I. Welcome and Roll Call

Dr. Gary Nixon

II. Career and Technical (CTE) Class Size Information

Dr. Kathleen Airhart, Deputy Commissioner of Education

Summary: A committee has been formed to review class size limits for the state's Career and Technical Education (CTE) courses. The committee is chaired by Deputy Commissioner Kathleen Airhart. The impetus for this convening is two-fold. First, under TCA 49-1-104(g)2-3, CTE class size must be reviewed as part of an existing pilot, which allows for extended CTE class sizes for Metro Nashville Public Schools (MNPS). Second, there is a larger need to review whether or not the practice of smaller CTE class sizes serves the best interests of districts and students. Dr. Airhart will share what the committee is examining currently, and what if any, potential impact possible recommendations may have on BEP.
