

Q&R NO. 1

RFP FOR HWC FLOW MONITORING SERVICES

**HARPETH WASTEWATER COOPERATIVE
FRANKLIN, TENNESSEE**

QUESTIONS & RESPONSES

1. Q: Can we use water from hydrants and if so is there a fee? Where should the water be dumped?

R: Water can be used from hydrants but will need to be paid for through the City of Franklin Water. The water can be discharged into the collection system depending on the condition and amount of discharge, or if necessary, into the HWC treatment plant.
