WAR MEMORIAL AUDITORIUM, NASHVILLE  
APRIL 4, 2012**

Please RSVP via e-mail to [jwellman@tngas.org](mailto:jwellman@tngas.org) by March 23.

**ABOUT THE TGA NGV EXPO**

America has a renewed interest in Natural Gas for transportation. On April 4, fleet managers from UPS, AT&T, GM, and Waste Management, along with natural gas utilities will share the positive impact of natural gas vehicles, fleets, and refueling stations. Due to the uncertainty and rising cost of gasoline, coupled with the concern for our environment and desire to improve economic development, now is the time for the natural gas industry, local officials, and State Legislators to unite and promote a domestic solution to this international issue affecting all Americans. The TGA NGV Expo is a half-day event for State Legislators, natural gas system representatives and others to gain valuable information about Natural Gas Vehicles at the beautiful and historic War Memorial Auditorium in Nashville.
