**Repeal Charter School Performance Framework**

---

**The Background:**

The State Board's Charter School Performance Framework outlines the academic, financial, and organizational benchmarks by which State Board authorized charter schools are scored to indicate the overall success and health of the charter school. In April 2019, the Tennessee General Assembly passed Public Chapter 219 creating the Tennessee Public Charter School Commission (Commission) and transferred the State Board's authorized charter schools to the Commission effective July 1, 2021.

The State Board shall complete the annual evaluation of its charter schools for the 2020-21 school year using its Performance Framework. In order to complete the transition of the State Board's authorized charter schools to the Commission in compliance with Public Chapter 219, this item proposes a repeal of the State Board's Charter School Performance Framework. The Commission has approved a Performance Framework for its authorized charter schools.

There have not been any changes made since first reading.

**The Recommendation:**

State Board staff recommends approval of this item on final reading.
