

# State of Tennessee Supplier Onboarding Guide Update Supplier Commodity Codes in Edison

## Purpose:

The Purpose of this Job Aid is to provide step-by-step instructions for suppliers describing how to update Commodity codes on the Edison Supplier Portal.

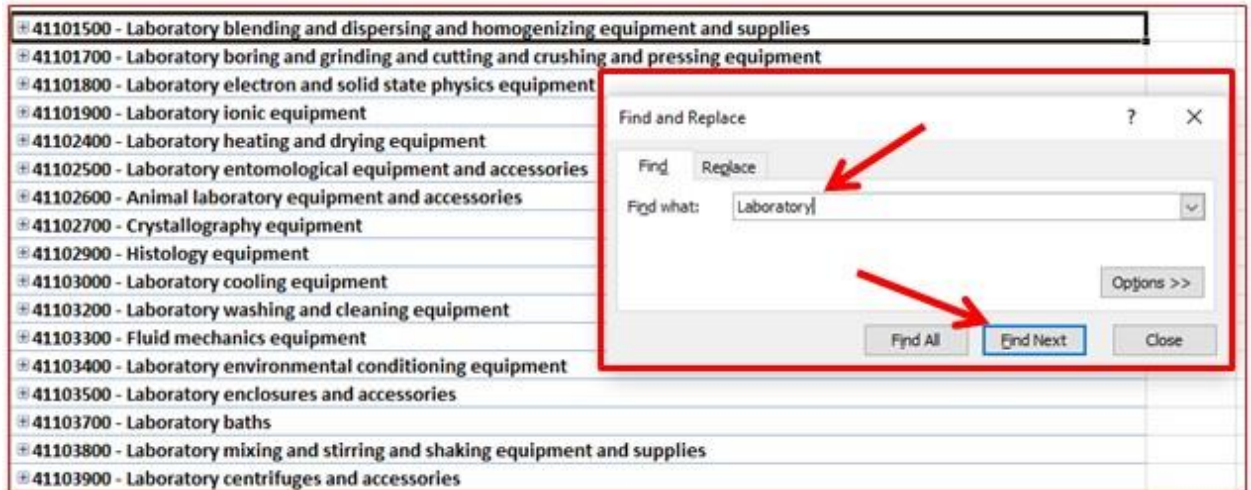

**\*Note:** It is recommended that you identify the commodity code(s) applicable to your business before attempting to update your supplier record.

1. Click this [link](#) to access the UNSPSC class code list in Excel.
2. Press the Ctrl and F keys at the same time to activate the Find function in Excel.

3. Type in the commodity category name you are looking for, e.g. *Laboratory*, and press Find Next.

Excel will find the first instance of the word *Laboratory* in the list.

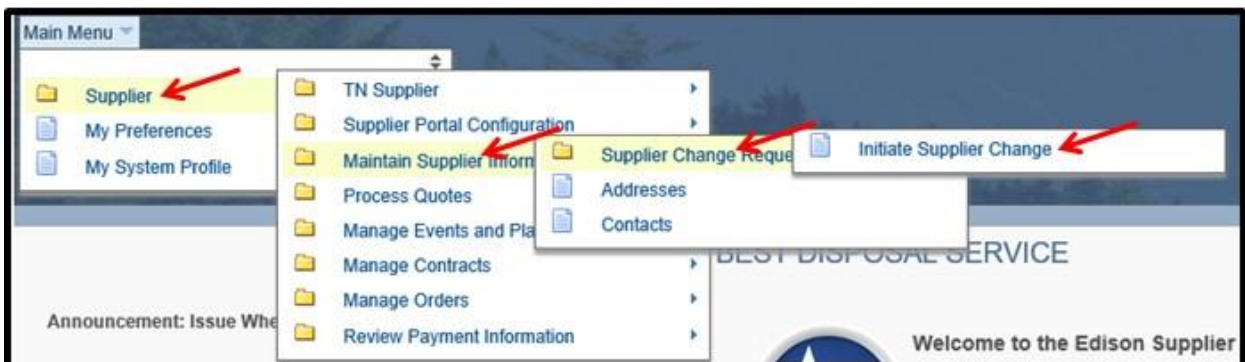

4. Jot down the commodity code number (e.g. 41101500) to enter into Edison. Repeat steps A.3 and A.4 until you have identified all commodity codes identifying your business.

