
Charter School Governing Body Training Policy 6.112

The Background:

T.C.A. § 49-13-111(q) states that any training course attended by charter school governing body members to meet the annual training requirements must be certified by the Tennessee Charter School Center (TCSC) and approved by the State Board of Education (State Board).

This policy is updated annually to include the current list of certified and approved training courses that charter school governing body members can complete to meet the annual training requirement outlined State Board Rule 0520-14-01-.07. The TCSC reviewed the newly proposed courses and certified them for approval by the State Board.

State Board staff reviewed all course materials and certification evaluations submitted by the TCSC, provided feedback, and received revised materials prior to presenting the courses as additions to this policy. Supplemental materials, including course provider materials and certification evaluations, are also included for reference.

In addition to new training courses, this item also includes the following updates:

- Clarification of the length of approval for training courses; and
- The approval period for each training course.

The Recommendation:

The SBE staff recommends approval of this item on first and final reading.
