

## State Group Insurance Program Hospital and Free-Standing Emergency Department List

Hospitals and free-standing emergency departments participate in BCBS and Cigna networks subject to agreements with those insurance carriers, which can change at any time. This list is based on information provided by BCBS and Cigna and should only be used as a resource to compare participation across networks. Contact your insurance carrier or search through the carrier’s website in real time to verify participation in your network. In case of a medical emergency, seek care at the nearest hospital or free-standing emergency department.

**Network News** - For information on network terminations and additions, visit the “**Network News**” section on the Partners For Health website. Look under the **Health Options** tab and [Carrier Information](#).

### Instructions for Use

- **The Table of Contents** has three parts. Part 1 links to counties with Tennessee hospitals participating in one or more networks. Part 2 directs you to information on hospitals outside of Tennessee, and Part 3 links to free-standing emergency departments.
- **Hospitals and free-standing emergency departments are listed by county.** Clicking on [Back to Table of Contents](#) at the bottom of pages 1-14 will take you back to the county links.

Columns at the top of each page and shaded rows throughout the pages identify the four networks.

The **narrow networks**, BCBS Network S and Cigna LP, have lower monthly premiums than the **broad networks**, BCBS Network P and the Cigna OAP Network.

**In-Network**  
When “**In**” appears below a shaded row within a network column, the hospital listed is participating in the network identified in that column.

**Out-of-Network**  
When “**Out**” appears below a shaded row within a network column, the hospital listed is not participating in the network identified in that column.

Narrow Networks Lower Monthly Premiums		Broad Networks Higher Monthly Premiums**

- **You have different options to search for content like a specific hospital, county, or city.**
  - Click on a county name in the Table of Contents to see hospital listings for that county; or
  - Click on the magnifying glass icon to open a pop-up window and type the word(s) you want to search for. If your search highlights multiple references, you can navigate from one reference to another by clicking on the up and down symbols in the search window or by pressing the “enter” key on your keyboard; or
  - You can simply scroll through the document

**SPECIAL NOTICE FOR BCBST PLAN MEMBERS:**

- **June 18, 2024**
  1. HCA Parkridge is joining **Blue Network S** July 1, 2024.
  2. CHI Memorial Hospitals and providers will be leaving **Blue Network S** effective July 1, 2024.
  3. CHI Memorial Hospitals and providers are staying in **Blue Network P**.
  - Affected members can expect to receive email or postcard communications and letters from BCBST.
  - See also: <https://www.tn.gov/partnersforhealth/health-options/carrier-network.html>.
  - To learn more, [CLICK HERE](#) or copy and paste <https://bcbstnetworkupdates.com/> into your web browser.

\*Hospitals and free-standing emergency departments participate in BCBS and Cigna networks subject to agreements with those insurance carriers, which can change at any time. If an agreement is terminated, out-of-network benefits will apply to all medically necessary care other than emergency services. Maximum Allowable Charge is the most a plan will pay for a covered service. For nonemergent care from an out-of-network provider who charges more than the MAC, members pay the copay or coinsurance PLUS the difference between MAC and actual charge, unless otherwise specified by state or federal law. A hospital leaving a network is not a qualifying event and does not allow members to make coverage changes. REMEMBER: Network level benefits are available for medically necessary emergency care. In case of a medical emergency, seek care at the nearest hospital or free-standing emergency department. Contact your insurance carrier or search for hospitals and free-standing emergency departments through the carrier's website in real time to verify participation in your network. This list is based on information provided by BCBS and Cigna and should only be used as a resource to compare participation across networks.

\*\*Monthly premiums for the broad networks are \$65 more for the employee only and employee + child(ren) coverage levels and \$130 more for the employee + spouse and employee + spouse + child(ren) coverage levels.

\*Hospitals and free-standing emergency departments participate in BCBS and Cigna networks subject to agreements with those insurance carriers, which can change at any time. If an agreement is terminated, out-of-network benefits will apply to all medically necessary care other than emergency services. Maximum Allowable Charge is the most a plan will pay for a covered service. For nonemergent care from an out-of-network provider who charges more than the MAC, members pay the copay or coinsurance PLUS the difference between MAC and actual charge, unless otherwise specified by state or federal law. A hospital leaving a network is not a qualifying event and does not allow members to make coverage changes. REMEMBER: Network level benefits are available for medically necessary emergency care. In case of a medical emergency, seek care at the nearest hospital or free-standing emergency department. Contact your insurance carrier or search for hospitals and free-standing emergency departments through the carrier’s website in real time to verify participation in your network. This list is based on information provided by BCBS and Cigna and should only be used as a resource to compare participation across networks.
