

INSTRUCTIONS FOR COMPLETING THE FRANCHISE, EXCISE TAX RETURN

In the top portion of the front page of the tax return, the following items must be completed by the taxpayer:

- (1) The beginning and ending period of the return being filed must be completed in the "Taxable Year" box. The period covered must coincide with the federal return. A return can cover a 52/53-week-filing period, but cannot otherwise exceed 12 months.
- (2) Enter the account number along with the entity's Federal Employer Identification Number (FEIN) or Social Security Number (SSN) (in the case of a single member LLC filing as an individual).
- (3) Check the appropriate block(s) which pertain to your entity's structure. Single member LLCs that elect to file as an individual or corporation for federal purposes must file a franchise, excise tax return based on this same filing status. Corporate-owned single member LLCs that elect to file as a "Division of Parent" for federal purposes are also included in the "parent's" franchise, excise tax return. In this case, the single member LLC must file an Application of Registration with the department in order to establish a "Division of Parent" filing relationship. If none of these apply to your entity, please check "Other" and provide a description of the type of entity.

Also, check whether payment for the return was sent via Electronic Funds Transfer (EFT) and if taxpayer has elected to compute apportioned new worth on a consolidated basis. If the return is marked "Final", please include a schedule of liquidation, distribution, or disposition of all assets.
