Total (Enter on Line 2 in Computation Section on front)

Explain Disposition of Contaminated Product: _____

INSTRUCTIONS FOR WHOLESALER APPLICATION OF REFUND OF TAX ON MOTOR FUELS

GENERAL INFORMATION

Sales to Limited Users and Prepaid Users. (67-3-420, Tennessee Code Annotated) A licensed wholesaler who sells tax paid motor fuel to a limited user or a prepaid user (as defined in T.C.A. 67-3-1302) is entitled to a refund of the diesel tax paid pursuant to T.C.A 67-3-202. The claimant may file one claim each month and otherwise is subject to the statute of limitations provided in T.C.A 67-3-421. Additionally, the licensed wholesaler's entitlement to a refund is not affected by the status of the customer's limited user permit or prepaid user authorization, unless the wholesaler knows or has been notified by the department or, in the exercise of reasonable care, should know that the customer is not entitled to use the permit or authorization with respect to a particular purchase of fuel. **Any claim for refund filed with the commissioner must be supported by additional documentation that sets forth the customer's name and address, account number, and federal employers identification number or social security number, as well as the invoice or delivery ticket number(s) and number of gallons sold.**

Contaminated fuels: (T.C.A. 67-3-415) Where taxable diesel fuel has been accidentally contaminated by dye, the owner of the product may file a claim for refund for the diesel tax paid on the undyed fuel.

Casualty losses: (T.C.A. 67-3-416) Gasoline tax and diesel tax will be refunded covering loss of gallonage due to fire, flood, storm, theft or other causes over which a vendor has no control. For losses over 1,000 gallons, the taxpayer must report the loss to the commissioner within three business days of the date of the loss. For losses of 1,000 gallons or less, no immediate report is required, but the claim will be completed using Part B on the back of the form in support of the computation the front of the form. **With all losses and within sixty (60) days of the time of the loss, the vendor shall file a claim and a written statement explaining the occurrence of the loss.** Negligence, or any unlawful act, such as overloading a transport vehicle, excessive speed or other like act by a vendor or his agent, which is contributory to a loss, shall invalidate the claim.

INSTRUCTIONS

Complete all information at the top of the form including claimant name, address, filing period, account number, location address, and social security number or federal employers identification number. An amended claim must be noted by checking the amended claim block.

Part A Limited User and Prepaid User Sales. Complete this part to specify total gallons of undyed diesel fuel sold to qualified limited users or prepaid users without collecting the diesel tax. One claim per month may be filed. **Additional documentation must be submitted as explained above.** Gallons qualifying for the refund must be from inventory on which the diesel tax has been paid.

Part B Contaminated Fuel: See instructions above. Applies only to undyed diesel fuel contaminated by dye. Additionally, complete the appropriate blanks and enter the total gallons claimed in B2.

Casualty Losses: See instructions above. Applies to motor fuels on which the gasoline tax or diesel tax has been paid. Additionally, complete the appropriate blanks and enter the total gallons in B1 or B2. Gasoline gallons should be carried forward to the Computation section on the front of the form on Line 1. Diesel gallons should be carried forward to the front of the form on Line 2.