## B. Update Commodity Codes in Edison

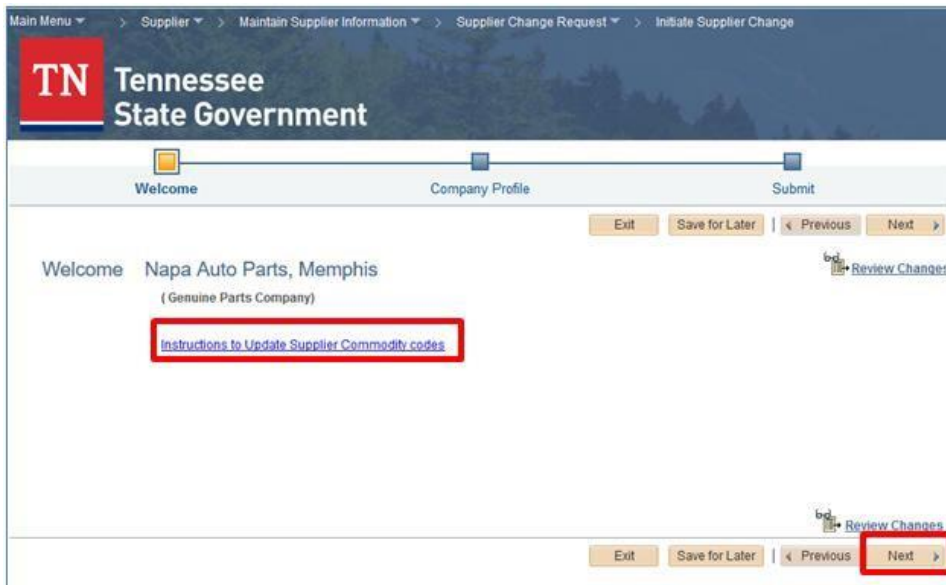

1. Log-in to the Supplier [portal](#).
2. After logging in to the portal, click the Main Menu link.

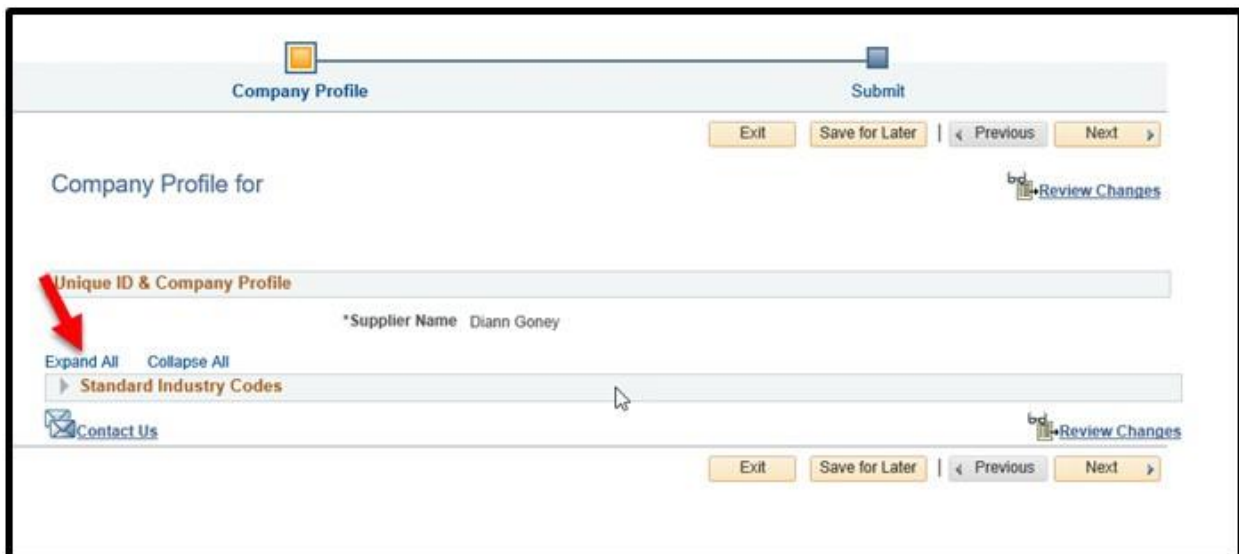

3. Next Click - Supplier -> Maintain Supplier Information -> Supplier Change Request -> Initiate Supplier Change.

4. From the Welcome page, you may open the Instructions to Update Supplier Commodity Codes. When ready to proceed, click the Next button.

5. From the Company Profile page, click Expand All.

6. Next, Click the Add SIC button.

7. On the new row, click the down arrow in the box under SIC Code Type to display Code choices.

8. Select the SIC Code Type - UNSPSC Codes.

9. Select the UNSPSC Code from the list.

1. Click the magnifying glass to display the Look up Standard Industry Code page.

2. Click the Advanced Lookup link.

3. Search for the code(s) you identified for your company by typing the code number in the search box. Click Look up. Click on the Code to add it to your record.

4. The code will appear in your list. Repeat steps B.9.1, B.9.2 and B.9.3 to add additional codes.
