Addendum 1

July 16, 2024

Addendum 1 to include the following:

Replace Sheet C1.0 – Replace the Existing Conditions & Demolition plan to reflect the updated extent of mulch & seeding along the pavement to remain at the existing drive at the southwestern portion of the property.

Replace Sheet C2.0 – Replace the Site Layout plan due to the addition of a note stating that all construction of trail & associated handicap parking must conform to ADA standards.

Add Sheet C3.0 – Add the Site Grading plan to the set to depict the required grading to achieve ADA compliance on the trail & parking.

Replace Sheet C4.0 – Replace the Erosion Control Phase 1 plan to show revised silt fence alignment due to the updated extent of pavement removal, deletion of required construction exits, as well as depicting the proposed grading required for ADA compliance.

Replace Sheet C4.1 – Replace the Erosion Control Phase 2 plan to update the limits of stabilization (mulch & seeding) due to required grading & revised limits of pavement removal.

Replace Sheet C9.0 - Replace the Construction Details plan due to the addition of a note stating that all construction of trail & associated handicap parking must conform to ADA standards, and the removal of the temporary construction exit detail (not required).

Replace Bid Tabulation Form – Replace the Bid Tabulation Form to depict the updated quantity of mulch & seeding required, as well as adding Item #14 – Grading (L.S.) to the form.
