

Effective July 1, 2017, Public Chapter 181, Section 16-26 of the IMPROVE Act increases the gasoline, diesel, and alternative fuel tax rates over a three-year period. These increases will affect the fuel that you report beginning on July 1, 2017, and will be reflected on your IFTA Q3 filings. See below for the effective rates. If you have any questions, please use the contact information at the bottom of this memo.
