

High School Examinations Policy 3.400

The Background:

Currently, the State Board of Education has two distinct policies concerning governance and assessment of high schools and high school students. During a comprehensive policy audit and revision process, the staff of the Department of Education and the State Board have proposed significant revisions to the High School Policy 2.103. As part of these revisions, the relevant sections of the current High School Examinations Policy have been integrated into the High School Policy 2.103. As such, the current High School Examinations Policy is recommended for repeal. These revisions will allow for a single, streamlined policy concerning high schools. There have been no changes since first reading.

The Recommendation:

The Department of Education recommends adoption of this item on final reading. The SBE staff concurs with this recommendation.
