent from patient to enroll the patient in BHSN with the BHSN Provider they choose.
- Receive consent from the patient that their BHSN enrollment information is shared with the TN Department of Mental Health and Substance Abuse, but the information is protected and will only be used for the payment and provision of services under the BHSN.
- If patients agree to be enrolled in BHSN, complete online enrollment in the Behavioral Health Safety Net System ([HTTP://cloudmh.tn.gov/SafetyNet/Account/Login](http://cloudmh.tn.gov/SafetyNet/Account/Login)).
- Document in the patient's hospital record "Enrolled patient in BHSN per BHSN Enrollment Procedures" at minimum in the Hospital Discharge Summary or in a case management/progress note.

#### **IF PATIENT IS ENROLLED IN BHSN AND WANTS SERVICES AT A DIFFERENT BHSN PROVIDER:**

- Confirm the patient understands they can only be enrolled in one BHSN Provider at a time.
- Share with the current, and newly identified BHSN Providers, that the patient wants to be referred to another BHSN Provider after hospital discharge.
- Note: RHMI staff cannot make Provider Changes on their own.

#### **IF DEMOGRAPHIC INFORMATION LISTED FOR PATIENT IN BHSN SYSTEM IS INCORRECT:**

- Share the correct demographic information with the current BHSN Provider so they may update in the BHSN system.
- Note: RMHI staff may not make demographic changes to registrations on their own.

#### **SHARE THE FOLLOWING INFORMATION WITH THE PATIENT AND BHSN PROVIDER:**

- For the patient – Provide the "Referral Information: Behavioral Health Safety Net for Adults Program Sheet" which includes the date/time of their first appointment and a checklist of documents needed at the first appointment.
- For the BHSN Provider - Sharing information, including after care plan and physician's discharge orders, supports continuity of care for the patient after discharge.

#### **CoverRx**

CoverRx is a prescription drug program designed to assist those who have no pharmacy coverage but have a need for medication. Eligibility includes ages 18-64 and incomes at or below 138% of the Federal Poverty Level.

CoverRx and BHSN are two **separate** programs. CoverRx is operated through TennCare, and the CoverRx Prescription Benefit Manager is OptumRx. For assistance with CoverRx, call 1-800-356-3477.

To learn more about CoverRx, including eligibility and Covered Drug List:

[https://www.tn.gov/content/dam/tn/tenncare/documents/coverrx\\_druglist.pdf](https://www.tn.gov/content/dam/tn/tenncare/documents/coverrx_druglist.pdf)

To enroll or check current enrollment status: <https://www.optumrx.com/coverrx>

If patient is enrolled in CoverRx by RMHI/contracted hospital, document at minimum in the Hospital Discharge Summary. CoverRx enrollment is immediate and a CoverRx benefits card can be printed to the patient prior to discharge.

## **Behavioral Health Safety Net (BHSN) for CHILDREN Enrollment Procedures for RMHIs &TDMHSAS Contracted Hospitals**

- **SCREEN ALL PATIENTS FOR BHSN FOR CHILDREN ELIGIBILITY BEFORE DISCHARGE**
  - **BHSN for Children Eligibility Criteria:**
    - Age 3 years to 17 years old
    - Be a US Citizen or have Qualified Alien Status (a nine digit Social Security Number or ITIN is needed to enroll)
    - Be a resident of Tennessee
    - Have a qualifying primary mental health diagnosis
    - Have one of the following behavioral health insurance statuses:
      - Do not have behavioral health insurance, including TennCare; OR private health insurance lacks mental health coverage; OR all mental health benefits under the private health insurance have been exhausted; **or**
      - Enrolled in CoverKids. Please note: *Children in CoverKids are eligible for a limited service array in BHSN for Children that includes Case Management, Transportation, Family Support Services, and Family Therapy; or*
      - Have private health insurance that includes behavioral health coverage. Please note: *Children with private health insurance with behavioral health coverage are eligible for a limited service array in BHSN for Children that includes Case Management, Transportation, Family Support Services, and Family Therapy.*
- If patient meets BHSN for Children eligibility requirements, check the Behavioral Health Safety Net System <https://cloudmh.tn.gov/SafetyNet/Account/Login> to verify if the patient is currently enrolled.

