

## Second Quarter Progress Report, Year Two

### *Reframing Dementia through Person-Directed Practices*

2015-04-TN-0831

GR-17-50746-01

- Created a [landing page](#) to share with participants the project evaluation details and online survey links.
- Sent an [email](#) on 10/19/2017 to participants reminding them of the selection of their sample group and inviting them to the first webinar with Dr. G. Allen Power, M.D for Change Agent Teams.
- Sent an [email](#) on 11/29/2017 to remind participants about the webinar the next week with Dr. G. Allen Power to try to increase participation.
- G. Allen Power, M.D. and the Eden Alternative delivered a webinar on December 5<sup>th</sup> for Year Two Change Agent Teams regarding the value of the project concepts and how medical directors can support the efforts of nursing home teams to implement person-directed care practices for those who live with dementia. [Click here to download a recording.](#)
- Sent an [email](#) on 12/8/2017 to remind them of their commitment to the project and the implementation assessment timeline. We also provided a link to the virtual gathering with Dr. Power for anyone who missed the live webinar and a reminder to register for the next online gathering on 1/16/2018.
- Scheduled a face-to-face gathering for TEAC Change Agent Teams from Year One and Year Two to share best practices, discuss the Reframing Dementia Implementation Plan and other important issues in the state. This gathering is scheduled for March 2, 2018 and will be held at the Office of Health Care Facilities in Nashville, TN.
