

Child Health Month

October 2023

We invite you to help us promote Child Health Month.

This annual recognition is a time to celebrate and raise awareness around what Tennessee is doing to promote the health of our most important resource: Tennessee's children. Share what you are doing for Child Health Month 2023 with #CHM2023TN.

Visit tn.gov/health/CHM to check out the events that are happening and to find child health resources.
