Usage Instructions:

1. Specific Ordering Information:

- Locate the Contractor that is appropriate for the group(s) needed for specific job needs (Soil Nailing, Horizontal Drains, Railroad Rails & Cribbing). Any updates to this document will be on the following website;
<https://www.tn.gov/generalservices/procurement/central-procurement-office--cpo-/state-agencies-/statewide-contract-instruction--swc-.html>
- Contact the appropriate Contractor(s) to request an estimate and submit a purchase order for your needs.
- Please see the contract line items for pricing information

2. Non-Emergency Jobs:

- Each group has an A vendor and B vendor
- For each group, Vendor A shall be given the first opportunity to perform all non-emergency jobs. Jobs involving a mix of work from more than one Group (e.g. Group One Soil Nailing and Group Two Horizontal Drains) may be quoted among all vendors awarded within the applicable Groups and award of the job will be made to the vendor who is able to complete the job in the most time efficient manner. (See ProForma A.5. for more details).

3. Emergency Jobs:

- Authorized Users will use "constant compete" based on time, when dealing with emergency situations. The Authorized User will send the A, B, and C vendors a detailed scope of the emergency job. The vendors will respond back with the date they can start the job, as well as the estimated completion date. The job will be awarded to the vendor who is able to complete the job in the most time efficient manner. (See ProForma A.6. for more details).

4. Awarded Groups:

- Group 1-Soil Nailing:
 - Vendor A – GeoStabilization International
 - Vendor B – Keller North America, Inc.
- Group 2-Horizontal Drains:
 - Vendor A – GeoStabilization International
 - Vendor B – Keller North America, Inc.
- Group 3-Railroad Rails & Cribbing:
 - Vendor A – Hinkle Environmental Services, LLC
 - Vendor B – Keller North America, Inc.
