

Sunshine Notice for Preventive Health & Health Services Block Grant Public Hearing

PUBLIC INPUT NEEDED ON PREVENTIVE HEALTH & HEALTH SERVICES BLOCK GRANT

NASHVILLE, Tenn. – Tennesseans can share their thoughts on services and programs funded through the federal Preventive Health and Health Services Block Grant. A public hearing is set for Monday, June 3, 2024, via MS Teams Meeting.

The Preventive Health and Health Services Block Grant provides all 50 states with funding to address their unique public health needs in innovative and locally defined ways. Grantees use these funds to respond rapidly to emerging health issues, fill gaps in programs that deal with leading causes of death and disability, and support local efforts to achieve healthy communities. Strong emphasis is placed on adolescents, communities with limited access to healthcare services, and disadvantaged populations.

The Tennessee Department of Health's Division of Family Health and Wellness is the designated state agency for administering Preventive Health and Health Services Block Grant funds. Programs and services supported by the grant include primary prevention and health promotion efforts, injury and violence prevention, tobacco use prevention, oral health, chronic disease prevention and management, and poison control services.
