

TENNESSEE WIC PROGRAM MINIMUM STOCK REQUIREMENTS

EFFECTIVE OCTOBER 1, 2023 – SEPTEMBER 30, 2024

GENERAL INFORMATION:

- 1. Minimum quantities for all required categories and items must be stocked at all times regardless of the number of WIC transactions at any given time. Failure to do so may result in termination of the WIC Vendor Agreement and/or disqualification as an authorized WIC vendor. Adjustments to these quantities may be made during the effective period upon notification by a WIC Program representative.**
- 2. Only approved foods within the manufacturer's product eligibility dates and priced in a clearly visible location will be counted towards meeting minimum stock.**
- 3. When multiple sizes of the same food category are allowed, the vendor is expected to attempt to stock at least one product of the maximum allowed size.**
4. There are (3) different minimum stock lists, depending on whether they are a major chain, large independent, small independent, etc. Regional Vendor Representatives will notify each vendor applicant or authorized vendor as to which list applies to their location.
5. Remarks in the "Comments" column provide general information for stocking each food category. Refer to the "Shopping Guide" for specifics.
6. Where it says "Optional," vendors have the option of carrying the suggested amounts of that category or item. If a vendor chooses to stock these items, the minimum stock requirements must be met.
7. Each list includes the federal requirement that at least one (1) variety of eligible cereal stocked must be a whole grain cereal.
8. Each list includes minimum stock for Cash Value Benefits (CVBs) to be used for purchasing fruits and vegetables. This includes the federal requirement that at least a minimum of two (2) varieties of eligible fruits and two (2) varieties of eligible vegetables must be stocked at all times.

**TENNESSEE WIC PROGRAM
MINIMUM STOCK REQUIREMENTS EFFECTIVE
OCTOBER 1, 2023 – SEPTEMBER 30, 2024**

STOCK LIST ASSIGNMENTS

Effective June 1, 2018, the three (3) different minimum stock lists are based on WIC sales volume. Vendor stock list groupings have been assigned using WIC sales volume during the previous federal fiscal year or average monthly redemptions (whichever is available). Vendors have been assigned as follows:

<u>STOCK LIST ASSIGNMENT</u>	<u>FFY WIC SALES (\$)</u>		<u>AVERAGE MONTHLY WIC SALES (\$)</u>
1. SMALL	Less than \$50,000		Less than \$4,166
2. MEDIUM	\$50,000 – Less than \$125,000	OR	\$4,166 – Less than \$10,417
3. LARGE	Greater than or equal to \$125,000		Greater than or equal to \$10,417

NOTES:

A semi-annual review of WIC sales will help to determine if there has been a significant increase or decrease. Such situations will be investigated and determined if changes are needed on a case-by-case basis.

New vendor applicants' projected sales will be used to determine the appropriate stock list group based on the classifications above. The original stock list assignment can be confirmed or changed at the time of the required visit to reassess the decision to authorize that vendor applicant.
