MESSAGE FROM THE WARDEN

This handbook has been designed to assist you by providing some basic information about the Debra K Johnson Rehabilitation Center and its various regulations. Our handbook is not all-inclusive, but should cover many areas that you, as a visitor, will be required to know.

It is our sincere hope that your visits are pleasant and rewarding as you maintain contact with family members and friends. We expect all visitors to comply with these regulations so that visitation can be meaningful for adults and children alike. All children entering the institution are to be supervised by an escorting adult always.

Visitation is important in the life of all inmates at Debra K Johnson Rehabilitation Center and is a program that we wish to preserve and encourage. With your cooperation and support, we can all maintain a beneficial visitation program.
