

TENNESSEE STATE BOARD OF EDUCATION

GRADUATION SUBSTITUTIONS POLICY

3.103

POLICY SECTIONS:

- I. Purpose
- II. Approved Course Substitutions

- I. Purpose.

The following courses may be substituted for graduation credit requirements. In addition to the specific courses listed in this policy, pursuant to State Board of Education Rule 0520-01-03-.03(7) LEAs shall accept postsecondary credits as a substitution for an aligned graduation requirement course, including general education and elective focus courses, for those students who take and pass courses at a postsecondary institution for credit. The decision to permit a postsecondary course not contained in this policy to count as a substitution for a graduation requirement course is to be determined at the local level based on a review of whether the postsecondary course covers the state standards for the graduation requirement course. Additionally, students in middle school may take coursework for high school credit. If a student completes any of the State Board-required high school credits prior to grade nine (9), they shall receive graduation credit for that coursework. Any course listed in this policy as approved to substitute for more than one (1) graduation requirement can only be used by a student to substitute for one (1) graduation requirement course; however, one (1) full-credit course may substitute for two (2) half-credit courses.

- II. Approved Course Substitutions

Fourth Credit Math

Students pursuing a traditional high school diploma are required to complete four (4) credits of math. Three (3) of the required (4) credits of mathematics shall include Algebra I, Algebra II, and Geometry, or the equivalent Integrated Math I, II, and III. Students may complete the fourth (4th) credit of math at any point prior to, in between, or following the sequence, as long as they meet the requirements set forth in High School Policy 2.103 and State Board Rule 0520-01-03-.06 and take all of the three (3) required courses. The following list includes allowable course substitutions for the fourth (4th) credit of math.

Programs of Study:

- International Baccalaureate Mathematics Program
- Cambridge Mathematics Program
- Advanced Placement Mathematics Program

Statewide Programs:

- Dual Enrollment Mathematics Program
- Statewide Dual Credit Pre-Calculus
- Statewide Dual Credit Statistics
