

SUMMER FEEDING IN TENNESSEE

Seamless Summer Option and Summer Food Service Program

Both the Seamless Summer Option (SSO) and Summer Food Service Program (SFSP) enable schools and community organizations to offer nutritious meals to low-income areas during the months when school is not in session.

SSO

- Administered by Tennessee Department of Education
- A continuation of the National School Lunch Program (NSLP) and School Breakfast Program (SBP), with the same meal patterns
- Can only be operated by school food authorities that already operate NSLP and SBP

- Administered by Tennessee Department of Human Services
- Can be operated by school food authorities or other organizations such as summer camps, local governments, and faith-based organizations

SFSP

1,098,287 MEALS SERVED IN SUMMER 2019

This was the first time more than 1 million meals were served by the SSO program in Tennessee.
