The Forecast of Acquisition Plans for State Departments and Agencies represents the anticipated fiscal year procurements for the State of Tennessee and is compiled in accordance with Tennessee Code Annotated § 12-3-301. The information contained within this publication is based on good faith estimates and shall not be construed in any way to legally bind or authorize the department or agency to make any purchase in conflict with requirements of this statute.

This document provides an anticipated forecast of purchases that may be solicited by state agencies and departments for the 2025 fiscal year beginning July 1, 2024, through June 30, 2025. The published procurement opportunities are products and services submitted to the Governor's Office of Diversity Business Enterprise at the time of publication. The procurements published in this document are not inclusive of all procurements the state will procure during the fiscal year, nor is the state obligated to procure the products or services listed.

The thirteen sections of this publication represent the executive agencies, departments, and participating entities for which data was compiled. Each section is broken down by department contracts that require renewal or a "new contract," an expiration date for the renewal term or contract, and the contract administrator's name and phone number.

Individuals interested in participating in the procurement's solicitation process should review the information listed and contact the designated contact at least (3) months prior to the anticipated expiration date to inquire whether the procurement will be renewed with the current vendor or solicited through the Invitation to Bid (ITB) or Request for Proposal (RFP) process.

If the name and phone number posted is outdated, please contact the Governor's Office of Diversity Business Enterprise at [Go.DBE@tn.gov](mailto:Go.DBE@tn.gov) for further assistance.

Estimated purchase volumes for the contract period are included in the solicitation. The Central Procurement Office, the University System, nor State Procurement Agencies guarantee the state will buy any or all estimated amounts or any total amount of any specified item.
