

**Subject:** America's River Crossing Luncheon Invitation Tomorrow

Policymakers,

Our client, the Greater Memphis Chamber, is excited to celebrate tomorrow's announcement about the federal grant for America's River Crossing with our TDOT and the USDOT colleagues. Following the announcement, please join the Greater Memphis Chamber and HNTB for a private lunch in honor of America's River Crossing. For over two decades, the Greater Memphis Chamber has worked with stakeholders, including many Members of the Tennessee General Assembly, to advocate for a new bridge would be built. This grant announcement further solidifies Memphis and Tennessee as a global logistics leader. Please join us to celebrate this historic announcement.
