

AMENDED POLICY STATEMENT

TENNESSEE BOARD OF PHYSICAL THERAPY

APPROVED DRY NEEDLING COURSES

On June 29, 2016, rule 1150-01-.22 of the General Rules Governing the Practice of Physical Therapy became effective, requiring all physical therapists who want to practice dry needling in the state of Tennessee to, among other things, have taken dry needling specific coursework that meets pre-requisites listed in subsection 1150-01-.22(b). Under subsection 1150-01-.22(b)(3), each course in dry needling specific instruction must be Board approved. All approved courses shall be reviewed by the Board for re-authorization every two years, beginning at the first Board meeting occurring after June of 2018. The following is a list of approved courses:

Myopain Seminars

Kinetacore

Institute of Advanced Musculoskeletal Treatments (IAMT)/Results Physiotherapy

Benchmark Rehab Institute, Benchmark Rehab Partners Orthopedic Physical Therapy Residency Program

Evidence in Motion Institute of Health Professionals

Spinal Manipulative Institute/American Academy of Manipulative Therapy

Integrative Dry Needling Institute/American Dry Needling Institute

Systemic Dry Needling/Systemic Dry Needling and Courses by Sue Falsone

The University of Tennessee at Chattanooga, Advanced Manual Therapy

NAIOMT (The North American Institute of Orthopedic Manual Therapy)

Belmont University, Competency in Dry Needling