### **IF PATIENT MEETS BHSN ELIGIBILITY REQUIREMENTS AND IS NOT ENROLLED IN BHSN:**

- Review what BHSN is, the eligibility requirements, and BHSN services and policies with the patient.  
***Key things to share with the patient and family:***
  - The Behavioral Health Safety Net is a program that offers free essential outpatient mental health services to eligible Tennesseans.
  - To be eligible, you must be between ages 3 to 17 years old, be a US Citizen or have qualified alien status, be a resident of TN, have a qualifying mental health diagnosis, and have one of the following insurance statuses: be uninsured, have CoverKids, or have private insurance with mental health benefits.
  - BHSN services may include based on your insurance status: psychiatric medication management, therapy, case management, and transportation to a covered BHSN service.
  - BHSN is not insurance, and you will not receive an enrollment card. You can only be enrolled with and receive services from one BHSN Provider at a time. BHSN enrollees can choose to change BHSN Providers if they prefer.

- Receive consent from patient and family to enroll the patient in BHSN for Children with the BHSN Provider they choose.
- Receive consent from the patient and family that their BHSN for Children enrollment information is shared with the TN Department of Mental Health and Substance Abuse, but the information is protected and will only be used for the payment and provision of services under the BHSN.
- If patient and family agree to be enrolled in BHSN, complete online enrollment in the Behavioral Health Safety Net System <https://cloudmh.tn.gov/SafetyNet/Account/Login>.
- Document in the patient's hospital record "*Enrolled patient in BHSN per BHSN Enrollment Procedures*" at minimum in the Hospital Discharge Summary or in a case management/progress note.

#### **IF PATIENT IS ENROLLED IN BHSN AND WANTS SERVICES AT A DIFFERENT BHSN PROVIDER:**

- Confirm the patient understands they can only be enrolled in one BHSN Provider at a time.
- Share with the current, and newly identified BHSN Providers, that the patient wants to be referred to another BHSN Provider after hospital discharge.
- Note: RHMI staff cannot make Provider Changes on their own.

#### **IF DEMOGRAPHIC INFORMATION LISTED FOR PATIENT IN BHSN SYSTEM IS INCORRECT:**

- Share the correct demographic information with the current BHSN Provider so they may update in the BHSN system.
- Note: RMHI staff may not make demographic changes to registrations on their own.

#### **SHARE THE FOLLOWING INFORMATION WITH THE PATIENT AND BHSN PROVIDER:**

- For the patient – Provide the "Referral Information: Behavioral Health Safety Net for Adults Program Sheet" which includes the date/time of their first appointment and a checklist of documents needed at the first appointment.
- For the BHSN Provider - Sharing information, including after care plan and physician's discharge orders, supports continuity of care for the patient after discharge.

For information on BHSN Community Provider site locations and contact numbers, please visit: <https://www.tn.gov/behavioral-health/bhsn.html>.

## ***Other Helpful Numbers:***

### **Tennessee REDLINE**

The Tennessee REDLINE is a 24/7/365 referral service to addiction treatment for people and their families looking for help for substance use disorder. The text message capability on the Tennessee REDLINE allows staff to make referrals via text, or to follow up phone call referrals with texted information.

**Call or Text: 1-800-889-9789**

### **Suicide & Crisis Lifeline**

The 988 Lifeline connects callers experiencing a mental health crisis to a network of more than 200 local crisis call centers around the country. People who call or text the number will be connected to a trained counselor at a crisis center closest to them, who will then connect the caller to local services, including trained first responders and crisis centers when needed.
