0520-01-18-.02 WAIVER APPLICATION PROCESS.

- (1) A Local Board may apply for a waiver to use Textbooks and Instructional Materials that are not on the list approved by the state Textbook Commission and State Board when, in the State Board’s judgment, the unique or unusual needs of the school system require it. Unique or unusual needs may include, but are not limited to:

- (a) The LEA has demonstrated success with a specific title(s) and publisher and wants to continue to use these materials. The LEA shall provide evidence in the waiver application supporting that it has demonstrated success with the Textbook and/or Instructional Materials through previous use of the Textbooks and/or Instructional Materials, including but not limited to the following examples: use as supplemental materials, part of a pilot program, or if the Textbook and/or Instructional Materials were on a previous state-approved adoption list. Evidence of success may include, but is not limited to, documented gains in student achievement and/or growth in the relevant subject on the Tennessee Comprehensive Assessment Program, or documented gains on other nationally normed assessments in the relevant subject;
- (b) The LEA wants to use Open Education Resources.
- (c) The LEA wants to offer a state-approved course for which no adopted Textbooks and/or Instructional Materials exist.
- (2) Each waiver request shall be submitted by the Director of Schools or the Director's designee to the Department on the waiver application developed by the State Board staff, in consultation with the Department of Education, and posted on the State Board's website. Information on the application shall include but not be limited to the following information:

 - (a) The publisher(s) and title(s) of the requested Textbooks and/or Instructional Materials, if applicable;
 - (b) Grade levels and/or courses for the requested waiver;
 - (c) A clear explanation of the unique or unusual needs of the school system necessitating the waiver request; and
 - (d) Any record of demonstrated success with the requested Textbooks and/or Instructional Materials; evidence of alignment to the Tennessee Academic Standards; descriptions of the student and teacher resources that comprise the Textbooks and/or Instructional Materials; any planned use of Supplemental Materials to complement or enhance the proposed Textbooks and/or Instructional Materials, including how the LEA plans to address any areas of misalignment with the Tennessee academic standards to ensure comprehensive coverage of the Tennessee academic standards; and any additional evidence of the requested Textbooks and/or Instructional Materials' quality.
- (3) The Department shall review each completed and properly submitted waiver application and submit all waiver applications and relevant information, along with a recommendation from the Commissioner regarding approval or denial of the waiver application, to the State Board. Upon receipt of all required information from the Commissioner, the State Board shall review the submitted information and make a decision on the waiver application at its next regular or specially called Board meeting.
- (4) Waivers shall remain in effect until the next adoption cycle for the course for which the waiver was granted.
- (5) LEAs shall not use textbooks or instructional materials that are not either on the state-approved adoption list or approved for use in the LEA via the waiver process set out in this rule, pursuant to T.C.A. § 49-6-2206.
